"Somewhere in France"

May 26, 1918.

Editor Press,
Marble Hill, Mo.

I have never learned if my other letter escaped the waste basket or not. I would be glad to write several personal letters to people back home, but just now it is almost impossible, so I am taking this method of letting you hear from me.

I have spent most of my time over here, so far, traveling. I have been practically all over France and England. I am enjoying good health and seeing lots of interesting things and have had some interesting experiences. Because of the censorship of our mail, I am unable to tell very much.

We had a fine voyage across the Atlantic. The sea was rough for three days, causing several of the boys, myself included, to become sea sick. There were nine transports conveyed by two battleships and after we reached the danger zone, thirteen submarine destroyers joined our convoy for about a 1,000 miles. We were attacked three different times by submarines, but our destroyers succeeded in sending all of them down before they did any harm.

If all transports are guarded with the same care we were, there is no use for anyone to fear crossing the big pond. I am now in the northeast part of France and on my way to the front. I

am anxious to get up there where there is something doing. There has not been much fighting going on in the trenches the last two weeks, but the allies are doing some good work in the air.

The Edison gas also has got it on the German gas and we have them beaten on the water, so I don't see any show for the kaiser. I think we will "show them" in a short time.

I have not received a letter from anyone since March 25. I would like to get some mail by July 4. That is only about six weeks to wait. I am sending my address and anyone who happens to read this letter and wishing to help make an American boy happy in France, just drop me a line. I will appreciate it.

War Savings Stamps

According to information obtained from the record of pledge cards which the people of the county filled out on the 28th of June, relative to the W. S. S., we are able to make the following statement:

W. S. S. owned June 28 \$ 41,110.00
" " pledged " " 100,917.00
Total amt. owned and pledged 142,027.00

A few of the school districts have not yet reported and only a few went over the quota assigned.

It will be remembered that our county's quota is \$291,320.00, leaving us, according to the above statement, short of our quota the amount of \$149,293.00, which amount we are informed must be made up before the end of 1918.

In Memoriam

Jacob Millington Kinder, beloved husband and father, answered the silent call of the Great Master June 27, 1918. He was born July 3, 1843. In the year of 1866 he gave his heart to God and united with the M. E. Church, South, from

which time he was active always in the duties of a Christian and faithful to the end.

In 1875 he married Miss Martha E. Albright, and to this union were born three children, one having preceded the father into the great beyond.

His our hearts are made sad, "mingled with our sorrow that he is gone, is our joy that he has lived," and his work shall live after him.

The dark hour to us when the death angel hovered over him was only the dawn of a bright eternity for father.

When the call comes for us may we, too, be prepared to meet our God in peace.
