**NO SOLDIER BONUS YET,  
SAYS SECRETARY MELLON**

The multimillionaire Secretary of  
the Treasury advises congress not  
to pass a bonus bill for the sol-  
diers. He states that it would  
cost too much money. He says  
it would cost the taxpayers \$25-  
000,000 a year. He is very care-  
ful with the people's money when  
it comes to a case of fair and de-  
cent treatment of the boys who  
fought to save their country—  
his country—for such ungrateful  
gentlemen as Secretary Mellon  
and his bunch, but he was not so  
economical with it when he ad-  
vised and donated \$600,000,000  
of the taxpayers' money to the rail-  
roads, owned and controlled by  
the capitalistic class. It is a  
great bunch of patriots who are  
running things at Washington.  
They are fooling only themselves  
as they will find out when the  
nation next speaks through the  
ballot box—Caruthersville Demo-  
crat-Argus.

**REV. BAKER'S "BULL" ETIN**

Rev. F. M. Baker, pastor of the  
local Baptist church is arranging  
to publish a four page church  
bulletin. It will be largely finan-  
ced by alleged ads which will  
stand without the privileges of  
changing the copy for a period of  
six weeks. For that reason use  
the word "alleged" in refer-  
ring to the advertising. By no  
process of reasoning can ads that  
stand for six weeks be classed as  
real publicity, nor can they yield  
even a fair return for the money  
expended.

This bulletin will not be print-  
ed in Flat River. The money for  
its publication, although raised  
here, will be sent entirely out of  
the Lead Belt.

Our experience with some  
preachers, among whom we are  
forced to class Rev. Baker, is  
that they will rue you harder  
and farther and pay you less than  
almost any other class of citizens.  
Fortunately there are exceptions  
and many are to be found right  
here in the Lead Belt.

We quoted Rev. Baker a price  
on this bulletin, basing our fig-  
ures on the Franklin List, which  
is acknowledged to be fair and  
equitable the country over. Rev.  
Baker tried the Desloge Sun and  
was given the same price. He  
succeeded in getting some "gues-  
timator" out of the Lead Belt to  
quote him a lower figure and the  
job went out of town regardless  
of past favors. We have given  
Rev. Baker and his church col-  
umn after column of publicity  
which would properly come un-  
der the head of paid advertising  
and which would amount to many  
times the entire price of the bul-  
letin he proposes to publish. We  
have done everything possible to  
assist him from a publicity  
stand point in financing the  
church building at present under  
course of erection. We have been  
glad to do this because it has al-  
ways been a flexed policy with us  
to aid and assist all worthy semi-  
public institutions. But it makes  
us a trifle hot under the collar  
to be shown that our efforts so  
far as Rev. Baker is concerned are  
entirely unappreciated. This is  
proven by the fact that the first  
time he had an opportunity to

show some appreciation he turned  
his back on it.

We regret having to call atten-  
tion to such things. But we feel  
better now that it is out of our  
system.—Flat River News.

Them's our sentiments exactly,  
Bro. Cameron. We know exactly  
how you feel for we have exper-  
ienced the same kind of treat-  
ment several times already.

**CAPE COLLEGE GETTING  
CLOSER TO THE PEOPLE**

Recent Short Course and Farmers'  
Week of Great Benefit

(Allen H. Hinchey.)

The recent short course in agri-  
culture and farm mechanics held  
at the Southeast Missouri State  
Teachers College at Cape Girar-  
deau, closing with Farmers week,  
February 6 to 10, was a success-  
ful venture in showing southeast  
Missourians that their district  
college is one for the practical aid  
of its constituents.

Those who attended for the en-  
tire course express themselves as  
well pleased with the work done  
and with the results of their lab-  
ors as students for six weeks.  
Those who attended the lectures  
and demonstrations during Farm-  
ers' week are loud in their  
praises of the programs fur-  
nished.

The total in attendance for the  
various sessions of Farmers' week  
was 2891, the speakers having that  
number to hear them on the vari-  
ous subjects discussed.

The members of the faculty  
taking part were tireless in their  
efforts to make the course in-  
structive and interesting, the  
speakers from other colleges and  
universities and from agricultural  
organizations delivered messages  
that were of value to all who  
heard them.

**Permanent Feature**

At the request of farmers in at-  
tendance the Farmers Short  
Course will become a permanent  
feature of the Southeast Missouri  
State Teachers College and next  
year other important features  
will be added.

Not only along agricultural lines  
is the Southeast Missouri State  
Teachers College endeavoring to  
become more and more an influ-  
ence in building a better citizen-  
ship in its district, but in all  
other lines of business and in so-  
cial, educational and moral activ-  
ities.

In the training of teachers for  
the schools of its district more  
attention than ever will be given  
to making teachers forces for  
community betterment so they  
may leave an impress upon the  
minds of pupils that will make of  
them better men and women and  
more active instruments in build-  
ing a progressive and cultured  
citizenship.

A closer touch with the rural  
schools of the district is being  
secured by the college through  
the assignment of various mem-  
bers of the faculty to a personal  
contact with certain counties of  
the district, these men and women  
visiting their allotted counties at  
intervals that will not interfere  
with their work at the college,  
thereby becoming better acquaint-  
ed with local conditions and the  
needs of the people.

**Rural School**

The college is taking an active  
interest in the rural schools and  
the plan to establish demonstra-  
tion schools in various counties to  
be used as models for others will  
be carried on as rapidly as cir-  
cumstances will permit.

Recently nearly 4000 letters  
were mailed to the teachers of  
the district informing them of the  
work to be done during the spring  
and summer months, this means  
of reaching them being taken  
that every teacher in the district  
may know of the opportunities  
for better training through a  
term at the college during the  
summer vacation months.

The 1922 summer term will be  
better than ever. Nearly all reg-  
ular members of the faculty will  
remain on duty and a number of  
nationally known lecturers and in-  
structors have been secured for  
the term, among them being Dr.  
Paul H. Hanus, founder of the  
school of education at Harvard  
university, who will give a course  
in education at Cape Girardeau  
that every teacher should enjoy,  
his special course for superinten-

dents and principals offering an  
opportunity that seldom comes.

Advance information indicates  
that the attendance that the 1922  
summer term will break all re-  
cords.—Cape Southeast Missouian.

Lodges of S. E. Missouri**

the 35th annual meeting of the I.  
O. O. F. association of southeast  
Missouri will be held at Charle-  
ston, Mo., April 26th, 1922. It is  
the object of this association to  
further the principles and inter-  
ests of Odd Fellowship in this sec-  
tion of the state.

The constitution of the associa-  
tion provides that each I. O. O. F.  
and each Rebekah lodge is en-  
titled to at least one delegate and  
an additional delegate for each  
ten members or major fraction  
thereof. The delegates and an  
equal number of alternates will  
constitute the meeting, together  
with the Grand officers and the  
Past Presidents.

The constitution provides that  
each I. O. O. F. and Rebekah  
lodge shall send to the secretary  
a per capita tax of three cents  
per member for running expenses  
of the association and that he  
shall receipt the lodge sending it  
and turn the same over to the  
treasurer, taking her receipt. This  
per capita tax is now due. It  
also provides that each lodge shall  
at its first regular meeting in  
March elect its delegates and al-  
ternates to the annual meeting.

The Grand Master, the Grand  
Secretary and the Grand Lecturer  
have assured us that they will be  
present. The Charleston lodge has  
assured us that we will miss some-  
thing if we don't attend. The  
program is about ready for the  
press. The program and the con-  
stitution will be mailed each  
lodge in due time.

Please elect your delegates at  
your first meeting in March, for-  
warding me a list of the delegates  
and alternates so elected together  
with your per capita tax.

Charleston is preparing for the  
biggest meeting the association

has ever had. Our aim is that  
every lodge be represented. We  
are counting on you. Let's make  
it a memorable meeting for Odd  
Fellowship.

Yours fraternally,  
C. B. Sharp, President.  
J. E. Kinhead, Acting Sec.

**STRONG STUFF!**

Some of the corn liquor being  
made down South nowadays has  
a potency all its own. They tell  
this story in illustration:

In the North Carolina moun-  
tains two darkies opened a jug,  
and in doing so spilled a little.  
One drop fell on a tumble bug,  
who immediately dropped his ball,  
clicked his heels together, threw  
back his shoulders, and, backing  
up to a bale of cotton the two  
negroes had been carrying, snort-  
ed: "All right, big boy. Let's go."

laria, Chills and Fever, Bilious
