FARMINGTON EASILY DEFEATS RAWLINGS.

Patton Strikes Out 15 and Allows Only One Hit—Score 7 to 0.

Farmington won its ninth straight victory last Sunday, defeating the Rawlings of St. Louis 7 to 0. Patton, as usual, was in fine form and let the visitors down with one safe hit. The day wasn't a very pleasant one for a ball game, but still a good crowd was present to see Farmington "do 'em up." Hough was the batting star of the game, getting 3 hits out of 4 times at bat. E. Blue played his usual good game at short, accepting everything that came his way and getting a couple of nice hits. Farmington made their first run in the fourth, E. Blue cracked out a single, stole second and scored on Hough's hit. Evans and Rickard scored in the fifth, Hough in the sixth, W. Patton in the seventh and Simmons and DeGrant in the eighth. Early Change of Postmaster Probable.

The official term of Postmaster Mark L. Doughty expired yesterday (the 28th), but of course he holds over until a successor is appointed. There are several aspirants for the position and their applications have been on file with the Post Office Department for some time, but no appointment has yet been made. We understand that Congressman Rhodes will be here on or about July 7th to personally look over the situation and inquire into the availability of the several aspirants. Some months ago a semi-official notice was given out from the Post Office Department that there would be no changes made in presidential post offices except for cause, and if this policy is adhered to Mr. Doughty may possibly be retained, although he has made no application for re-appointment. During Mr. Doughty's incumbency, it is our pleasure to testify to his uniform courtesy, impartial treatment of the patrons of the office and general good nature at all times. In the discharge of his duties he never allows political favoritism to influence his actions, but whether the patron is Republican or Democrat, professional, business or laboring man, the same courteous consideration is shown, and when he steps down and out he will carry with him the good will of everybody.

Birthday Party.

Kennet and Preston Byington, Roy, Ora and Paul Turley, John Westover, Alfred Holmes, Fred, Keel and Lawrence Thurman, Howard and Roy Smith and Harvey Smith. At five o'clock a bountiful supper was spread, after which the guests retired to the parlor and music was rendered by Kennet and Preston Byington. Later refreshments were served, and all departed for their homes, wishing Miss Iva many happy returns.

Prolific Cherry Trees.

A Mr. Meyer, living a few miles north of town, gathered this season 80 gallons of cherries from two trees; R. P. Taylor has a tree that produced 45 gallons, and the editor of THE TIMES has a tree in his garden from which 23 gallons of cherries were gathered. There may be others who have trees that will average up with these, for this has certainly been a fine season here for small fruits.

During Mr. Butler's work and stay in Farmington he has not only proven himself to be a gentleman but an active and energetic school room worker, and will evidently make a good man at the head of an institution for which he has had special training under President Moothart himself.

We thank those of our subscribers who have cheerfully and promptly responded to the statements sent out from this office, and hope that all to whom statements have been sent out will favor us. Our creditors, those of whom we buy paper, ink and other material, to whom we pay rent, the labor we employ, etc., must be paid each week and every thirty days, and it requires all that is due us to meet these demands. This fact makes us appreciate very highly the prompt responses to the statements we send out from time to time.

Mr. Sebastian was born and reared in St. Francois county, and is one of the oldest native-born citizens of the county. Mr. W. D.
