## Geo. C. Murrell for Probate Judge

We are authorized to announce in this weeks issue, Geo. C. Murrell as a candidate before the Republican Primary for Judge of the Probate Court. We shall not attempt to introduce Mr. Murrell to the people of Wright County. He is perhaps, as well known as any man in the county. He is the present incumbent of the office for which he seeks a re-nomination, and has given general satisfaction. He is a lawyer, and is especially qualified and fitted for the important duties of the office which have to deal with matters of a legal nature. He has kept one of the best records in the state, and has given particular attention and care to all records in his office affecting land titles. His official acts speak for him that he has guarded and protected the interests of widowed women and minor children, and all estates that have come under his jurisdiction. That the people have confidence in his integrity and ability, and the manner in which he has conducted the affairs of this office is shown by the fact that at the close of his first term he was nominated in the primary, and elected in the general election without opposition.

## Emmet L. Jones for Circuit Clerk.

Emmet L. Jones, a son of J. D. Jones was born and raised in Wright County. He is a member of a large respectable, republican, religious family. Mr. Jones is 28 years old, and has never given his labor to other business than the farm and public school teaching of which both are very successful. The qualifications and reputation of Mr. Jones is beyond question in this county, but he states "with my present acquaintance and occupations and the good men as opponents, I greatly depend on the good thinking country mothers for support." and because Mr. Jones knows country folks best; he and you are not acquainted, doesn't change his ability. So try to see him, he is looking for you. The nomination in August will mean his election in November.
