

SHORT TALKS BY L. T. COOPER.

THE STOMACH.

My but peoples' stomachs do cause a lot of trouble. I offered

C. H. POWELL.

agree with me. They heard people come in and tell me that for years they had been near the grave with Bright's disease, or lung trouble, or kidney complaint and all manner of diseases and that the New Discovery had cured them. Of course these people were mistaken, it was nothing but their stomachs. As a matter of fact when the stomach gives out most everything else is thrown out of order too.

When a person feels tired and dull and despondent, is losing flesh and don't sleep well, has a poor memory, a bad taste in the mouth, a coated tongue, and other troubles he's liable to believe a lot of things are the matter with him. Nine chances to one it's his stomach. I've seen Cooper's New Discovery bring back health to too many people in just this shape to believe anything else. Here's a letter about it:

"I suffered for a long time without knowing just what was the matter with me. I seldom felt like eating. I lost greatly in weight. My digestion was extremely poor and when I did eat I invariably suffered afterward. I was constipated and frequently suffered from nerve racking, violent headaches. When I heard of what the Cooper remedies were doing for others I resolved to try them."

"Relief came with the first bottle. My appetite and sleep improved rapidly. I am no longer constipated nor do I have those dreadful headaches. I sleep well and am gaining flesh." C. H. Powell, 13 Harrison Addition, Duluth, Minn.

We are selling immense quantities of these medicines and our customers express great satisfaction.

COUNTY COURT.

An adjourned term of the County Court met last Wednesday, with all the officers present.

Application was made by Henry Owens for dramshop license, which was refused on the ground that the application failed to comply with the conditions of order of the court relating to dramshop petitions made at the February term.

The County Treasurer was instructed to pay road warrant for \$3 75 on road district funds of the current year belonging to district No. 27.

County Clerk Lawrence made quarterly settlement, which was approved.

Death of Mr. John McLarney.

John McLarney was born at Pittsburgh, Pa., Dec. 20, 1832, and died March 15, 1907, aged 75 years, 2 months and 25 days. He was married to Nancy J. Hill on Nov. 21, 1852. To this union were born 7 children; four boys and three girls. Four of this number have passed to the unseen realm, leaving three, one boy and two girls, to journey on awhile longer amid earth's trials and conflicts. One of these is our well known Sister Johnson of this church (Flat River.)

Bro. McLarney first became a member of the Methodist church in Illinois when 19 years of age. In 1896 or 1877 he united with the Church of Christ at Irondale, Mo., under the preaching of Eld. T. E. Shepherd. All this time he lived a faithful and consistent Christian. He was sick for 13 months, during which time he was able to be out of his bed but very little. As he gradually grew weaker his faith grew stronger, and he expressed a perfect resignation to the will of the Lord, and at the last was anxious to go and be with the Lord.

At his request, his funeral was preached by the writer in Flat River Christian Church, after which his body was taken to Doe Run, accompanied by many friends and relatives who, together with many others at Doe Run that joined in the procession, followed the remains to the beautiful cemetery of the L. O. O. F. at that place, and witnessed the burial of him whom to know was to love and respect.

To his sorrowing relatives we say, weep not for him, nor sorrow that he has gone to rest, as he was a ripe sheaf for the garner of the Lord, and ready to go. Let us all try to meet him in that better land.

SOUTHEAST NEWS.

Two large panthers have been killing cattle in the swamps near Malden.

Malden is to have an ice cream factory, to be established by a famous enterer of Cairo, Ill.

Diek Houek of Millersville committed suicide last week. No cause is known for the deed.

The proposition to build a new Court House in Washington county carried by a vote of 1,041 to 487.

Malden wants a \$20,000 brick school house, and the people will vote on the question of issuing bonds at the city election.

The Ironton Register announces that there will be five excursions from St. Louis to Arcadia this summer for a round trip fare of \$1.25.

The Jackson Herald suggests a hack line or an electric car service between that town and Cape Girardeau on account of the poor service of the Houck road.

Mrs. May Summers of Ironton hurt her foot on a rusty nail on the 16th and paid no attention to it, but in a few days lockjaw developed, from which she died.

Down in Cape Girardeau they have twelve separate tickets for the city election. One man is on ten of them for Mayor. They vote for city attorney and police judge down there.

While Mrs. Thomas Barks of Wayne county was helping her husband out a tree down on the 13th, it fell in an opposite direction from that expected and struck her twice, injuring her so that she died in a short time.

The Baptist church at Fredericktown has opened a free reading room supplied with all the latest magazines and papers. The room is equipped with writing desks and everybody is welcome to the rooms, which are open every evening except Sunday, when the rooms are open in the afternoon. A good move in the right direction.

The Bird Law.

The Missouri statute makes it unlawful to kill any song or insectivorous bird at any season of the year, or disturb, rob or destroy the nests of such birds, or take therefrom any eggs. Here is the law:

Section 2. No person shall, within the State, kill or catch or have in his possession, living or dead, any wild bird other than a game bird, or purchase, offer, or expose for sale, transport or ship within or without the State, any such wild bird after it has been killed or caught, except as permitted by this act. No part of the plumage, skin or body of any bird protected by this section shall be sold or had in possession for sale. For the purpose of this act the following shall be considered game birds: The Anatidae, commonly known as swans, geese, brant, and river and sea ducks; the Halidae, commonly known as rails, coots, mudhens and gallinules; the Limicolae, commonly known as shore birds, plovers, surf-birds, snipe, wood-cock, sand piper, tattlers and curlews; the Gallinae, commonly known as wild turkeys, grouse, prairie chicken, pheasants, partridges and quail.

Section 3. No person shall, within the State of Missouri, take or needlessly destroy the nest or the eggs of any wild bird nor shall have such nest or eggs in his or her possession, except as permitted by this act.

Section 4. Any person who violates any of the provisions of Sections 2 and 3 shall be guilty of a misdemeanor, and shall be liable to a fine of \$25 for each offense, and an additional fine of \$5 for each bird living or dead, or part of a bird, or nest or eggs possessed in violation of this act.

"MANLY ART" IN FRANCE.

Sport of Boxing Just Now Something of a Craze.

Boxing has become quite the rage in Paris; the old savate, with its effective high kicking, has been discarded for the "noble art" of Britain. But our lively neighbor the Gaul has always had a smacking affection for a manly bout of battles of a Flanders. When Owen Swift, the famous champion of the lightweights, took refuge in Paris after killing his opponent, Richton Hill, in a prize fight, he was patronized by all the members of the French Jockey club. After a heroic battle at Charenton with Jack Adams, another pugilist of renown, Swift was arrested and brought before the Paris tribunal of correctional police on a charge of "having inflicted wounds occasioning an incapacity to labor for less than 20 days." Owen's description in his evidence of the course of training which he had to go through had an amusing effect upon the young sporting swells of Paris. For months afterward these young exquisites might be seen going at their best pace along the streets and boulevards, muffled up to their eyes in sweaters and greatcoats, getting into condition for boxing.—T.
