For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

This children cannot possibly have good health unless the bowels are in proper condition. A single dose gives a needed impetus to the sluggish system, corrects all those ills growing out of impure blood, and restores the system to its normal state.
