I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. **Mother-To-Be, Read This—**

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician expert in this specialty, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Note: Write for valuable, free illustrated book, "Motherhood and the Baby," containing important authoritative information which every expectant mother should have, and all about "Mother's Friend," to Bradford Regulator Company, B.A.-21, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.
