SCHOOL NOTES

Attendance not quite so good. Several new members in the idler's class.
The girls in the sewing class expect to give a bazaar soon.
The question of government ownership of railroads was warmly discussed by the debaters of the Hyltonian literary society Friday. The affirmative won.
The second primary pupils have made some very neat spelling booklets lately and expect to keep their misspelled words where they can easily refer to them.
The teachers are glad that boys can make some money trapping rabbits, but if time is lost from school work to set traps, the loss is greater than the gain.
Two new Singer sewing machines of the latest model have been ordered for the pupils in the sewing class. The girls are doing quite well with the hand work, most of which has been of a purely practical kind.
The report cards furnish parents an opportunity to get some idea of the kind of work each pupil is doing. Parents should examine these reports carefully. Show some interest in the children's work. They may be surprised, but they will enjoy it.

It Really Does Believe Rheumatism

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied but it does give almost instant relief.—Adv.
