FOOTBALL
Last Friday's game with Caruthersville was the last game of the year for us. Although the score was a tie, 0-0, Hayti team outplayed C'ville considerably after the first three minutes. Twice Hayti came within four yards of a touchdown, while Caruthersville's nearest approach was 26 yards. Practically no mistakes by either team, very few infractions of the rules, and absolutely no anger or ungentlemanly conduct made the game enjoyed even in the rain.
Friday, Nov. 7, we play Kennett. Kennett has a stronger team than Caruthersville, but we have our team better drilled and prepared than heretofore. This is your chance to see a thoroughly good game and help our boys win. A. E. P.

ITEMS IN AND AROUND TOWN
Our Reporter Objects to 15c a Pair For Shoe Strings and Wants to Buy Beef in the Good Old Fashioned Way.
Where has sugar gone? Sky high! [Pardon us, but it's not up there.—Ed.]
"Shoe strings fifteen cents a pair peal.

Ohio went dry by 75,000. Was not that a glorious victory? What will Mr. Wilson say?
[He will say the same about that he said about the States ratifying the Constitutional Prohibition Amendment: Nothing.—Ed.]
We notice that a man went out to answer a telephone call to get some whiskey; he was kidnapped; so was every man in this world who went out on a mission like that—kidnapped by the evil, and went to the bad.
Some of our Baptist ladies went over to Caruthersville Wednesday night to attend one of our meetings relative to our campaign. They report a nice time, good speaking and splendid entertainment.
Those attending the funeral of Dr. Mayes at Kennett Wednesday evening were Mr. Morgan, Mr. Randolph, Rev. Joseph Newsom, Rev. T. R. Stroup, Arthur Allen, William Nethery and R. N. Brasher. All returned on the 8:00 p. m. train.
Those who know Mr. John Rose and wife, who were citizens of our town for quite awhile, will rejoice to know that Mrs. Rose is now a fond mother, while Professor John is a proud father. A fine boy was born to them the 4th, who bears the name of John Francis Junior. All are doing well.
Miss Hazel Hudgens, who has been quite sick for some days with malarial fever, is reported much better. We hope she will soon be well again and able to take her place in her Sunday school class. She has been missed very much by her classmates.
We were made to think of old times a few days ago, when we were able to buy beef from a wagon at a much lower figure than we have been paying at the butcher shop. We are wondering how Memphis can sell meat of all kinds so much cheaper than it can be bought in our own town, and yet the most of it comes from Kansas City, like ours.
"A tree is known by its fruit." So is a town. Some are known as towns of culture, some as given to hospitality, others are noted for their religious influence and Christian living, for their moral standing, law enforcement, clean streets and good homes, while some are noted for lawlessness, crime, non-enforcement of the law, gambling, blind tigers and bootlegging. Each citizen should ask himself the question, "what kind is mine," and then do all in his power to bring it up to the standard, for no man is the citizen he should be unless he is willing to give the best there is in his life to make his town what it should be, for morality, cleanliness, law enforcement, with all the things which go to make a pure citizenship, build good homes and benefit humanity.

Sam White of Braggadocio, County Attendance Officer, paid this office an appreciated call this morning, and reported the attendance at the Hayti schools as highly satisfactory, saying there were no non-attendants to report last week. Mr. White was high in his praise of our most excellent corps of teachers and most energetic Board of Education, and said the people of Hayti had cause to feel proud of them—and Mr. White ought to know, for he is regularly visiting every school in the county.

FALL OVERFLOW THREATENED

People farming on the river side of the levee have been pretty badly alarmed the past few days, as the Mississippi river came out of its banks in the low places. At Gayoso the river is running out in the low places, something that it has not been known to do at this season of the year in the memory of most of our citizens. Old citizens inform us however that there has been an overflow in every month in the year. While the water has not yet come to a stand, the clear weather will cause it to do so within a few days, and it is thought before any serious damage will be done.

Miss Nan Haynes of Malden came down yesterday morning to accompany the remains of Dr. F. A. Mayes to Kennett today, where interment was had.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.
