## THE LAND OF A MILLION SMILES

Mt. Vernon Mo. - To all the readers of The Marble Hill Press, I come again from the Ozarks with greeting and love. I am today thinking back to days of service in your school and churches when your children were youngsters and babies.

I am made sad by the obituaries which appears in your papers. D. B. Hill, the clean noble citizen and brother that he was so co-operative in every good work, ready in neighborly deeds and too, Mrs. E. E. Bair that excellent woman; how she will be missed! These and many others have gone to their rewards since I have left Marble Hill.

I am doing well here. The people love me and gave me a fine position, all I can do and even more. I have a fine place in the high school teaching upper folks.

My church is A 1 in every department, the church is well arranged, every committee and officer performing the task so well, that the work is a pleasure.

I was so sorry to hear of Mr. Hudson's death at Cape Girardeau. It is time for every thug, bootlegger thief and murderer to be put where he belongs. I do not believe there is another character so diabolical this side of the gate as the bootlegger skulking around in the dark. He who condones his crimes is a miserable sinner too.

We are now in the apple harvest. It is a fine sight to see these men classify and put them into barrels for shipment, fruit is a profitable crop. The grape growers are planting large acreages around Neosho, Monett, Searcoie, Pierce City and Mt. Vernon. I am convinced that old Bollinger County properly planted in fruit, apples, strawberries and grapes with the Missouri hen under it all to pay expenses, would flower like a garden and bloom like a rose and have wealth untold. The grape crop followed the strawberry with hundreds of thousands of dollars. I would like to discuss the grape industry here but must not do so now.

The cheese factory here is nearing completion. I hope to see the Bollinger county farmers build one in the twin cities. The thing that the county needs is fruit, dairy, poultry and permanent pasture farming. The permanent pasture takes care of the hillsides and level land.

The Harvest Show has come and gone. It was a great success. The hogs winning here in Mt. Vernon won a few days later in State Fair at Springfield. The best Durockers are owned by Charlie Gee. You can make no mistake in buying some fine stock from him.

I was up at Springfield to attend the South-West state teachers meeting. I visited the National Cemetery and battle ground of Wilson Creek. I stood at the monument of General Lyons.

I am very anxious about the years work at W. M. C. but I am sure it goes well as it has always done.

I wish I could see letters from friends abroad.

I am now ready to consider propositions from persons desiring to buy my property at Marble Hill. I will never need so big a house anymore.

By REV. W. A. DAVAULT.

Mr. Taxpayer, have you found YOUR taxes higher under a Republican misrule? If not you are not a home or farm owner for the decreases have only been for the favored and not for the many. The total state tax has been reduced because the income tax was cut one-third and the corporation franchise was reduced one-half. Have you heard of the taxes on a Missouri farm being lower since Hydeism came into vogue in Missouri?

Failure to spread this gospel may mean the election of a Republican Legislature which will be controlled by Hyde and his followers and result in still higher taxes. Better not delay in your work. Election day is November 7 and the way to stamp out G. O. P. misrule is to elect Democratic candidates. Any other result would be considered an endorsement of extravagance by Hyde and the Hydeites.

Better start to work to-day. Let there be no unpleasant postmortems after Tuesday, November 7, by Missouri Democrats. Let's keep in the march of progress with other states to a return of Democratic rule.
