The National Silver Party in Convention at St. Louis.

Synopsis of the Proceedings-A Solid Silver Platform Adopted and Bryan and Sewall Nominated by Acciamation,

St. Louis, July 22.- The conditions governing entrance to the silver convention were almost as rigorous as those at Chicago on the opening day of the democratic convention, although the demands for admittance were so few that at five minutes of twelve there was no one in the gallery but the band, and on the floor, searcely more than 200 persons, including visitors.

At 12:15 Chairman Dr. Mott, of New York, and Secretary Kenney, of California, came on the platform, and arrangements for opening the convention were speedily made.

FIRST DAY.

The Proceedings. At 12:25 Dr. Mott called the convention to or-er, announcing that proceedings would be opened with the reading of the call for the convention by J. M. Devine, secretary of the Bi-

metallic league, which was accordingly done by Mr. Devine. At 12:35 Dr. Mott introduced Hon. Francis

Temperary Chairman Francis G. Newlands. Nevada, as the temperary chairman, who ad-

dressed the convention at great length. Committees were then maned by calling the coll of states. Some of them, which were represented, failed to respond, so it was impossi- by that body.

Permanent Chairman an Wm. P. St. John. Hon. Charles J. Towne, of Minnesota, was named as vice-president of the convention, and again the delegates manifested their pleasure. Robert E. Diffenderfer, of Pennsylvania, was

named as secretary.

In concluding his report Col. Bradshaw briefly enlogized Mr. St. John. The report was adopted with a cheer.

While a committee was escorting Mr. St. John to the chair, Mr. Newlands announced that Mr. Towne would address the convention to-morrow. The delegates appeared delighted to know that the business of the convention was not to be rushed through, and a final adjournment reached to-night, as had been rumored. Mr. Newlands then introduced Mr. St. John as permanent chairman, who ad dressed the convention at great length.

The next business in order was the appoint special committees. Mr. G. W. Baker, of California moved the appointment of a committee consisting of one from each state to meet a similar committee from the populist convention, to take up the questions of difference between the two parties, for the surpose of coming to some rational agreement. o the end that the nomination of Bryan and ewall might be ratified by the two conven-

A delegate from Illinois offered as a substitute for Baker's motion one to the effect that each state delegation select a member of this conference committee, and that the populist convention be notified of the action, with a request that a similar committee be appointed

which had not yet been written out. C. G. Bradshaw, of Montana, presented a resolution of thanks to Dr. J. J. Mott. chairman of the executive committee of the Bimetallic league, in appreciation of his serv-ices in arranging for the convention.

The resolution was seconded by Wedderburn,

of Virginia, and Hess, of Illinots, who com-pared him to Socrates and Lincoln for great-ness. It was passed by a unanimous rising

Responding to calls for a speech Dr. Mott said he hoped and believed the silver men would win the fight and expressed his thanks for the vote just given.

At the request of the Minnesota delegation L. F. Chafee, a commercial traveler and a delegate from that state, was invited to address the convention. While making his way to the platform, Mr. Burtsch, of Michigan, asked the subject of Chafee's remarks. Chafee re-

Mr. Baker, of California, chairman of the committee on conference, announced that the two committees had met this morning and would meet again at 1 p. m. The silverites were assured he said that the populists were now working harmoniously atoms the lines laid down by the convention (Cheers). He believed that a unanimous report from the conference committee of the two conven-tions would be one of the strongest campaign documents that could be circulated. In order that that might be successfully accomplished. he moved that the further proceedings of the convention relating to the adoption of a platform and nomination should be deferred until 3:30 p. m. This was seconded by delegates from Kansas and Wisconsin and the motion

was carried with but one dissenting vote. A distribution of mail and telegrams by the ecretary followed and Senator Stewart's name evoked cheers and demands for a speech.

But it passed without being pressed. The list of the new national committeemen was announced, and the members were re-quested to meet immediately upon adjournment this morning.

A motion was made, and agreed to, authorizing the committee to fill vacancies. The matter of counting the veterans of the late war, under the resolution read Thursday by Mr. Strong, of Lilinois, came up, and Mr. J. W. Rhodes, of Washington, addressed the conven-

temporarily in a second tumultuous demand for a speech from Senator Stewart, to which on board the Dundonald.

The convention again took up the veteran soldier re-olution and it was decided to call the roll of states that the chairmen of delegations might amnounce the num-ber of the v-terans in each state delegation. The call resulted in showing 196

can soldiers represented in the convention. Out of the roll-call grew a suggestion which crystallized into a motion, which was agreed to, that the old soldiers and suffers in the conform the basis of an organization in the party - for cam, aign purposes-to save the country.

Miss Helena Hartnett Mitchell, of Alton, Kas., was introduced, and stating that being Judge Joseph Sheldon, of Connecticut, one inspired by the nomination of Bryan, although the signers of the silver resolutions and adshed never written a poem, she had written recited it to the convention. It was semi-humorous, and the various hits at Whitney. Vice-Chairmen Towne took the chair at this Hill and Depew aroused intense enthusiasm; point. Chairman St. John temporarily retiring.

Pill Clothes.

The good pill has a good coat. The pill coat serves two purposes; it protects the pill, enabling it to retain all its remedial value, and it disguises the taste for the palate. Some pill coats are too heavy; they will not dissolve in the stomach, and the pills they cover pass through the system as harmless as a bread pellet. Other coats are too light, and permit the speedy deterioration of the pill. After 30 years exposure, Ayer's Sugar Coated Pills have been found as effective as if just fresh from the laboratory.
