

**You'll enjoy the sport of rolling 'em with P. A.!**

**F**—go get some makin's papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

Prince Albert is sold in tippy red bags, tidy red tins, handsome pound and half pound tin tins and in the pound crystal glass humidor with a sponge moistener top.

Copyright 1921 by R. J. Reynolds Tobacco Co. Winston-Salem, N. C.

No use sitting-by and saying maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words emphatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you slip between the sheets without a comeback.

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe—forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It's a smoke revelation in a jimmy pipe or a cigarette!

# PRINCE ALBERT

the national joy smoke

L. C. Woodrow.  
Mrs. Z. Welker spent Friday in Ironton.  
Henry Harris was in Flat River Friday on business.  
J. Highley, of Dealogo, was here Wednesday.

Dr. Elmer, of St. Louis, was a professional caller here last week.

## Ship and Sail under the Stars and Stripes to all parts of the world

**Y**OU can now travel, or ship your goods, to any part of the world on American owned and American operated ships, flying the American Flag. American ships are modern, scientifically designed and constructed, new ships built for satisfactory service.

American ships will carry you in comfort to South America, England, Europe, the Mediterranean and the Far East. And the further from home you go, the more of a thrill you'll have to see the Stars and Stripes floating above your head.

### President Harding says:

"We know full well we cannot sell where we do not buy and we cannot sell successfully where we do not carry."

### HOME DEMONSTRATION NOTES

The I. C. U. Homemakers' Club met Thursday, May 13th, at the home of Mrs. W. J. Martin. Sixteen members and six visitors were present. Roll call was answered by the reading of Home Convenience Slogans and suggestions. Mrs. C. C. Schuttler explained the need and told of the work that has been done by the various groups of women through the county, toward establishing a County Detention Home. The Club voted to go on record as being in favor of the establishment of a Detention Home, and to inform the chairman of the Detention Home Committee that such had been done.

A caponizing demonstration was given by Mr. C. A. Doubet, Farm Manager of State Hospital No. 4. Mr. Doubet also discussed possibilities of making good profits in the selling of capons. The women were glad to have such a demonstration and so interested that they voted to buy a set of caponizing instruments for use of the club members.

The meeting of the Bar-Oak Grove women, which was to have been held Wednesday, May 11th, has been postponed until June 8th. Unless it rains, the meeting will be held at the home of Mrs. W. A. Krekel. Each woman is asked to bring a needle and thread and piece of cloth in order to make samples of various short cuts which will be demonstrated.

Girls' Clubs  
Girls in Valle Forge district organized a sewing club with eight members, April 28th. Miss Edna Green is their leader.

At DeLassus, another sewing club was organized May 13th, with an enrollment of eight members. Their club will be directed by Mrs. E. M. Herwig. Meetings will be held the second and fourth Wednesdays of each month.

Twelve girls at Desloge are taking up sewing club work for the summer. This club was organized April 15th. There is no leader for the club yet, but by the next meeting, the girls hope to have one.

Copenhagen has a girls' club of seven members, organized May 16th. They will hold their first meeting Tuesday, May 24th.

The following poem, taken from the "Farmer and Stockman," tells what happened to "Ten Little Farm Women":

"Ten little farm women, happy and fine,  
One killed herself with a washboard,  
Then there were nine.

"Nine little farm women, calm and sedate,  
One died on the way to the cistern,  
Then there were eight.

"Eight little farm women dreaming of heaven,  
One broke her back with a broom,  
Then there were seven.

"Seven little farm women, all burning sticks,  
One got a fireless cooker,  
Then there were six.

"Six little farm women, more dead than alive,  
One couldn't have a pressure cooker,  
Then there were five.

"Five little farm women, weary and foot-sore,  
One couldn't get a sink,  
Then there were four.

"Four little farm women, tired as could be,  
One tired of cleaning lamps,  
Then there were three.

"Three little farm women, discouraged and blue,  
One wanted heat,  
Then there were two.

"Two little farm women all "tuckered" and done,  
One couldn't have a kitchen cabinet,  
Then there was one.

"One little farm woman, struggling all alone,  
She went to town with her children,  
Then there were none."

## Why should a Girl Study Nursing?

Look at the choice of a vocation merely as a wage-earning BUSINESS, in the selfish and mercenary way, and these facts commend the profession of the Trained Nurse:

The qualified nurse is in urgent demand. She need not seek for she is sought. Present-day fees to Trained Nurses are \$5.00 and \$7.00 a day; and this is a NET income.

The Trained Nurse can live where she chooses; she may travel all she likes; her employment is sure wherever she goes.

A Trained Nurse has a dignified social standing; she commands deserved deference.

Any suitable girl, from 19 to 35, with two year's High School training, will be trained for Nursing without any cost to her for tuition or subsistence.

Or regard the profession of Nursing, as the Trained Nurse does, from the lofty ground of fine ideals; and then this is the way you must think of the profession:

Of all careers women follow, none is nobler than this; none more truly useful.  
The Nurse renders a service to humanity that is beyond all praise.  
From every grade of mankind, the world's warm gratitude is given the Nurse.  
Her calling uplifts her own character, and earns her the esteem of her community.  
If you face the need of choosing a life-work, it will perhaps be well worth your while to consider our readiness to train you for Nursing, free of all expense for tuition or subsistence. Please make inquiry.

**ST. LOUIS COUNCIL FOR NURSING EDUCATION**  
Room No. 209, Municipal Courts Bldg., 14th & Market Sts., St. Louis, Mo.  
This council represents the four leading hospitals of St. Louis which are rated by the (Central) Council for Nursing Education as the highest type, (namely): the City Hospital; Barnes; Jewish; and St. Luke's.
