

STOCK RAISING IN WESTERN CANADA

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley and flax have been made in raising Horses, Cattle, Sheep and Hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy on easy terms.

Farm Land at \$15 to \$30 an Acre

—land equal to that which through many years has yielded from 20 to 25 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience: good schools, churches, roads, telephones, etc. close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under the present conditions, investigate what Western Canada has to offer you.

BRAVE AMERICAN IN POLISH ARMY

Brigadier General Sweeny, Millionaire, Battles for Cause of Freedom.

TRAINED AT WEST POINT

Served in Mexico, South America and Gave Valiant Service in the World War—Unusual Type of Soldier of Fortune.

New York.—War dispatches making more than casual mention of Brig. Gen. Charles Sweeny have lent to the Polish struggle more than an impersonal interest to American army officers at Governors Island, who are well acquainted with Sweeny, an American soldier of fortune with both principle and purse.

Men of no fortune at all who fight for excitement and pay are common enough. But Sweeny, U. S. A., is a multimillionaire's son, his father having amassed great wealth in the famous Cour D'Alene mines of Washington and Idaho, and the soldier is more than a millionaire in his own right. He put in three years at West Point and then sought the life of an active soldier in Mexico, South and Central America and Europe.

Offers Self to Poland.
Sweeny, a former lieutenant colonel in the United States army, attached to the general staff, was in Paris during the spring of 1919, recovering from wounds suffered in the Argonne offensive with the A. E. F., when he learned that Poland was in need of officers for her new armies. He consulted with the then Premier Paderewski and offered to recruit volunteers when he

returned to America. In three weeks he had selected 200 former American army officers, all of whom had seen service in France. Colonel Sweeny sailed for Poland in September of last year with the first of his officer contingent. He was not long in getting into the fight and in recognition of his splendid services Poland commissioned him a brigadier general.

This Irish-American-Polish general for whom a soft life held no appeal, began his career on the battlefield on leaving West Point after he tried mining for a while.

Soldier of Fortune.
He went to Mexico and got a wound in the Madero affair. Upon recovery, Sweeny packed up for South America,

where he took a hand in several of the revolutions. He got into the world war as a private in the Foreign Legion. In the first Champagne battle in September, 1915, he was commissioned a lieutenant on the field for gallantry. He was severely wounded and gassed in this battle, and on a hospital cot in Paris he was awarded the cross of the Legion of Honor.

Two other important decorations were bestowed on him in rapid succession and he had a great reputation for bravery. Soon after being made a captain of the French forces, he was sent to the United States upon advice of Ambassador Sharp as an instructor in 1917.

Sweeny was commissioned a major in the United States army and helped to train the Eightieth division at Camp Lee, Va. He went overseas with this division, got shot up in the Argonne and was promoted lieutenant colonel for gallantry before the enemy, and assigned to the staff of the A. E. F.

NEW JUMP IN IMMIGRATION

Increase of 20,000 in Week Laid to Typhus and War in Europe.

Washington, D. C.—Immigration officials here profess to be mystified at the sudden increase in immigration which approximated 20,000 persons last week; and it continued, would add 1,000,000 to the population of the country in a year. Louis F. Post, assistant secretary of the department of labor, said today no information has yet reached the department which will explain the situation.

"But I have a theory about it," said Mr. Post. "I am inclined to think that many of these people are coming here to get away from conditions at home and that the condition is only temporary. Only last week a ship was held up at quarantine with typhus aboard, and the war is not yet over in Europe. Either one of these conditions would naturally make a lot of people anxious to get away."

Eggs Proved Too Frail As Carriers of Whisky

Eggs may be all right to ship whisky in, but the baggage smashers must handle such cases with care. At a station in West Virginia some of the eggs broke and a prohibition inspector found three cases of "doctored" eggs.
Each egg had been carefully "blown" from the shell. After whisky had been poured in, the aperture had been sealed with cement.

Thrift Urged By Uncle Sam

Treasury Department Is Spending Million Dollars to Encourage Saving.

WANTS PEOPLE TO INVEST

Carrying on Campaign for the Sale of Thrift Stamps, War Saving Stamps and Saving Certificates—School Rooms Organized.

Washington.—Uncle Sam is spending \$1,000,000 this year, through the savings division of the treasury department, in an effort to encourage thrift.
The expenditure of \$1,000,000 compares with an expenditure last year of approximately \$4,000,000, and the staff of employees which comprises a force in Washington and an organization in every federal reserve district compares with the great force inherited from the war.

Advocates Opening of Bank Accounts.

The savings division carries on the campaign for the sale of Thrift stamps, War Saving stamps and saving certificates, but these sales are merely a side line to the general effort, for just as much stress is being put upon the opening of savings accounts in the banks as upon the sale of stamps. Through the subsidiary organizations just as much effort is being made to have the housewife keep a budget as there is effort to propagandize the homes in the interest of government securities.

In the period from December 1, 1917, to January 1, 1919, the sale of government securities, exclusive of Liberty and Victory bonds, reached more than \$1,000,000,000. In 1919 the sales dropped to \$134,230,687.84. In the first six months of this year the sales dropped to \$29,985,842. But the report of the six months of the year is no indication of what the final report will be, according to O. C. Lester of the savings division, who says the people do not save as much dur-

ing the summer months as at other times.

School Rooms Are Organized.

When the government first initiated its drive for thrift and asked the assistance of the people, the savings division was organized and the request made for other organizations to cooperate with it. A drive was made to interest the school organizations, the organizations of women, the clubs and industrial concerns and others. But the effort was not entirely successful and the policy has been reversed. The government is now saying to all these organizations that it is ready to cooperate with them and success is being had.

Thousands of school rooms are now organized and in many cities and states courses in thrift are being made a regular part of the curriculum. Industrial concerns have also organized their clubs. Women are teaching the necessity of the budget in the home. Fraternal organizations have joined in and the entire groundwork for the savings campaign has been laid.

URGES FRENCH LEARN GERMAN

Former President Poincare Points to Value of Language to His People.

Paris, France.—"Learn German" is the advice former President Poincare has given the French through the Association of Language Professors. He said:
"To dominate German science, we must understand it. To maintain the independence or the superiority of our literature, we must not close our eyes to foreign literature, not even that of Germany."

M. Poincare added that German must be known by those who undertake the administration of the occupied regions, and also to restore French to its proper place in Alsace-Lorraine.

Army officers recently were urged to learn German. The government has reinstated that language in the officers' training schools.

Building Homes for the Chicago Homeless

The Chicago Housing association has undertaken a great social experiment in the erection of many homes for families which had nowhere to live owing to the house shortage in that city. The homes are of brick, two stories, and the tenant pays rental of about \$35 a month which is applied on the purchase price. The house is sold at exact cost.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 109 Swift Laboratory, Atlanta, Ga.

PLAYING UP TO THE TEACHER

Indianapolis Youngster Had a Pretty Shrewd Idea of What He Was Doing, After All.

John Arthur is a pupil in a Jeffersonville departmental school, and had to write an essay on Woodrow Wilson, among others. He evinced such a high regard for the president, especially in his management of the world war, as to express the view that he was even greater than Washington or Lincoln. He said they made a fine showing in the little wars they had to handle, but could hardly be thought, have got through the big one. His father, seeing the essay, ventured the opinion that the writer was too positive in his statement, although admiring Wilson himself. John Arthur showed he was perhaps something of a diplomat as well as an essayist.

"Oh, well," he remarked, "the teacher is a Democrat, anyhow."—Indianapolis News.

Losing a Favorite Theme.

"I'm kind of sorry to see this votes for women question so close to settlement," remarked Mr. Meekton.
"Don't you approve of votes for women?"

"Yes indeed. But I've heard Henrietta talk on the tariff and the League of Nations and most everything and I honestly think a suffrage speech is the best thing she does."

Seeking a Variation.

"Did you know people are talking about the way you misquoted the piece of poetry you introduced in your speech?"

"I did it on purpose," replied Senator Forghum. "I thought it would be desirable to do something, however slight, to shift the argument."
