IN the proper column of the Daily and Weekly Ledger will be found the announcement of At Brown, candidate for Constable of Salt River Township, subject to August Primary.

IN spite of the fact that there are inquiries from all directions especially from farmers, for labor, beggars, seem to be on the increase. The idea is to make a living without work if possible, and it seems to be possible, although if some of the beggars would put in the same amount of energy in some legitimate field of labor they would probably get along in this world a good deal better and at least have some self-respect.

THE late Charles Craig remembered his personal and warm friend Ab White, by leaving him his handsome diamond stud. Charles and Ab had been warm friends from childhood and Charles's mother, Mrs. Mamie Craig took great pleasure in carrying out her son's wish. Dr. White appreciates this remembrance, not so much for its intrinsic value, although it is one of the handsomest pieces of jewelry in Mexico, but because it had been worn for years by his personal friend.

THE BURLINGTON RAIL ROAD EXTENSION

THERE has been a good deal of talk during the last year regarding the extension of the Chicago-Burlington extension west from Francis, and we have information that we consider absolutely reliable, that work on this enterprise will begin this year and that the railroad will be built from Francis west, just north of Mexico. The extension of the Burlington we believe should prove of great benefit to Mexico, as it will largely increase our railroad facilities. There are few towns anywhere that have better railroad service than we have, and that is what helps make a greater city.

James Quinlan, who underwent a serious operation at St. John's Hospital in St. Louis, is getting along nicely.

AN ODD COINCIDENCE

Same Drunk Stumbles Into Station After Seven Years.

T. L. Marshall visited Huntville this week to attend the Pythian convention. As he walked into the railroad station to take the train home, somewhere in the vicinity of midnight he saw a blind man so intoxicated he could hardly walk, stumble into the station.

Seven years ago, Mr. Marshall was leaving Huntville on a train that departed at practically the same hour and strange as it may seem, the identical blind man, too intoxicated to take care of himself, stumbled into the station.

CHANGE WEDDING CEREMONY

Saratoga Springs, N. Y., May 9.—In a revised ritual of the Methodist Episcopal Church, which was submitted yesterday for action by the general conference in session here, it is provided that the words "and with all my worldly goods I thee endow" shall be omitted from the marriage ceremony. The committee reported that the ceremony itself implies common ownership of property.

It is also proposed that the word "devil" shall be stricken from passages where it occurs and that the word "sin" shall be substituted.

MEXICANS INTERESTED IN BIG LAND FRAUD SUIT

T. E. Hook and Mrs. Bradford Sappington, Among Other Defendants in Florida Case.

CASE IS AGAIN CONTINUED

Has Been Pending in the Federal Court at Kansas City Since 1913, —Illness Causes Delay.

The big Florida land fraud case which has been pending in the Kansas City federal court since 1913, was continued this week until the November term of court owing to the illness of Richard J. Bolles of Jacksonville, Fla., T. E. Hook and Mrs. Bradford Sappington, among other defendants in this case, are interested in the case. A large number of men had been subpoenaed on a panel from which a jury was to be selected to try the case and many witnesses had been brought to Kansas City from Florida and other parts of the United States. The continuance of the case means a loss of several thousand dollars to the government.

The attorney for Bolles submitted testimony to show that his client, who is 72 years old, though up and about his business in Jacksonville has been suffering from a malady which evidences itself in severe attacks. Bolles physician said that the removal of the defendant to Kansas City at this time might result in an attack which would bring on his death, but if permitted to appear at the November term of court, when the weather here is cooler.

At the opening of the court Albert D. Hart, former president of the Florida Fruit Lands Co., and included in the same indictment, entered a plea of guilty. There are two indictments pending against the defendants; one charging the use of the mails in the furtherance of a scheme to defraud in connection with the sale of Florida everglade land; and another charging the operation of a lottery in connection with the disposal of the land.

Bolles, with R. J. Martin and Joseph H. Borders of Kansas City, are alleged to have made the most money out of the land deals. Martin and Borders pleaded guilty in 1914. John Matthews, one of those indicted has since died. Jesse L. Billingsley, the seventh defendant, still is in Florida and has not been extradited. The government is waiting on a decision in another Florida case now before the United States Court of Appeals before it proceeds further in the Billingsley case.

Mr. and Mrs. Hatch left on the noon Wabash for Excelsior Springs where they will make a short visit before departing for the east. Some of the out of town guests at the wedding were Frederick H. Hatch, New York; Mr. and Mrs. J. N. Crebs, St. Louis; Joe Hammond, St. Louis and Mrs. J. P. Stark of Kansas City. The Ledger joins in extending best wishes and congratulations.

INTERVENTION IN MEXICO SEEMS ONLY SOLUTION

Realization That Carranza Has Failed to Control Country Gains Strength in Washington.

PRESIDENT DO DECIDE SOON

Officials Believe That Within Thirty Days Entire Militia and Perhaps Volunteers Will be Called

Washington, May 10.—The United States is hovering over the brink of complete intervention and entrance of Mexico by a mass of military sufficient to command the entire situation and restore order to the troubled Southern Republic. It is believed the entire militia and perhaps volunteers will be called within thirty days.

Although the decision has not been reached by President Wilson that this step is yet necessary, it is admitted by high officials that events along the border in Mexico are steadily day by day, driving the President unwillingly into such a course. This feeling which is reflected in Congress by the general attitude that the Nation will have to do it sometime, and might as well begin a bad unwelcome job and get it under way, is not induced by any startling developments or critical stages being reached today in the negotiations between General Scott and General Obregon, representing the de facto government.

KILLED AFTER BEING WARNED BY MEXICAN

C. M. Clay Warned Moving Picture Party of Danger in Going Into South American Wilds.

EXPEdition IS ATTACKED

Captain Fritz Duquesne is Killed—Was Descendant of Famous French Admiral

In April 1915 C. M. Clay of this city and Christopher Dillon a civil engineer completed their thrilling trip across South America at its "fiest" point. As they reached civilization they met the party of Captain Fritz Duquesne who was preparing to make a similar trip into the wilds of that continent in search of a substitute for rubber and to make moving pictures for the Thalhouser Co. Mr. Clay and Mr. Dillon warned them of the dangers to be encountered and predicted their trip could not succeed being familiar with conditions as well as the natives to be met with. Cable dispatches in the past few days have contained the announcement of Duquesne's death at the hands of Bolivian Indians. After many adventures as a soldier in the Boer army Duquesne, a British captive, escaped from a prison camp in Bermuda. He sailed from New York in May, 1913, with his cousin, the Vicomte Francois de Ranoumeque. Capt. Duquesne was a descendant of the renowned French Admiral and a nephew of Gen. Joubert, who led the Boers against the British. After Duquesne escaped from Bermuda he came to New York, where he married Miss Alice Jocelyn Wortley, niece of Bishop O'Connell of Kingston, Jamaica.

MRS. F. M. RAGSDALE DEAD

The cause of her death was due to a complication of troubles. The funeral was from the home on West Monroe street, Saturday afternoon at 3 o'clock. The body was shipped to Fayette, on Wabash No. 5, for interment. The Rev. O. Olin Green conducted the services.

Mrs. Ragdale was Miss Mary Lou Armstrong, of Fayette.

Armstrong, of Fayette, and her husband, she leaves the following children, Forest, William, Lois Virginia and Mary Lucile. Mrs. Ragdale was a devoted member of the Baptist Church. She was a splendid woman, devoted to her home and the care of her children. She had many warm friends in this city and her death will be learned with general regret. The Ledger joins in extending sincerest sympathy to Mr. Ragdale and the other members of the family.

The funeral of Mrs. F. M. Ragdale

ALBERT WHITE DEAD

Romans of Loveta, Texas, was with him at the last, and will accompany his remains to Mexico where the funeral took place from the residence of R. M. White on South Jefferson St. Burial was at Elmwood cemetery.

While Albert has never been well,

he was always hopeful, and those nearest to him thought the climate of New Mexico, would improve his health but we were all doomed to disappointment. Albert attended the High School in Mexico and later went to Westminster College for a year, and was a young man of fine habits, strong character, and would have made a most useful man if his life could have been spared. His friends in Mexico all extend sincere sympathy to the bereaved family, especially to his sister, Mrs. Thomas E. Romans, of Lometa, Texas who was not able to be with him during his last illness.

HARDIN STUDENTS BOOST NATATORIUM CAMPAIGN

Parade Tuesday Morning, Halted Because of Shower, Used to Stimulate Interest in Project.

"WE LIKE MEXICO" SLOGAN

Decorated Truck Bearing Piano and Singers Visited Stores and Secured Those Who Aided

The movement to secure a natatorium for Hardin college was stimulated greatly Tuesday morning when a student parade was held for the purpose of adding impetus to a hurried completion of the raising of funds for the building. The parade consisted of a number of decorated motor cars filled with attractive students and led by a truck, draped in old gold and black, the college colors, which carried a piano and a chorus.

Stores in the downtown business section were visited and serenaded until a sudden shower drove the students indoors. Banners announcing "We Like Mexico" and other slogans as well as urging the necessity of the swimming pool were features of the parade. The parade was resumed in the afternoon.

William Woods College, Fulton, Lindenwood College, St. Charles and several other of the best of the junior colleges for women in Missouri have natatoriums and Hardin is anxious to maintain the same high standard of equipment.
