H. B. COLE,

LUTESVILLE, MISSOURI.

Mr. Bryan says, in The Commonwealth of the 15th, that he will not ask for or seek the nomination for president, but that if he can serve the democratic party by being its candidate, he will accept the commission and make the best fight he can. As usual, he talks to the point, and in the main way we always expect from him.

It is really refreshing, nowadays, to get one's hands on a genuine, serious, democratic metropolitan newspaper, such as one as we have in The Kansas City Post. Its democracy is the genuine, 18-karat article, and hits squarely from the shoulder every time. There is no dodging or equivocation in its columns and every question is met in such an open, manly way that one cannot but admire. Seven days in the week it preaches pure and undiluted democracy—the kind that promotes longevity—but its Sunday edition alone is worth the price.

In the presence of 10,000 persons from all parts of the new state, Charles N. Haskell was inaugurated as the first governor of the state of Oklahoma, and the machinery of self-government, for which the people of the two territories have been striving the last eighteen years, was formally set in motion last Saturday. Governor Haskell's address was bitter against the tactics of "public officers," which, he said, had retarded Oklahoma's admission into the union. Neglect had amounted to oppression of the people, he said. He condemned the administration policies which President Roosevelt is known to advocate.

ond annual meeting at Poplar Bluff, November 28, 29 and 30. The meeting promises to be one of the largest educational gatherings ever held in southeast Missouri. Three department meetings will be held this year for the first time. They are the department of county superintendents, commissioners and rural schools. Every teacher in Bollinger county should attend this meeting if possible, for the program will be interesting, instructive and entertaining. For information in regard to hotel rates, program, etc., address secretary, A. S. Boucher, Dexter, or Supt. W. L. Barrett, chairman executive committee, Poplar Bluff, Mo.

Wonder if President Roosevelt wasn't a little bit previous when he promised a lot of newspaper men to see that the tariff on wood pulp should be reduced? Had he consulted "Stand-pat" Cannon on the subject, and had he taken into consideration the fact that if the duty on wood pulp is robbery 211 the protected trusts are robbing the people? The newspapers are being robbed by the paper trust, but why should they be relieved and the others protected in their predatory onslaughts? They manufacture almost every article that is used, and under the present prohibitive tariff, extort their own prices. If the duty on wood pulp is exorbitant and wrong, so is the duty that fosters the other trusts, and the newspapers are no more entitled to relief than the farmers, merchants, millers, or any other class of citizens. But then Teddy has a way of "talking thru his hat," any way. He has been "bleating thru" about five years, but nobody misses any of them.

Hidden Dangers

NATURE GIVES TIMELY WARNINGS THAT NO MARBLE HILL CITIZEN CAN AFFORD TO IGNORE.

Danger Signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

Danger Signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

George Croft, living in the northwestern part of Lutesville, Mo., says: "It is about twenty years since I first noticed that I had kidney trouble and I had spent a small sized fortune in that time trying to get rid of the ailment. I would have sworn of backache so severe that it was hard for me to get around. The kidney secretions were highly colored and I was obliged to get up several times during the night to pass them. I

have found in the two boxes of Doan's Kidney Pills which I have used the most positive relief. I am feeling better now than any time in the last year. From my experience I am positive Doan's Kidney Pills will cure any kidney ailment."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, agents for the United States. Remember the name—Doan's—and take no other.
