A SPLENDID LECTURE.

A fine audience greeted Mrs. Edith Smith Davis, World Organizer of Scientific Temperance, at the Southern Methodist Church last night. Mrs. Davis is a forceful, instructive and magnetic speaker, with rare elocutionary powers that holds the rapt attention of her audience. Her lecture was indeed world-wide in its scope, graphically portraying experiences that had come into her life in different countries, from Sunny Italy to the frozen north, in the Orient and from the slums of our cities to the homes of culture, all pictures that told the story of the curse of alcohol. We regret that we cannot give a full synopsis of her splendid lecture. Mrs. Davis speaks at Centenary Church, Bonne Terre to-night.

TWO MORE CONVICTS FROM THIS COUNTY PARDONED.

Last Friday Governor Hadley pardoned or paroled two more men who were sent to the penitentiary from this county—Edward Freeman and Tony Setzer. Freeman was convicted of manslaughter and sentenced for two years. He has been in the penitentiary since last December. He struck and knocked down a man who he said had insulted his wife. In the fall the man's head struck some concrete, resulting in injuries that caused his death. Setzer was one of the three men who assaulted Deputy Constable Larry Murray when he was trying to collect poll tax from them. The other two, Tony Dignovny and Joseph Kuznes, had been previously pardoned. It is said that county officials, members of the jury that tried him and business men had recommended the pardon of Freeman, and that the punishment of the three men who assaulted Murray was too severe, as it was more a case of assault and battery than anything else.

CATHOLIC CHURCH DEDICATION

Invitations have been received in St. Louis for the dedication of the new St. Joseph's Catholic Church, in Farmington, Mo., of which Joseph A. Collins is pastor. Archbishop J. J. Glennon will officiate at the dedication ceremony at 10:30 o'clock Sunday morning, October 13. Father Collins has many friends in St. Louis, having spent his boyhood and youth in Holy Name parish, receiving his preliminary training under the direction of Rev. P. W. Tallon, who was then pastor. Father Collins was assistant to Rev. J. J. Tannrath at St. Agnes' Catholic Church, St. Louis, before he was made pastor at Farmington.—Globe Democrat.

CHURCH NOTICES.

Methodist Episcopal Church.

The pastor will preach both morning and evening next Sunday.

Provisions will be made for warming the church by next Sunday so that none need stay away for fear of a cold room.

It is especially desired that all the teachers and scholars of the Sunday school be present and on time next Sunday, as the formation of the classes and the assignment of teachers to them will be attended to early in the session.

Just one reminder to those who may have library books at their homes. Please see to it that such books are returned not later than next Sunday, as we desire to classify them and catalog them. If all will do this the library can be open to all our people the following Sunday.

J. W. BORAH, Pastor.

Christian Church

Services next Lord's day as follows: Bible School at 10 a. m. It is earnestly desired that every one be present at Bible School. Let us now bend every effort to reach that 175 mark. Morning service at 11 o'clock. Evening service at 7 o'clock. We are glad to welcome among our workers Bro. and Sister Frank Coffman who made the good confession last Sunday evening. We are earnestly hoping that others will follow their example. Come let us move forward.

J. M. BAILEY, Minister.

PUBLIC SCHOOL NOTES.

This week closes the first month of school work. Tests will be given this week and the report cards will be in the hands of the parents about the middle of next week.

There is yet a lack of serious application on the part of many students in the High School. Every High School student should have regular hours for home study. We estimate the time outside of school necessary for the satisfactory preparation of the regular work of four subjects to be two hours. If the student claims that he can get along satisfactorily without so much studying, he either does not appreciate what is required of him at school or is taking school life too easily.

The fifth, sixth, seventh and eighth grades should also have a regular time for home study. The period need not necessarily be so long if the pupil is up with the class. We take the position that the school work of the school boy and school girl is their business, and that it is the duty of each boy and each girl to attend to this business just as faithfully as the business man attends to his business. If the school

work is made a secondary matter we need not expect very good results.

Parents are urged by the Principals of the Ward Schools not to permit their children to start to school so early as to get to school before the ringing of the first bell at 8:30 a. m. Many children are arriving much earlier and others are loitering on the streets where they should not be. It will be appreciated if the parents will assist the teachers in this matter.

A series of addresses for the High School has been arranged for by Principal Moyers. The professional and business men who can be interested and induced to do so have been or will be invited to speak to the school on question of interest and importance to students of this maturity. Rev. J. W. Borah spoke last Wednesday at the opening exercises on the subject "The Value of a Purpose in Life," as an incentive to the best preparation and effective results. Dean Smith spoke Monday morning on the subject of "The Value and Importance of a Liberal Education." Mr. W. R. Taylor will address the school sometime in the near future. We are glad that these men are taking such interest and are contributing of their influence and ability to the benefit of our school.

Miss Montgomery of the Cape Girardeau Normal was a caller at the High School Monday morning. She was here in the interest of the "Extension Work" of the Normal among the teachers of St. Francois county. This "Extension Work" puts the opportunity for advancement in an educational way within reach of many teachers while they are still doing their regular work in the school room. The Normal credits all work done in this way.

THE SUPERINTENDENT.

Mr. E. M. Logan, of Bellevue, was in town last Wednesday and told us of the death a few days previous of his old horse, "Selim," aged 37 years. The animal was known to everybody in Bellevue and had been in Mr. Logan's possession since he was about three months old. He says he would like to ascertain if there is any one in this part of the state knows of as old a horse as his, 37 years. Pretty good age for a horse and positive evidence of good treatment. About the same time that Selim died Mr. Logan tells us that his mother, Mrs. Ann Logan, lost a horse that was 28 years old and which she had had since it was a colt.—Ironton Register.
