A HORRIBLE SUSPICION.

That the Passenger Steamer Vega Has Come to the Bottom of the Gulf of Mexico. Nearly a Thousand in Number, After Running Down and Cutting Clean in Two the Vega, with a Crew of Twenty-six Men.

New York, June 27.—Mariners here are inclined to the opinion that a terrible disaster has recently occurred at sea somewhere near this port. In which more than a thousand souls have perished. The facts that lead to this opinion are as follows:

Yesterday the steamer Ocean arrived and reported that on last Thursday morning the wreck of a full-rigged ship was passed in lat. 42-22 North, long. 65-40 West. The captain of the Ocean made a careful examination to ascertain the name of the wreck, but owing to the wreck being so far from shore and so shallowly submerged he could only make out the words "Yarmouth, N. S."

On the stern the vessel was cut through forward of the mizen rigging, evidently done in collision with the wreck. From a description of the wreck, as given by the captain of the Ocean, shipping men believe that the vessel is the British sailing ship Fred F. Taylor, of Yarmouth, N. S. This vessel was sighted on the 25th inst. on the coast of Nova Scotia, and it is expected that she shipped nearly twice that many from the ports in the Azores. The steamer was here last Tuesday and it is believed that her passengers are very anxious regarding the vessel, while scores of the friends of the large office to learn something of the whereabouts of the steamer and its human freight.

In view of these facts therefore, those versed in maritime affairs are of the opinion that a collision has occurred between the Vega and the Fred F. Taylor and that the loss of life has been appalling.

F. E. Harpell was the commander of the Taylor. His young wife is in this city, but knows nothing of the disaster. LABOR TROUBLE IN IDAHO. Senator Dubois Thinks the Case of Allen Silver Mining Trouble Can Be Settled Without Appeal to the United States—He Has Been There Before.

WASHINGTON, June 27.—Senator Dubois, of Idaho, was seen at the Governor's office today. He is expected to see the president in relation to the labor trouble at the Coeur d'Alene silver mining district and make a request of the United States government in quieting the troubles. The senator said it was news to him that he had not been requested to take any such action. Idaho is a civilized community and needs no military force to preserve the peace. The United States marshal can get aid from the state militia, which numbers 1,000 men, if needed.

A gentleman who knew Senator Dubois when he held the position of United States marshal tells how the senator dealt with a similar trouble when it had gone so far that a lot of Pinkerton detectives had been imported. He said that he had not the use of my name at the Omaha convention. Without declining an honor that has not been offered me, I will say that my name will not go before that convention with my consent. I have been reported, informed any of the leaders of the third party that it selected its standard-bearer I would not decline the honor.

NOT A CANDIDATE. Judge Gresham Will Not Be the Standard-Bearer of the People's Party. FRENCH LICK SPRINGS, Ind., June 27.—Judge Walter Q. Gresham will not be the standard-bearer of the People's party in the coming national campaign, all reports to the contrary notwithstanding. The judge and Mrs. Gresham are enjoying a few days' outing at the springs. An interesting report is the persistent use of his name as a possible presidential candidate in connection with the third party movement was called to his attention. He said: "I have no objection to my name being used in connection with the third party, but I do not wish to be the standard-bearer of the party."

RYAN AND HIS BOODLE. The Washington Express Clerk who Stole \$40,000 Captured at Denver. DENVER, Col., June 27.—E. J. Ryan, wanted in Washington, where he robbed the United States Express Co. of \$40,000 last Tuesday night, is under arrest in this city. He was arrested by Chief Detective Sam Rowe, at 730 West 12th street, just as he stepped from the Rio Grande train. When arrested he had on his person \$25,000 and the states that \$14,000 is on deposit in Pittsburgh.

AFTER COMMITTING THE CRIME Ryan went to Pittsburgh. The next head of him was in Kansas City, where he boarded the Missouri Pacific train for Denver. His peculiar actions attracted the attention of the Pullman conductor who gave the information that led to his arrest.

A Plan for Municipal Control of Railroads. SIOUX FALLS, S. D., June 27.—W. H. Lyons, United States commissioner, has laid before the city council a plan by which the city could control and run all the saloons. Mr. Lyons claims his plan is perfectly feasible and is under the prohibition law. The number of saloons would be governed by the territory to be covered, after the style of post offices. It is claimed the income to the city would be \$25,000 a year. A committee of the council will investigate the matter. It is thought the plan will be tried.

COSTLY INACTIVITY CAUSED BY FLOODS IN CHICAGO. The Chicago river is moving so swiftly as to make navigation impossible. Vessels are tied up at many points and their forced inactivity is estimated to have cost marine and commercial interests half a million dollars already. Several of the largest grain elevators have suspended operations because of the high water and the grain carrying trade is at a standstill. There is a considerable prospect of the removal of the blockade
