IN THE CLUTCHES OF LIGHT COMPANY

This office as well as other users of electricity for power and lights were seriously handicapped this week, due to the cutting of the wires in order to let the dredge pass.

The manager of the light company informed this paper that his wire crew were told by the foreman of the dredge they would only delay them about three hours. The dredge did go through without a mishap, but in the removal of the wires, the inefficiency of the crew caused much delay and worry to customers of the light company. In fact the service could and should have been resumed at three o'clock Thursday, but was only turned on at Friday noon.

This plant depends on electricity for light and power and could not turn a wheel Wednesday night, Thursday, that night, and Friday all morning, hence it can easily be seen why we are unusually late, short of

In response to a telephone message to the manager of the light company, he came over Friday (today) at noon and informed The Herald office of better service in the future and did not know the real condition of matters.

As it is, The Herald goes to press Saturday morning instead of Thursday afternoon.

The mayor and board of aldermen owe a duty to those who elected them to the office they hold, and should take immediate steps to get some real satisfactory service. The time has arrived when patience ceases to be a virtue.

Lefler's Drug Store has been selected as distributor for the well-known Columbia Grafonola and records, and received a complete stock this week. He is featuring this line of talking machines as well as the famous New Edison. His store is fast becoming the leading drug store of Southeast Missouri.

HERE'S PROOF YOU DO NOT WORK

An employer of a New York State firm, it is said, asked for an increase in his salary after working for eight years.

"You don't work for us," said the manager, who proceeded to prove it by the following method of subtraction:

There are 365 days in the year.

You sleep 8 hours per day, making 122 days, which subtracted from 365 leaves 243 days.

You have 8 hours recreation each day, also making 122, leaving 121 days.

There are 52 Sundays that you don't work, leaving a balance of 69 days.

Our store is closed every Saturday afternoon, giving 52 half holidays or 26 days that you don't work, making a balance (after deduction) of 43 days.

We allow one hour each noon for lunch, making 16 days, or a balance of 27 days.

We give two weeks' vacation during the year, which leaves only 13 days.

There are 12 legal holidays during the year that we are closed.

This leaves only one day in the year, and that's Yom Kippur, and we don't keep open."

J. S. Wahl of Caruthersville was here a few hours today.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!
 A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.
