

days till the opposition to Francis gets a county.

The "gravel trains" are coming in, thank you.

Pike county, another agricultural county, for Francis.

Linn county, another agricultural county, for Francis.

Fourth of July should be celebrated in Mexico this year.

Boone county, another agricultural county, for Francis.

Have you subscribed to the fund to improve the Boulevard?

Judge Burckhart is not a candidate for Governor, all rumors to the contrary notwithstanding.

Ladies are especially invited to attend the matinee races Friday afternoon. To see the improved grounds and track is worth the trip.

Have you subscribed to the Boulevard improvement fund? Pay a dollar and you become a member of the Gentlemen's Driving Club.

W. L. CORNER wants it distinctly understood that he is coming in from his farm to carry Local Option in Mexico. We suggest that he bring his farm in with him.

There will be a mass convention in Mexico Saturday to elect ten delegates to the convention which meets in Sedalia on the 17th to elect delegates to the National Convention in St. Louis.

Francis got more votes in Boone county than all the other candidates for Governor put together. While he was only in the county for 24 hours, Glover, with Morehouse was there a week.

MAJ. DAVID CARUTH, of St. Louis, is receiving strong endorsements for delegate at large to the National Convention. We know of no man in the State more worthy or more active in the support of Democratic principles.

PARENTS should see that their boys are kept away from the depot. Sunday we counted thirteen boys from 8 to 14 years old at the depot. They should have been at home. The next thing you know they will be brought home a piece at a time.

COL. ED STEPHENS, of the Columbia Herald, was correct when he said, "all the enemies of Senator Vest are fighting Francis, as they know his nomination will lay out Johnny Glover, who wants Vest's place."

Tax matinee races at the Fair Grounds next Friday afternoon should be well attended. This meeting is the first of a series to be held weekly. They will prove quite interesting and be the means of bringing good road horses in our midst.

WALTER TRATCHEL has withdrawn from the race for County Judge of the Eastern District. There is no Democrat in the county more worthy of honor or stronger with his friends and we are sure he would have made it hot for the field.

MEXICO will have a chance on the 9th of July to buy the Mexico Water-works under the hammer. It does look to us as though that would be a golden opportunity for the city to purchase the works. This matter should be thoroughly investigated.

CONVENTIONS have been held in six counties to date and the delegates are all for Francis as follows: Howard county, 5; Morgan county, 2; Scott county, 3; Boone county, 7; Pike county, 7; Linn county, 4; making a total for Francis of 28 delegates; opposition, nothing.

DAVID R. FRANCIS has visited 25 counties and made hundreds of speeches during this campaign, and in none of his speeches has he said a word derogatory to his opponents. As much cannot be said of some of his opponents, who, jealous of his popularity with the people, seek to injure him on every occasion.

THOSE were indeed reckless burglars who broke into "Mark Twain's" residence at Hartford, Conn. Twain might have caught them and read to them that old yarn of his about a duel. No burglar that ever lived could have resisted the narcotic influence of such an infliction.

THE fish commissioners have repeatedly advised farmers to construct fish ponds and raise their own fish, and it is surprising how few have heeded the sensible advice. The cost of a fish pond practically amounts to nothing and the very finest fish common to this country can be secured at a nominal cost.

In the daily and weekly LEDGER will be found the advertisement of Baird College, Clinton, Mo. This college is one of the most prosperous in the State and one of the most widely known in the United States and its reputation for excellence in every particular cannot be overestimated. The management of that institution is liberal in the expenditure of time and money to make every department of the institution perfect. It is, in fact, a model school for young ladies, and we are glad to know that the better it becomes known the more it is appreciated.

The people of Mexico and Audrain county should be liberal in their contributions for a new chapel to Hardin College. This institution is one of the most worthy in the State, and as a school for young ladies cannot be surpassed. Its founder, Ex-Gov. C. H. Hardin, is one of the most liberal men in the State, and comes up handsomely for all enterprises started in Mexico and our people should show their appreciation of this fact by contributing in a liberal manner to the erection of a chapel for Hardin College. We all claim to appreciate Hardin's subscription to the railroad and other contemplated enterprises, and we should show our appreciation by our works. Come down handsomely for the chapel.

In this issue of the LEDGER will be found the announcement of Edward C. Kennen, of Laddonia, as a candidate for the State Senate. Mr. Kennen was born and raised in Pike county, and since his majority has resided in this county. He is a sterling Democrat; a man of the strictest integrity; prominent in the councils of the party, and has always been found adhering to its principles and fighting for its success. He is personally known to almost every citizen of the counties in this district. Should he receive the nomination he will be a credit to his party and an honor to the district. He will faithfully represent the wishes of his constituency and be found among the active and aggressive workers of the Senate.

Looking over the field of recent Senatorial battle, the erect, poised and manly figure of Joe Blackburn arrests the eye of the country and fills the Kentucky heart with pride. The young Senator carries off the honors. He first decapitated Ingalls, and then gave the remains of his victim decent interment. The mark he made upon the record was, as a tale that is told, leaving nothing more to be said, or desired. Even Ingalls must feel like the gentleman who once permitted a bird to escape him.

R. A. LOVE, of Independence, Mo., is going to make a thorough canvass of Audrain county in the interest of his candidacy for the office of Register of Lands. He is a young Democrat with a clear record public and private, competent and worthy, and if nominated would add strength to the ticket. He is a stranger to our people, but comes among us with the very best of recommendations from Democrats who know him.

Isn't it about time for another meeting in the interest of the Chicago, Hannibal & Springfield?

More Tariff.

MEXICO, Mo., May 8.—In reply to Mr. Llewellyn's article on the tariff we say:

Most assuredly there are many "intelligent and thoughtful" men on both sides of this question. Undoubtedly there are wool-growers who hold to free trade theories, but, judging from the action taken by county, State and National associations the wool-growers of the country almost unanimously favor a protective tariff. The Mills bill was framed by the friends of the President and in accordance with his views as expressed in his message. The advocates of free trade or a revenue tariff support and the advocates of a protective tariff oppose the bill. It is therefore the platform upon which the tariff reformers stand and upon the success or defeat of the measure depends whether or not we shall change from a protective tariff to a free trade policy. Protectionists assert that the proposed tariff reform will inflict great injury to many important industries of the country.

Under the present tariff the agricultural productions of the country receive the protection, which, according to every tariff, is "incident to every tariff." Barley, oats, corn, wheat, potatoes, beans, peas and other vegetables; meats, poultry, hemp, flax, wool, etc., now on the dutiable list, are, by the Mills bill, placed on the free list, so that the manufacturer may have cheaper raw material, and his employees cheaper food to enable the manufacturer to compete with his foreign competitor. This same bill provides for a tariff tax, which, the free traders claim, enhances the value of the home production, on the following articles, which the farmer buys: Clothing, bedding, carpets, whether of cotton, wool, hemp or shoddy; sugar, rice, starch, southern fruits, all household and kitchen furniture, and the iron and steel of which his farm implements are made. In other words, under the provisions of the Mills bill the farmer sells his products in open competition to the whole world and buys of "legalized monopolies," and this is what Mr. Llewellyn calls a "step in the right direction." Is this the tariff reform the farmers want?

W. S. HATHAWAY.

Tratchel Withdraws.

To the Democratic voters of Audrain County.

BENJAMIN CRY, May 5.—When I announced myself as a candidate for the Democratic nomination for Judge of the County Court from the Eastern district, there were but two other candidates in the field; and this number I thought sufficient to insure an interesting race. Since then, however, another candidate has announced, and as I do not care to engage in a struggle for the nomination, I hereby withdraw my name as a candidate. WALTER TRATCHEL.

WE ARE ON TOP AGAIN!

The Old Reliable Corner.

MODEST PRICES ARE SATISFACTORY!
SMALL PROFITS ARE SUFFICIENT!
MODERATE PATRONAGE IS ACCEPTABLE!

If Harper & Rixey Can't Sell You

They propose to make some one else do so at a VERY LOW FIGURE.

It will do you good to see the line of WASH GOODS we are showing this week in white and colored Peques, Cross-barred Muslins and new style Gingham. Come and take a look at these goods.

Our Carpet Stock is Replenished--Prices Lower!

Come and see the line of EDGINGS and LACES we are now showing. It would take so much space (we don't want to make use of all this paper) to name the many new things, and at prices you never dreamed of, we are showing this week. Merchandise of every kind is much lower than for many years, although some of our competitors don't let you know it, judging from the price they ask for many goods, or probably they have not found it out themselves. Bring your PRODUCE and get Dry Goods, Groceries, Boots and Shoes, &c., at the OLD RELIABLE HOUSE of

HARPER & RIXEY, The Old Reliable Corner, N. E. cor. Public Square.

SOLID FOR FRANCIS.

The Gallant St. Louis Mayor Sweeping Everything Before him.

Morgan, Boone, Scott, Pike, Linn and Howard up in Line for the next Governor of Missouri.

Six counties have held their primaries for the State Convention. Every one of them is solid for Francis as follows:

- Howard County - Solid for Francis.
- Morgan County - Solid for Francis.
- Boone County - Solid for Francis.
- Scott County - Solid for Francis.
- Pike County - Solid for Francis.
- Linn County - Solid for Francis.

"HOODLE COMBINE DON'T WIN."

The following letter was received by the editor of this paper this afternoon:

COLUMBIA, Mo., May 7.—MY DEAR BOB: Read the Kansas City Times of Sunday. Just reverse the thing and you have hit the nail on the head. Francis met Glover and Morehouse face to face in Columbia, Missouri and Parche Townships in this, the grand old county of Boone, in each of these townships his vote was at least 5 to 1 against their combined strength. We have at least 46 votes out of 70 and will send a solid delegation for Francis. The hoodle combine don't win. Your friend, W. W. GARTH.

PIKE FOR FRANCIS. Special Dispatch to the Ledger.

BOWLING GREEN, Mo., May 7.—At the Convention here to-day Henry Hart, James McCune, Samuel Easton, Samuel Reed, Champ Clark, Howard Morris and Jack Jones were elected delegates to the State Convention, to be held at Jefferson City, August 11. The crowd was enthusiastic and every mention of Francis name was the signal for prolonged applause.

LINN COUNTY IN LINE. Special Dispatch to the Ledger.

LINNEUS, Mo., May 7.—Today's Convention did not instruct the delegates are for Francis. There is much enthusiasm for the St. Louis Mayor.

FRANCIS CARRIES BOONE COUNTY. CENTRALIA, Mo., May 6.—Boone county gives D. R. Francis forty-seven of the seventy delegates to the County Convention, which makes the county solid for him. Glover did not get a single delegate in the county.

M. A. Fanning, private secretary of Mayor Francis, received yesterday the following telegram from Ben M. Anderson, of Columbia: Hurrah for the mascot, Boone county will send a solid delegation for Francis.

Later in the day Lon V. Stephens received the following from E. W. Stephens, dated at Columbia: Glory hallelujah! Boone county went for Francis by a large majority.

ty. Not a single township is for Glover.

Commenting on the result of the election of delegates in Boone county, Mr. Stephens said: "It shows plainly that John M. Glover is not in the race for Governor at all, but is simply the tool of the Morehouse crowd, who have agreed to back him in his fight for Senator Vest's seat. If a St. Louis man is nominated for Governor Glover knows that he hasn't a ghost of a show in the Senatorial race, and it has resolved itself into a 'you tickle me and I'll tickle you'! The victory for Francis in Boone county redounds to his credit in a large degree and greatly strengthens his prospects for the nomination, while it also clearly defines the situation, showing that he has the entire Vest opposition to combat in the race."

Throwing Mud. From the Marshall Progress.

At Francis? At Francis? Why at Francis? Because! Does Francis throw mud? Not he! Who is throwing the mud? Certain men who want to beat Francis for Governor. Why do they want to beat Francis for Governor? Each one of them wants to be Governor himself.

Ah, that's it, is it? Certainly, it is. So when a man wants to be Governor he picks out the man he thinks can beat him and throws mud at him? The idea is that the people will give the office to the best mud thrower, eh? Exactly so. Why should the people give the governorship to the greatest expert at mud throwing? Dunno. Nobody knows but Moses.

Is it smart to throw mud? Awfully. If a mud thrower should be elected Governor what will he do? Keep throwing mud. Why? He is built that way. Who will he throw mud at next? Somebody who is in his way for some higher office, the Senate, perhaps. Won't he ever get out of ammunition? Never! He makes his own mud! Is it the best way to throw mud back at him? No. What is best to do? Let the mud alone and it will dry up and rub off, long before next August.

A Card. To the Democratic voters of the Eleventh Senatorial District.

LADDONIA, Mo., May 9.—At the urgent solicitation of many representative citizens of this, and other parts of this district, I have decided to announce myself as a candidate for the office of State Senator for this district, subject to the action of the Democratic party. If nominated and elected, I shall earnestly labor for the advancement of the interests of the district, and the welfare of the entire State, and believing that under the existing conditions the continued services of our distinguished citizen, the Hon. George G. Vest, as United States Senator from Missouri, are alike calculated to advance the best interests of the people and to preserve and maintain the principles of true Democracy, I shall, so long as these conditions continue, advocate and support his re-election.

Most Respectfully Yours, EDWARD C. KENNEN.

Hart-Woodward.

Mr. Frank Hart, formerly of Mexico, now city editor of the Kansas City Times, and Miss Carrie Woodward, one of Mexico's leading society young ladies, were married in the presence of a small company at the bride's home on East Monroe street at noon to-day by Elder J. W. Higbee. Mr. and Mrs. Hart left on the 12:55 Wabash for Kansas City where they will reside. Mr. Hart is a rising young journalist of Missouri's second city, while the bride is an acknowledged society belle. The Ledger extends congratulations.

"The people of Higbee" says the Moberly Headlight, "recently held a mammoth mass meeting, and appointed a committee to go to Chicago and confer with the officials of the Chicago & Alton railroad with a view to securing the location at Higbee of the end of a division of that road. They agreed to donate twenty-five acres of land on which to build side tracks, round house, etc."

"The Empress of the State." BAIRD COLLEGE, Young Ladies. Christian, but Non-Sectarian.

Clinton, Henry County, Mo. Fourth Session Begins Sept. 5, 1888.

Under an able and popular management with a faculty of fifteen experienced professors and teachers, each one a specialist. Every aid and appliance in the school, every comfort and convenience in the home. The best building in the State, elegantly furnished throughout.

ONLY TWO YOUNG LADIES TO THE ROOM. The Scientific, Literary, Musical and Art Departments unrivaled in the West. Elocution a specialty. Modern languages taught and spoken in the school.

Beyond all controversy Baird College is the most successful LADIES' SCHOOL ever established in Missouri. Enrolled third year a splendid local patronage and one hundred and twenty boarding pupils. In art, elocution and music, 357 names enrolled. Test States and territories represented. Send for a Catalogue and see what this College is and what it guarantees to young ladies seeking a THOROUGH and FINISHED EDUCATION.

N. B.—EARLY APPLICATIONS NECESSARY TO SECURE A ROOM. Address, H. T. BAIRD, General Manager.

Turner, Jackson & Co.

Would like to see you and show you their

Handsome Line of Dress Goods, Fine Trimmings.

WHITE GOODS and EDGINGS, IN GREAT VARIETY.

CARPETS and OILCLOTHS, CLOTHING and FURNISHING GOODS,

Hats of every description, Groceries and Queensware, all bought for spot cash.

Will not only meet prices but make them lower than anybody. We do not allow anybody to undersell us. We are in shape to do business and are here to stay. Will buy anything on earth you have to sell in the produce line and sell you anything you want in our line in exchange for same at the lowest cash prices. Please come and see us. We don't blow much in the papers but our goods and prices talk for themselves.

FANCY SADDLE

And Harness Horses.

MONTROSE.

The great and unequalled saddle station of the world. Montrose will serve a limited number of mares at \$15 the season; money due when services are rendered, with return privilege in 1889, if the mare proves not to be in foal, provided we own the horse, and he is alive or 25% to insure a mare in foal.

Montrose is a mahogany bay, 16 hands high, for style and finish he has no equal. He was sired by Gay's Denmark, he by Gaines' Denmark, he by old four-mile race horse Denmark, he by 3rd dam by Johnnie Sir William, 4th dam by 1st Imported St. George, 5th dam by Imported St. George, 6th dam by Imported Steamship, showing his prepotent blood in thoroughbred.

Montrose is a grand premium horse, winning 1st and 2nd premiums in one year. He is a graduate in almost every fair in Kentucky. In 1880, handled by Jaeger O'Neil, he took the \$200 sweepstake premium at Paris, Ky., as the stallion of any age, it being the third consecutive year. Mr. O'Neil also took the premium with him at St. Louis as the best saddle stallion. In 1885 handled by W. H. Davis, of this county, he appears again at the St. Louis Fair and took the premium for the best saddle horse, and also the grand sweepstake premium at St. Louis as the best saddle horse and one park ring at St. Louis Fair. Three of the saddle rings were won by him at the St. Louis Fair and took the premium for the best saddle horse at St. Joseph and second at St. Louis. He also took first premium at St. Louis in 1887, saddle mare any age and saddle gelding any age, also a pair of geldings of his get took first premium as the best pair of buggy mares or geldings, in Kentucky in 1887. In 1888 he won only four saddle premiums for mares at all the leading fairs of Ky., and also took the premium for the best New York horse, or gelding at Lexington, thus showing that he is the sire of more winners than any other saddle stallion in the world. There is one of his get in Ky., his own having refused \$5,000 for him. When it comes to stock and five of his get, Montrose always carried off the slick ribbon. His colts are much to be desired and are sold readily at fancy prices, \$500 to \$1,000 being no rare thing for one of them. He has proved himself to be a grand breeder and a sure foal getter.

THE COMBINED STALLION, Rex Denmark.

Will serve mares at \$15 the season; money due when services are rendered, with return privilege in 1889, if the mare proves not to be in foal, if we still own the horse and he is alive, or 25% to insure a mare in foal.

Rex Denmark is a rich seal brown, 15 hands, 3 inches high, 6 years old.
