The Wright Douglas County Medical Association will have a meeting in Norwood today. Discussion will be as follows: Dr. J. E. Dewey, of Springfield, "Kidney and Bladder Calculi"; Dr. R. M. Rogers, of Mansfield, "Thoracic Aneurysm"; Dr. R. A. Ryan, of Norwood, "Rheumatism". The discussion of after effects of war gas will be discussed by special request of the war department.

Carl Vollenweider of Seymour, was in Mansfield a short time last Monday. He was here in the interest of grape-growing and to get a bunch of Mansfield boys to make a trip to Springdale, Ark., on the 14th of this month, in company with Seymour, Rogersville, Marionville and other towns, to see what the grape growers are doing in these grape districts. We would like to see Mansfield send a good delegation.

Representative J. J. Kyle, of Ozark county, passed through Mansfield the first of the week, on his way home. Mr. Kyle is one of the strong representatives from the Ozarks part of Missouri, and always makes a hard fight for this part of the state. He says the House road bill is a good measure for this part of the state and will operate in a way that will give us some good, substantial roads, and that he is well pleased with it.

With the planting of grass and rolling the lawn the residence property of the A. J. Clark is just about completed. However they have been living in their new home for several weeks. The home is a nice cozy-looking smooth stucco bungalow, painted a tropical white, with a stucco garage, and concrete driveway leading to same. In a couple of years, when all the grass, vines and shrubbery have attained their proper growth, the Clark property will be one of the show places of Mansfield.

Northwest Missouri and eastern Kansas were visited with heavy rains the first of the week. We have had light rains in the vicinity of Mansfield recently. Crops on the north side of Mansfield are fairly good, though the upland corn is damaged considerably by the recent drought. South of Mansfield the crops are not so good, having missed a few much needed rains. According to government reports, crops in the Mississippi basin are a little above the average.

Tuesday's Election.

Unofficial reports from over the state give all the amendments and propositions voted on at the August election a safe majority, though the amendment giving women the right to hold office seems to be carrying by a small margin—about 13,000. The vote so far compiled shows:

For a constitutional convention, 93,564; against, 37,610.

Amendment No. 1 (Women)—Yes, 73,555; No, 60,302.

Amendment No. 2 (Roads)—Yes, 107,404; No, 22,002.

Amendment No. 3 (Bonus)—Yes, 106,800; No, 30,601.

The vote, which was very light in the Mansfield district, is as follows:

Total votes cast, 185.

For constitutional convention 113; against, 45.

1st amendment, giving women right to hold office—Yes, 97; no, 77.

2nd amendment, auto license fees to be used to pay \$60,000,000 bond issue—Yes, 107; no, 6.

3rd amendment, creating fund of \$15,000,000 to pay soldiers a bonus—Yes, 142; no, 41.

The Western Tie and Timber Company has obtained a federal permit to establish a dam in Current river at Red Rock Landing, about 8 miles below Eminence, the county seat of Shannon county, and about a mile and a half below the junction, at the point where Current River and Jack's Fork come together is called—Willow Springs Republican.

Ovis Fuson, of Hartville, who will represent Wright County in the Boys' State Fair School at the Missouri Centennial Exposition and State Fair, August 8-20, is planning to leave soon for Sedalia. He was winner of the annual competitive examination given by the county superintendents of schools for the purpose of selecting a boy to attend the Centennial-Fair at the expense of the State.

P. T. Barnum once said that the people loved to be humbugged—they have not changed much since the passing of the great showman, judging by the patronage of the Tuesday night performance in Mansfield. But it proves one thing conclusively, that the use of printer's ink and systematic advertising will produce results. And when backed up with "the goods" will produce a lasting effect. Advertise what you "have" and "have" what you advertise, and the result is permanent. There is plenty of opportunity to attend a nice, clean show in Mansfield—a home institution—one that pays taxes and spends money at home—a twice-a-week show—the Nugget.

Federal Board for Vocational Education Issues Call to Disabled Veterans of Wright County.

O. W. Price, supervising officer of the Springfield office of the Vocational Board was in Mansfield Wednesday of last week, in the interest of the disabled men of this vicinity.

Mr. Price states that many disabled ex-service men do not understand the opportunities being offered by the government in the way of vocational training. While the disabled man is in training he is paid an allowance of from \$80 to \$170 per month. Besides this, the government pays for all tuition, books, tools, etc., needed in attending a college, or in learning a trade in some shop or factory in his home town. As soon as he finishes his training he is returned to the pay roll of the War Risk Insurance Bureau, and continues to draw compensation as long as he has a disability.

The territory of the Springfield office of the Board comprises 50 counties of southern Missouri, and has a total of more than 2000 disabled men in its area.

If you have a disability, due to service in the World War, and have not made application for vocational training, please write the Springfield office, at 5426 Landers Bldg., as they desire to serve you in every way possible.

Mr. Price informs us that several men are being trained in Mt. Grove, and that the government is planning to start a poultry school in connection with the Experiment Station in the near future.

Farm Club Picnic.

The Farm Clubs will hold a picnic on the Gasconade river, at Newton Ford, August 12th. Music and entertainment will be furnished by the various clubs. Mr. Wadsworth will give a short talk in the forenoon. We will eat dinner from twelve to one. At one a swimming contest will take place, after which we will have a potato race, an egg race, and a nail driving contest. All ladies who wish to drive nails, bring No. 6, nails and a hammer. The winners in each contest will be awarded a prize. At two we will be called together to sing farm club songs, after which Mr. Wadsworth will again address us. Everybody come, bring your wading clothes, and well filled baskets, drink lemonade, and enjoy yourself. Let's endeavor to make it the best get-together meeting of the season.

Oh! Daddy, let's go to the Farm Club picnic.

\$60,000,000 Road Law is Passed by Legislature.

The \$60,000,000 road law has passed the House and Senate, and with the signature of the governor, becomes operative.

The law, as finally passed, is very good, and guarantees to each county at least two good gravel roads. Most everyone expresses themselves as being well pleased with the results, and with the roads in prospect.

The conference committee bill which was passed gives the first recognition of trunk line roads.

Twenty-nine million of the 60 million bond fund is set aside for 1,500 miles of trunk roads connecting the larger towns of the state. The remaining 31 million are to be used in constructing the rural roads of gravel (properly bound) costing not less than \$6,000 a mile.

The federal aid also is apportioned in the same manner as the state road fund.

The town to town designation of the state system, insisted on by the house, is retained in the bill. But an important amendment is added permitting the highway commission to make any change desired in the fifteen hundred miles of trunk line roads.

Under the apportionment clause agreed on by the committee, which caused the 3-day deadlock, one third of the bond money is set aside for higher type roads. In addition the higher type roads are apportioned the \$6,000 a mile guaranteed for the gravel construction, making the total for that purpose 29 million dollars. The remaining two-thirds is to be used in building the rural roads of gravel or its equivalent.

One important provision of the bill is establishing a patrol system to maintain the state roads. The house bill would permit only \$120 a mile for maintenance. The conference committee removed the limitation.

The bill gives the highway commission power to regulate the weight of loads hauled on the state roads, and the speed of vehicles.

The bill authorizes the issuance of \$10,000,000 in bonds after March, 1923, and \$5,000,000 each year thereafter until the entire amount has been issued. They are to bear interest at the rate of 5 per cent, and cannot be sold for less than 95 per cent of their value.

Mansfield Day at Norwood.

Plans have just about been completed for a delegation from Mansfield to attend the monster picnic at Norwood the latter part of the month. Friday, August the 26th, has been set aside as "Mansfield Day" at the Norwood picnic, and Manager Household has promised a royal welcome to the Mansfield delegation.

The Mansfield Concert Band will accompany the delegation to Norwood, and help to enliven the day. Those who anticipate going on that day should get in touch with Mr. A. J. Clark at the Bank of Mansfield; and let him know how many are going with you. It is expected that a delegation of more than 100 boosters will go on this day, and most all going by auto. If you have a machine, and can make room for others to go with you, give your name to Mr. Clark. By all means let Mr. Clark know if you intend to go.

Come on, you booster! Let's boost Mansfield, its products, its plans, and above all—OUR Big Fair and Centennial Celebration this Fall.

The Kansas Picnic.

It was a happy bunch of about 80 Kansans who gathered at the Frank Williams home park, about three miles south of Mansfield, last Wednesday, in their Third Annual Picnic of the Sons of the Sunflower State.

The day was spent in visiting, social chats, and mingling together in the shade of the beautiful park trees. A fine dinner was spread, which proves beyond a doubt that a Kansas woman can cook successfully from Missouri products grown in the Ozarks—and the finest ice cream and cake—served by the surliest Kansas kids, who looked as fresh and sweet as the Ozark mountain morning dew. All these and more can be proven by Dr. Riley and ye editor, who did full justice to the splendid dinner.

Short talks were made by Dr. Riley and the editor of the Mirror, on "How a Kansan can make a living in the Ozarks". They talked on the subject of grape-growing and strawberry culture, dairying and poultry. Then followed a novelty song by the young ladies, "Wear us from Kansas." W. C. Reece acted as toastmaster and chairman of the day.

The following heads of families and others were present: W. C. Reece, I. T. Alfred, Frank Williams, Peter Upp, Jesse Conover, Everett Dugan, W. C. Swabby, Earl Adell, O. P. Ludlow, F. H. Riley, Earl Hydorn, G. B. Nonamaker, F. J. Kelley, J. Taylor, John Griffin, E. A. Lund, Geo. Nettleton and Oliver B. Davis.

The following executive committee was elected to serve the ensuing year: Oliver B. Davis, W. C. Swabby and W. C. Reece. Officers elected: W. C. Reece, president; I. T. Alfred, secretary; Oliver B. Davis, treasurer. The picnic next year will be held at the same place on the first Wednesday in August.
