Guard Your Children Against Bowel Trouble

Many children at an early age become constipated, and frequently serious consequences result. Not being able to realize his own condition, a child's bowels should be constantly watched, and a gentle laxative given when necessary. Dr. Miles' Laxative Tablets are especially well adapted to women and children. The Sisters of Christian Charity, 131 Charles St., Luzerne, Pa., who attend many cases of sickness say of them:

"Some time ago we began using Dr. Miles' Laxative Tablets and find that we like them very much. Their action is excellent and we are grateful for having been made acquainted with them. We have had good results in every case and the Sisters are very much pleased."

The form and flavor of any medicine is very important, no matter who is to take it. The taste and appearance are especially important when children are concerned. All parents know how hard it is to give the average child "medicine," even though the taste is partially disguised. In using Dr. Miles' Laxative Tablets, however, this difficulty is overcome. The shape of the tablets, their appearance and candy-like taste at once appeal to any child, with the result that they are taken without objection.

The rich chocolate flavor and absence of other taste, make Dr. Miles' Laxative Tablets the ideal remedy for children.

If the first box fails to benefit, the price is returned with the drug. A box of 25 doses costs only 25 cents. Never sold in bulk.

Plant Your Grain with a Kentucky Drill

WHY carry low grade grain to market when your land will produce the best?

In many cases the difference in grade is caused by the way the seed is planted.

Experts say, and many farmers know, that the quality of the grain at harvest, other things being equal, is determined by the method used in planting.

The best planted grain finishes the best. The better the planting, the better the start, the heavier the grain, the more uniform the grade.

Of all planting methods the drill method is best. The grain is planted evenly and without waste. It is all planted at the correct depth. It is covered uniformly.

When a drill is used the best possible start is insured. That means less harm from either extremely wet or dry seasons, the heads filled out solidly with plump kernels, the grain all ripening at the same time. That, in turn, means money saved at harvest, in threshing, and top prices for the grain you sell.

No matter what grain crop you plant this year, the Kentucky drill will give you a better chance to make a profit this fall. From our extensive line you can easily choose just the type of drill you need. A word from you and all our facilities are at your service.

A MOUNTAIN GROVE INTERVIEW

Mrs. Byer Tells Her Experience

The following brief account of an interview with a Mountain Grove woman over seven years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. C. E. Byer, 330 W. First St., Mountain Grove, Mo., says: "I was in bad shape. The least exertion left me weak and nervous and my back ached nearly all the time. I also had dizzy headaches. The first few doses of Doan's Kidney Pills gave me relief and by the time I had finished one box, I was rid of the trouble." (Statement given January 5th, 1907.)

OVER FOUR YEARS LATER, Mrs. Byer said: "I use Doan's Kidney Pills when any of the old aches or pains appear, and they always remove them and regulate the kidneys."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Byer has twice publicly recommended. The Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

When the bones ache and the joints are inflamed, with much tenderness at the affected parts, you need a powerful penetrating agent to overcome the attack.

BALLARD'S SNOW LINIMENT
IS A PAIN RELIEF OF GREAT EFFICACY.

Its wonderful penetrating power affords a most gratifying sense of relief to the afflicted. It cures pain quickly, subdues all inflammatory conditions and rapidly restores strength and comfort in the aching joints. It is equally effective in relieving neuralgia and sciatica. Rub it in well, gently but thoroughly; its healing and strengthening influence is manifest as soon as it reaches the nerves at the seat of the disturbance. A few applications controls the disorder and restores normal conditions. As a household remedy for curing cuts, wounds, burns, sores or the hundred and one accidents that are always occurring to the flesh, it has no superior.

Put Up in Three Sizes, 25c, 50c and \$1.00 per Bottle.
