The legislature adjourned the first of week and there is not a great deal to say on the credit side of the balance sheet. This was not a time to trifle with the people or their interests.

The Cape County Independent was launched three weeks ago at Oak Ridge by D. B. Bowers. It will be remembered that Mr. Bowers was editor of the Oak Ridge Indicator some time, before it was moved to Oran. The new paper is a 6 column folio, neatly printed and fairly well patronized. The town needs the paper and we trust it will prosper, as it certainly deserves to do. We welcome the Independent to our exchange table.

HERBINE

It Is a Pure, Wholesome System Cleanser and Regulator

The trouble is mainly in the liver, it is torpid. A torpid liver allows impurities to accumulate in the system which hamper every organ in the body. The result is biliousness, low spirits, bad digestion, a tired languid feeling, the head feels dizzy, the appetite poor and the bowels irregular—generally constipated. Herbine clears out all bilious impurities, revives and strengthens the torpid liver, tones the stomach and digestion and restores regularity in the bowels. After the system has been relieved of the impurities there is an immediate improvement. Appetite returns, the spirits rise, the mind clears of gloomy discouragement and everything looks bright and cheerful. Try it.
