If you want to withstand the evil effects of the coming winter's chilly blasts, the best precaution is to put your lungs and bronchial tubes in a healthy and robust condition by the use of Dr. Bell's Pine-Tar-Honey. It promotes the free circulation of blood and gives vigor and vitality to the respiratory organs. Where catarrh of the throat or head, or any pulmonary ailment exists, it is necessary in order to overcome these distressing and weakening maladies to feed and strengthen the inactive functions, and there is nothing that does this so thoroughly as does Dr. Bell's Pine-Tar-Honey. It is a tissue builder through the process of free and healthful circulation of the blood. By its use the system is rendered less susceptible to coughs and colds, and for their cure there is nothing that equals the genuine Dr. Bell's Pine-Tar-Honey made by The E. K. Sutherland Medicine Co. and sold by Sander & Son, Marble Hill, and E. P. Biggs, Lutesville.

The Chicago Store, at Lutesville, is the place for cheap goods.
