#### THE KELSO PICNIC.

#### It Was a Gathering of the Farmers of a Rich Section of Country.

The picnic and church festival at Kelso, in Scott county, last Monday, was-a grand success. The little town of Kelso was the liveliest little town in Southeast Missouri for that day. The people of the town had prepared to make the day a holiday and it proved to be a holiday for the town people and country people alike. There were about two thousand people in attendance at the picnic and they were there for a day of enjoyment. The plenic grounds were in the church yard and the picnic had the appearance of a street fair more than a picing it the party of Joss Young Brown. paper but we heartily endorse the sens may will keep even, or nearly so. # AN IMPORTANT FOOD LAW.

### Heavy Penalties for Selling Articles Ingredients.

The following law, introduced by Senator W. F. Lyons, passed at the last session of the Missouri Legisla-

SECTION 1. That it shall be unlawful for any person or corporation doing business in this State to manufacture, sell or offer to sell any article, componed or preparation for the purpose or being used or which is int naca to be used in the preparation of good, in which article, compound or preparation there is any arsenic, calomel, bismuth, ammonia or alum, SEC. 2. Any person or corporation violating the provisions of this act shall be deemed guilty of a misdemeanor and shall, upon conviction, be fined not less than one hundred dollars, which shall be paid into and become a part of the road fund of the county in which such fine is collected.

The operation of this law will be mainly against alum baking powders. But the manufacture or sale of any article of food or article intended to be used in food which contains any of the substances classed by the law as unhealthful-from arsenic to alumis absolutely prohibited.

# Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her A farm of 69 acres, one mile west of vital organs were undermined and death seemed imminent.
