

A Solemn Duty.

A solemn duty which we owe society, our children and ourselves is that of providing for the needs of our old people at that time when our wives are to become mothers and our children are to become fathers. Of all the countless details to be observed at such a time, no single one is of more importance than the bodily welfare of the expectant mother; she must not neglect her own health through any lack of effort on our part.

MOTHER'S FRIEND

should be the recourse of all real men and women at such times; it is easily obtainable, and it is a positive crime not to procure it. Its offices are to relax the muscles and tissues intimately associated in the greatest of the Creator's phenomena, and by simple external applications to reach the vital organs, and bring into the world a child worthy of its parents. \$1.00, all druggists. Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by feverish and scanty menstruation indicate a displacement of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble have healthy children? Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:

"My dear Mrs. Pinkham:—During the early part of my married life I suffered in exactly the same manner as I now suffer. I was very anxious for a child to bless our home, but about midway of my life I was unable to carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my backache and headaches left me, and I was able to enjoy my life as a woman. Within a year I became the mother of a strong, healthy child. I am now well and happy, and I wish every woman who wants to have a mother would try it. Actual sterility in women is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound. It is certain to cure her, and I wish every woman who wants to have a mother would try it. It is a safe and reliable remedy."

Besides her husband she leaves two children—Buth, aged 11, and Earl, aged 10, a mother, Mrs. Mary L. McKee, and two sisters, Misses Madge and Addie McKee. Interment was made in the Mexico cemetery.

Printers Carnival.

FOR PARTIES.

Speer's Port & Burgundy Wine.

The Finest Wine in the world from his 56 Acres of Vineyards, where the soil is rich in iron, imparting it to the Oporto grape and the grape to the wine—causes the dark, deep rich color, and blood-making property of this life-giving Wine. The Iron in it. This is the Wine that beats the world in its valuable medicinal qualities, for family use and evening parties; it is especially beneficial for females, invalids and aged persons.

The Port Wine is nine years old and the Burgundy, a rich dry wine eight years old.

The Claret equals the finest French product.

Druggists and Grocers Sell It.

Forged Deeds Cause Trouble.

Mrs. W. C. Moore, of this county, a daughter of the late Thos. W. Mallory, Sr., who died in 1901, is directly affected by a forged deed, which has come to light recently to some of the Mallory land in St. Clair County.

While Mrs. Moore was in Osceola last week to look after her real estate a deed was filed for record to one John P. Grove, of Iowa, purporting to have been executed by Mallory, Sr., Nov. 12, 1906, and acknowledged before Notary Public H. S. Beckley, of this city, and after a deed of release, purporting to have been executed by W. C. Moore, executor of the Mallory estate, on Nov. 4, at Kansas City was also presented. Beckley was not a party until over two years after the alleged acknowledgment and Moore had been dead two years before the pretended release.

The matter has been placed in the hands of Roy C. Robinson, Prosecuting Attorney of St. Clair county for investigation.

LATER DEVELOPMENTS.

Former Mexico attorney arrested. The Kansas City Times says: M. M. Sharpless, formerly attorney at law in Mexico, Mo., who says his home is in Bloomington, Ill., was arrested by Detective McAnany at Ninth street and Grand avenue yesterday afternoon charged with forging a deed to land near Osceola, Mo.

The information which led to his arrest was furnished by the county recorder's office. The name of W. C. Moore, of Osceola, was signed to the deed. Mr. Moore has been dead a number of years.

Go Back to Fort Riley.

Gen. Davis the Auditor by mistake, on the 25th left Fort Riley, at Fort Riley, who left camp without permission sometime ago, was returned Friday, escorted by corporal Romly of that post, who was sent here after him.

Davis would the commander, telling of his whereabouts before the time expired, which distinguishes a man called as "absent without leave" from a deserter, and his offense is not a very serious one.

Rev. J. B. Bollman, the singing pioneer evangelist, speaks very highly of the courtesies and helpfulness of the people of Mexico. His addresses and solos in the churches, Hardin College, the Military Academy and County jail were very much appreciated.

The prison reform movement is humane, Christian and practical. Rev. Mr. Bollman will be welcome upon his return visit next year.

W. G. Burke, wife and daughter are in Kansas City on a visit.

Cottonwood Springs.

Correspondence of the Leader.

COTTONWOOD SPRINGS, Nov. 14.—Dr. Pryor and Frank Peck have been visiting over to Monroe county. The doctor owns a fine farm in that county and Mr. Peck has a lady friend in that section of whom he thinks a whole lot.

Dennis and Mike Fecht, chaperoned by Ligie Scott, captured a whopping big raccoon in three oppossums one night last week. Ligie has several splendid dogs.

The season just closing has been a brilliant one, socially, financially and spiritually. Many lives have been saved by bill dipping, and all is well. The only thing to be regretted is the passing away of the Waverly, but a new and greater hotel will be erected in the early spring. The gates leading to the fountain of health and loveliness, have not been closed, so if you want a nice, cool drink of the elixir of life, come into us and we will give you a hand-out.

Our people, as a rule, are a cheerful-going people, and are attending the revival now in progress in Mexico. Several of the old sinners are thinking seriously of having a change of heart and will "mend their ways. Hope so.

Judge J. B. Hooton is suffering an attack of peritonitis. Barney contacted this pesky throat trouble while visiting in the west a few days ago. He is better now.

These up-to-date automobile one-price clothing men, Geo. Pearson and John Kemp, have our thanks for a nice cap of the Cottonwood Springs variety. We will wear it and speak a good word for the boys on the side.

After attending Sunday School last Sunday Charlie Walker and the writer proceeded to Jay Bennett's runabout and his horse, Upwood of St. Lambert, and took to the woods to gather nuts. We found lots of them in the pasture of Col. Wm. Dudley, up near Thompson, and spent the day very pleasantly. The sun, in a Jim-dandy, got away from where Charlie hit him and went north about one mile, when he was captured by Mr. Kennard, whom we wish to thank. We had some refreshments in the buggy which we did not want to lose. It was a close call, but nothing was lost and no damage was done. We did not have any gun, but captured three squirrels. Charlie can climb any old tree in the woods, and we are our dog did the rest.

Col. Hooton and son have just completed a barn for J. L. Brown, just west of here. Now if John I. would let the Messrs. Miller put up a residence for him he would be right in line. It is said that John I. is soon to marry a dashing young "grass widow."

Uncle Jackie Morris, west of here, has sold his farm to Major Paige, and has moved down near Rush Hill.

Miss Maggie Dermody, of DeWitt, Iowa, who has spent the last summer with her sister, Mr. O'Toole, returned to her home Monday. Miss Dermody is an accomplished lady, and made many friends during her visit in Audrain.

Dr. Patton's Hunting Club did not go hunting Saturday night, owing to the fact that his dog, old Drive, was ill. Just as soon as Drive gets well, the doctor and his bunch of soldiers will take to the woods.

Col. J. R. Brandon, formerly with the Leavenworth, is now one of the editors of the Bloomfield News, and is making that paper smart. Col. Brandon is a born newspaper man and his editorials are as pointed as toadstools as any scribe in the city. They are fierce.

Sam and George, Jay Bennett's Scotch-Irish puppies, wish to thank Amos Jenkins for a hand-out. Amos is a friend to the dogs and a good man.

Col. Horace Mundy deplores the burning of the Waverly very much. He always had a good word to speak of the hotel. Col. Mundy is a friend of ours and he owns one of the best farms in Audrain county and has it well stocked. We hope Mr. Mundy's house last Sunday, but he did not ask us to dine on duck with him. He did not see us, but there'll come a time some fine day.

Mr. Marks tells us he was about half sick Sunday. Too many black-haws.

Win. Mahon is now night clerk at the Globe Annex. Bill talks but little and makes an ideal clerk.

Little Henry Clark "got lost" in St. Louis last week. He was lost in his pocket, but he did not get back home just the same, and did not have to "count the ticks," either. Henry is now on the sick list, but his illness was not caused by his trip east.

Bob Hooton was an on-looker at the meeting of the Teachers Institute last week. Mr. Hooton says all the lady teachers were handsome and winsome and he enjoyed the workings of the Institute very much. His friend, Shottle, was with him. They are inseparable.

Have you ever dipped your bill into the "Cottonwood Soup," made by the Waverly Annex Restaurant? It's awful good stuff; try it.

Mr. and Mrs. Gene Sullivan and their beautiful little daughter were guests of Mr. and Mrs. John Fecht Sunday.

Jerry Dermody and son, James, and Jay Bennett, were guests of Meridith Armstrong Sunday. They were wine and dine and had a jolly good time. "Merry" is always there with the goods.

As the city election draws near we hear the names of Col. Frank Spakebeck and Col. Willard. Puts Spakebeck of a mighty good timber for mayor. Both are up-to-the minute men, and either one would make the city a greater Mexico. If the gentleman we have in mind at this time runs for marshal we are yearning to see the color of the man's whiskers that can beat him.

Hip Hughes has retired from the printing trade and has "gone to writing insurance."

Lennie Mabon and young Mr. Adams expressed their values to Kansas City Sunday night, and the boys took the blind hawks and the hawks.

Col. C. B. Biggers, of Mexico, is now a prosperous farmer. He has purchased a nice little farm just southeast of town, and has it well stocked with hogs, cattle, sheep, goats, ducks and chickens. We are going out to eat pumpkin pie and duck with Col. Biggers some day.

THE BACKBONE OF A MIGHTY NATION

is good food—food for brain, food for brawn, food that is strengthening, that gives energy and courage. Without a proper appreciation of this great fundamental truth no nation can rise to greatness.

As an article of food, soda crackers are being used more and more every day, as is attested by the sale of nearly 400,000,000 packages of **Unesda Biscuit**, which have come to be recognized as the most perfect soda cracker the world has ever known.

And so **Unesda Biscuit** will soon be on every table at every meal, giving life, health and strength to the American people, thus in very truth becoming the backbone of the nation.

MRS. ROOSEVELT'S PRESENTS WORTH BUT FEW THOUSANDS.

Customs Official Appraising Them at Georgetown Surprised Upon Critical Examination.

WASHINGTON, Nov. 17.—The examination and appraisal of the presents received by Miss Alice Roosevelt during her visit to the Orient has begun. The officials at the Georgetown Customs house have begun to open up the twenty-seven boxes in which the presents were shipped, and other souvenirs of the visit which were received in a social conquest of the far East by the President's daughter.

The customs officials say the task is anything but an easy one, owing to the necessity laid on them to appraise the goods to their foreign commercial value. Only about one-third of the boxes have so far been opened, and Collector Nyman and his staff are said to be somewhat surprised, as the valuation of their contents will exceed scarcely a few thousand dollars.

Nearly 1-4 Million For Jews.

NEW YORK, Nov. 16.—The national committee for the relief of Russian sufferers has received up to-night a grand total of \$233,025. To-day alone contributions amounting of \$55,231 were received.

The following cablegram was received to-day Jacob H. Schiff, treasurer of the relief committee: "Messieurs in Russia are still going on in the small provinces." It was signed "Baron Gansburg."

It is reported that James Eubanks, of this city, is heir to \$2,000 from the estate of his sister, who died in St. Louis recently.

The Municipal Ownership Candidate Certifies to His Expenses.

ALBANY, N. Y., Nov. 17.—William B. Hearst, candidate for mayor of New York on the Municipal Ownership ticket, certified to the secretary of state to-day that his total campaign expenses were \$65,843. This breaks the record for such expenses, which was formerly held by Governor Higgins, who spent during the last state campaign \$22,000.

Mr. Hearst says that he contributed all except \$17,488 of the \$65,843, which was spent by the finance committee of the Municipal Ownership league for the benefit of all the candidates on the ticket.

To Far from the Market.

Soon after the Civil War, General Rufus Ingalls, U. S. A., visited a friend in the south. Taking a walk one morning, he met a boy coming up from the river with a string of fish.

"What will you take for your fish?" asked the General.

"Thirty cents" was the reply.

"Thirty cents?" roared the General in astonishment. "Why if you were in New York you could get three dollars for them."

The boy looked critically at the offer for a moment and then said scornfully:

"Yes, sir; on I reckon if I had a bucket of water in hell I could get a million for it."

THE LEADER is glad to know that so many of Missouri's fine cattle were bought by Audrain county people. The people of Audrain from year to year appreciate more the importance of owning well bred stock.

RUSSELL HARRISON IN A FIGHT.

Leaders of the Spanish War Veterans Engage in Pictorial.

INDIANAPOLIS, Nov. 16.—Details of a sensational encounter between Colonel Russell Harrison, state president of the Spanish-American war veterans, and Adjutant General H. L. Hutson, of the same organization came to light to-day, and it was learned that both were considerably bruised when at last they were separated.

The trouble began over the numbering of a new camp of veterans—General Hutson charged that Harrison attacked him while he was seated, striking him a heavy blow on the face.

As soon as General Hutson could gain his feet the two men clinched and a fierce struggle ensued. Both men's faces were bruised, battered and cut. General Hutson said he knocked down his opponent.

Real Life.

It was back in old Missouri, in a peaceful farming vale, and the folks were plunged in trouble. Husbands the must of the fall.

There a villain held a mortgage on the dear old farmhouse roof; Much he loved the widow's daughter, and betrayed the cloven hoof.

But, alas! there was no hero To arrive with many grace, And with rising cries of "Dastard!" Flung the gold into his face.

Yet the villain paled and faltered, While he muttered "Fiddled again!" For his ear had caught the cackel Of the mortgage-lifting hen.

THREW \$15,000 INTO A STOVE.

A Woman's Way of Answering a Grasping Husband.

CHICAGO, Nov. 17.—Mrs. Charlotte M. Weightman, who recently brought suit against her husband for separate maintenance, told Judge Brennan to-day at the hearing of her case, that she believed that her husband had married her for money, and that she therefore, threw money and securities valued at \$15,000 into the stove and watched them burn. She afterwards left her husband, and when she sought a reconciliation she was told not to enter the house again. A decree giving the woman \$28 a month was given by the court.
