A. P. Moore, Emanuel Estes, Masters Henry Baker, and Vester Estes. This brings our enrollment up to 105. Willie Wells has returned for work after a quarter's recreation in the legislature. WEEDS.

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible. Strengthen the lungs as you would weak land and the weeds will disappear. The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest. The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't. Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win. Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment. We will send you a little of the Emulsion free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy. **SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y. See ad. in all drug stores.**

GLAD GRAINS.

You will be cured. The price is only twenty-five cents, and even that will be refunded if you are not entirely satisfied after trying them. Don't give up until you have given them a trial. **GLAD GRAINS CURE.** The G. G. Chemical Co. Ortel Building, ST. LOUIS. 25¢ in Coin or Stamps.

Money Saving Flour.

MUCH FROM LITTLE. Do You Know that with certain kinds of flour it is possible to produce more loaves of bread than the barrel than with other kinds? This desirable result is brought about by the use of good wheat and modern machinery. It is the result you receive when you buy our flour. With the "Snow Drop" brand you not only get a pure and very beautiful flour, but it goes further than other kinds. **LUTESVILLE MILLING CO'S.** Flour saves you money—try it. Ask your dealer for it.

BANNER SALVE.

the most healing salve in the world. **Boley's Honey and Tar** cures colds, prevents pneumonia.
