Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tone

Your Druggist gives back your money if it doesn't liven your liver and bowels and straighten you up without making you sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not squalid. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless. Calomel is a dangerous drug. It

is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your Druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

sting, or gnash with alligator-like nippers, but whose aid The Herald has been unable to elicit in the approaching battle of courthouse bon-combe; but they are not the sort to stand for insinuations, bluffs, dares, insults, etc., and we feel The Twice-a-Week has already, by its squawk, added us considerably in securing this aid, should we need it. (By way of parenthesis, The Twice-a-Week has already spilled a lot of beans we can see the "older heads" yapping for him, but it should be remembered he's a new man on a new job, and he'll know more ancient history than he thought was ever written before he gets through with the undertaking, and before the sparrows build their nest in the dome of that \$150,000 Caruthersville courthouse). What's it to The Twice-a-Week, anyhow, about our employees? Is't this a free American right? The Twice-a-Week only shows itself to be a petty, piffing sheet to try to intimidate our employees, or prospective employees, by its screeching twaddle. If that is its aim, it will fail, for we are sure none of our citizens can be skunked in this manner.

The Twice-a-Week squirms, twists, crosses and re-crosses its tracks, pokes out its forked tongue, hisses, hoists its button begarished tail and rattles, but after all, the facts remain the same. Its editor did ask those Republican politicians, Spencer and Hays, for a big, greasy slice of political patronage. The question is why did not the alleged Democratic editor call upon a Democrat, and let the Republicans help if they chose? That was the only logical course for a Democrat. Had such a request come from a Caruthersville Republican, the scheme would have been regular, and occasioned no comment; but no one ever heard of a Republican with two good eyes making such a blunder. Not only satisfied with his action, the editor of The Twice-a-Week has continued to gaff Reed in th back, but adds insult by blaming him for not going to these Republican politicians for advice and information. Reed has done all he could do, and more than could be expected of him in the face of such a malicious snub. In the interest of the people of Caruthersville he has introduced a bill in accordance with stipulations, and if he can get the support of the two mushroom Republicans, he will succeed in getting the appropriation for Caruthersville. However, as we have before said, why argue? The Twice-a-Week says it doesn't give a "tinker's" dam for the Democratic party, or anybody else's party, just so Caruthersville succeeds in touching the Government's purse to the tune of \$100,000 for ornamental purposes. That's the answer and the only answer, no matter how crooked a trail it may weave in its zig zag in its back track. And that is the same spirit that inspires the grab for the new courthouse at this time, when the people are straining every nerve to pay high taxes, taxes on judgments for stealages, taxes for roads, taxes for ditches, taxes for levees, taxes for this, that and the other, while the high cost of living stares them in the face like a gaunt spectre of coming famine, whose dark shadow falls across the path of the future. Insult! What else?

ANNOUNCEMENT

We are authorized to announce Dr. L. H. Brannon as a candidate for Mayor of the City of Hayti, to fill the vacancy caused by the resignation of L. E. Rice. Election to be held Tuesday, August 19, 1919.

SPILLING THE BEANS

The Twice-a-Week hints, insinuates, intimates, sneeringly, that the editor of the Herald is not guilty of doing his own writing, and that "George," or some employe in our office, or somebody, somewhere, somehow, is responsible for our fusillade of homeopathic bombs "sent" over that way as feelers, as samples. While, to use the Twice-a-Week's language, we don't give a "tinker's dam" what it thinks, suspicious or sees in its wild, frightened flips of grapevine, we can say, from present indications, we shall be able to stand the onslaught of the best The Twice-a-Week and its allies can put up, without aid from "George," or any one else. We don't claim to be much of a pencil pusher, but we have the unafraid consolation that our great advantage lies on the side of right, which will prove hard for such an able literary magician as The Twice-a-Week, to overcome. However, there are men in this town who can make a typewriter sing, or June, or

labor leaders included, that this is a case of oil boiling over into the fire. There can be no end to the decreasing heat except disaster.

Therefore, the solution is to stop the advance in prices.—Republic.

The Twice-as-Weak says "Hayti has had the same representation the rest of the county had," in settling with the bondsmen for the old Pemiscot County Bank shortage, through the county court. What difference does that make? The whole county got skinned. Poor consolation, isn't it.

The Twice-as-Weak says "Hayti Herald approved THE settlement as being for the best interest of all concerned," referring to the "adjustment" of the old Pemiscot County Bank stealage with the county court. The Hayti Herald did nothing of the sort. It favored A SETTLEMENT, but not THE SETTLEMENT. Not on your life, Bub. The files will show. But no matter what it did then, however, the present editor had nothing to do with it. You know that, too, don't you?

The trouble with our neighbor, The Twice-as-Weak, it doesn't know where it is. It is just rambling 'round in an unexplored thicket, booing at everything that makes a fuss, jumping sideways, and anteing around on its hind legs like a befuddled monkey. If the "Board 'o Trade" or some old residenter, does n't call it in pretty soon, it'll spill more scrambled eggs than the whole show can lick up 'twixt now and the 9th of September, the eventful day set for the courthouse grabbing.

Come, Bro. Chilton. Some of our best friends live in Caruthersville, and personally, we like Caruthersville and are proud of the fact that this county has a city (Hayti is a village) the size and the importance of Caruthersville, but we do not like some of the BIG stunts pulled off in that city at the expense of the taxpayers of the entire county. The best people of Caruthersville had nothing to do with the shortages mentioned, and our remarks do not apply to them unless they are a party to it.

The Twice-as-Weak asks: "Is it not a Republican Congress we must look to for the appropriation, at least the next two years?" Not exactly. There a few Democrats hold-

ing forth in Washington City yet, but if all Democrats were like The Twice-as-Weak, we would be looking to Republican politicians for the next million years to come. But in that case it wouldn't matter—we wouldn't give a "tinker's damn."

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.
