**IRRITATED NERVOUS**  
Was Condition of My Body Before Reading Dr. Williams' Pink Pills for Pale People

Kokomo, Ind.—M. H. Hinkley, of this town, says: "I look so well now as so well, that it can't be seen that I ever needed Cardui. I was so nervous, and when I read your book I bought a dozen bottles. I gave my first bottle to my wife. I was feeling very bad, but after I had taken the first bottle, my head ached, backache, and my nervous energy... I was very comfortable, but so nervous.  
I began taking Cardui about five days before my baby came. As a result of those bad feelings I had, and the fact that Cardui has done me so much good, just as I thought it was a matter, and when the end came I was hardly sick at all.  
Since that I have never been sick at all... It has done me good, and I know it will help others, if they will try it."  
Many women have written me letters like the above, telling me that Cardui has done them so much good, that it not only helps them, but it helps the ailments of their husbands, and feel the need of a safe, reliable strengthening tonic, so I urge you to begin today and give Cardui a fair trial. Your dealer sells Cardui.
