The late Home Meat Market, which was recently purchased by W. A. Shipp, has been closed up, and the equipment sold to the McAtee Produce Co. It seems that meat shops are too plentiful here for all of them to continue in business.

Can you think of anything that will be so appropriate, or so appreciated, for a Christmas gift, as the new and enlarged Times for 1922?

The children of the Orphanage were given a special dinner Christmas day, which consisted of eight large turkeys and all the necessary and many fancy trimmings. That approximately 110 children enjoyed the occasion is but slight expression of the real pleasure and enjoyment it brought to that aggregation of little ones, whose days are constantly kept cheerful at that splendidly managed institution.

A Times reporter the other day heard a man say his taxes for this year were smaller than they were last year. We would suggest that if such is a fact he would be wise to keep still about it, for one of two things is certain: Either he has less property on which to pay taxes, or else an error has been made somewhere in his favor. Taxes are really considerably higher this year than they were last, notwithstanding the fact that we are now supposed to be enjoying peace, and are getting practically back to "normalcy."

The Times wishes all a happy and prosperous New Year. But we are going to do more than that during 1922. We are going to put forth our very best efforts to bring to each and every reader of the Times throughout the New Year a better paper than it has ever been in the past, which will increase their pleasure and happiness to that extent. At least The Times will be a larger paper during 1922 than ever before, and it is our hope and belief that its readers will find it to be better than ever. It will be the largest paper in St. Francois county during the coming year. If your name is not on our subscription list, it will add much to your pleasure and profit to have it so enrolled at once, so as to start the New Year right.
