CARLETON COLLEGE NOTES.

The new catalogues will be out by Commencement. This issue will be the best ever put out by the school.

The total enrollment for the year is now between 150 and 160. This is the greatest enrollment for any one year in the history of the school.

The first of the chapel talks was given Wednesday morning by Prof. Taylor. Each of the teachers will address the school, and then the students will follow, one each morning.

Rev. W. T. Wright, pastor of Linwood Boulevard Church, Kansas City, Mo., will preach the baccalaureate sermon. Dr. Wright is an able minister and Carleton College is fortunate in securing his services. The sermon will be preached Sunday morning, June 3.

Plans are being formed to add another member to the faculty the coming year. The department of science has grown so that it is necessary to have some one for that department alone. A specialist will be sought after who can devote his entire time to bringing up that feature of the school.

Dr. Chas. Donnel of Fredericktown, while out fishing on the 21st ult., attempted to climb over a barbed wire fence, with the result that he was caught by the wire and fell, breaking both bones in his left leg.
