To the good people of Bollinger county:

The very best news I have heard from old Bollinger since I left there came first on a postal from my good friend, W. E. Dickey, and it bore the glad tidings that the road bonds had carried by a big majority.

Now, my friends, I just want you all to know how glad and proud I feel for you in this, the biggest undertaking you have ever had. You have done the greatest thing for your county you could do, and you will not know just how great until your roads are built and you are able to travel from place to place and enjoy the convenience and comfort of a good road.

It almost made my heart ache to not be able to be there and take part in the great work and celebration I know that followed, and while you are all so happy over the event remember the witnesses in far off California are as happy as you who are there over your wonderful success. We are sure coming home one of these days to see you all and try out your good roads.

Perhaps a little of what we are doing would interest some of you.

We have bought and are living on a 20-acre English walnut ranch, just one and a half miles from the center of town. Two thirds of the ranch is in the city limits. We have city water, electric lights and gas. There was an old house on the place and we are remodeling it and will soon have a comfortable home.

This is the walnut picking season and it is very interesting to us. We are also very busy. It is a pretty sight to look over a fine walnut ranch and see the pickers gathering up the nuts. A good picker can pick six or seven sacks per day. A sack averages 80 pounds and they get 1 1/2 cents per pound. The selling prices of nuts run from thirty to thirty-four cents, so you see an English walnut is real money.

We are all well and like our new home and work very much. Best wishes to everybody.

C. M. WILSON AND FAMILY.

The Good Roads Meeting

at Marble Hill Saturday, October 25, was a great success. Harmony prevailed, and every township in the county was well represented by business-like good roads enthusiasts. Hon. T. W. Cooper, presiding judge of the County court, called the meeting to order and presided.

By unanimous approval of the body assembled it was decided that there be three men elected or selected from each and every township in the county who will constitute the ADVISORY BOARD and that these men be selected or elected by the citizens of their respective townships Saturday, November 1, at a mass meeting, thereupon the representatives or citizens from the various townships were asked by the chairman to assemble together in township groups and select or choose the place to meet in their respective townships where their mass meeting would be held. This was accordingly done and the following places were chosen:

Union township, Patton; White-water, Sedgewickville; Scopus, Daniel F. Bollinger's, Crooked Creek, Miles Whitener, Lorraine, Marble Hill, Fillmore, Adam Sitze's, Liberty, Dongola; Wayne, Zalma.

The time for the meeting was fixed for from 10 a. m. to 2 p. m.

No further business having appeared before the body the meeting adjourned.

BOLLINGER COUNTY HIGHWAY BOARD.

W. M. C. Notes

"Rah! rah! rah! rah! rah! Mayfield!" This is the spirit that is moving things now.

At last all are back from the general association at St. Louis and report a splendid meeting.

R. McCoy Moyers visited friends at Zalma from Saturday until Tuesday.

The girls' basket ball team met the first opponent Monday afternoon and with the first opponent came the first defeat. The score was 17 to 13 in favor of Marvin college. The defeat was just an inspiration to our girls, and have decided to win the return game. Watch the score; it will show you what sporting blood the girls have. The Marvin girls were given a reception that night

at the College. We will all be glad to meet the Marvin girls again for they all conducted themselves in a most lady like manner and were a credit to the school they represented.

Rev. O. H. Duggins, presiding elder of this district and Rev. J. R. Kin-kaid, pastor of Marble Hill M. E. Church, South, attended chapel services at the College Tuesday morning and Bro. Duggins delivered a splendid address. We are always glad to have such men speak for the students. Come again, brethren.

Rev. Raymond McElmurry was called to Glen Allen Sunday afternoon to conduct the funeral service of the infant of Mrs. Tuttle.

Gale Belchamber of Glen Allen is a boarder at Rosemont hall on Tuesday of every week. She comes once a week to take music.

Miss Emma Jane Wells, who is teaching at Sikeston, visited her parents at Rosemont hall.

Miss Mary T. Ellis of Blodgett visited Miss Lemons at the hall last week.

William Sullivan is out of school on account of a broken collarbone handed him during the football game Saturday. We hope he will be with us again soon.

Mrs. J. T. Wells and daughter, Mrs. J. J. Rogers, and children of Kennett were guests of Mr. and Mrs. Wells this week.

Rev. and Mrs. W. B. Aulsbury of Chillicothe are going to make their headquarters in Marble Hill and board at Rosemont hall. Rev. Aulsbury is the Baptist district missionary.

Mr. and Mrs. J. Q. Dietrich of Crossstown visited their daughter, Jewell, at the hall last Friday.

Our football team will play the second team of the State Teachers College (Normal) of Cape Girardeau Come out and see the game.

The second football game of the

season was played on Bidwell's field last Saturday when our boys defeated the Marvin college eleven 33 to 0, despite the fact that it had been raining several days and the field was very muddy. The game started about 3:15, with J. P. Morgan of the Morley high school as referee, and was interesting from start to finish. The ball was in Marvin's territory most of the time Mayfield outweighed their opponents and gained continually fine plunges, Conrad and Wood carrying the ball. Mayfield's passes also worked, Alex and Wood each making a touchdown on forward passes received from Meehan. Marvin resorted principally to forward passes, but they were either incomplete or intercepted. Mayfield's goal was never in great danger. The two teams together with the student body, went on a winner roast Saturday night and all enjoyed the occasion. The two teams will meet again at Fredericktown Thanksgiving. All of the Marvin men were gentlemen in every respect and will always be welcome in our school and town.

It was not a very eventful day at the South Methodist church in Lutesville Sunday. Fifty-five in Sunday school. Fairly good attendance at preaching in the morning. A good congregation greeted Presiding Elder Duggins Sunday night, and from him heard a good, thoughtful sermon on the parable of the unjust steward. After a short sermon Monday night by the presiding elder, the first quarterly conference was held, showing that since annual conference, three members have been lost by certificate and six have united with the church.

Notice to Raisers of Tobacco

I have received numerous inquiries recently from farmers regarding the government tax on tobacco raised by them. Those interested are advised that a farmer who raises tobacco is permitted to sell it while in its natural state, in hands or bales, but not twisted or cut in any way, without any special tax or permit. Any desiring to sell tobacco in any other form should first write the collector of internal revenue, St. Louis, or the undersigned.
