FACTS ABOUT TANLAC ARE GIVEN TO PUBLIC

Special Representative Tells why It Has Become Most Talked of Medicine in the World Today.

NO GREAT MYSTERY ABOUT IT, HE SAYS

Merit Alone Has Confirmed It in the Minds of the People All Over the American Continent.

W. B. Logan, special representative in Missouri for Tanlac, the medicine that has created such a sensation all over the United States and Canada gave some highly interesting facts about Tanlac and the remarkable results achieved by it.

"Contrary to popular opinion," he stated, "there is no great mystery about Tanlac, except in so far as the chemistry of the human body itself and what it does with substances taken into it, is a mystery. Some of the ingredients of Tanlac have been known and used as medicines for centuries. Others are of more recent discovery, but every one of them is of recognized therapeutic value and used by the medical profession everywhere. Tanlac is simply a co-mingling of these medicinal elements in a way hitherto unknown and which brings out their curative and reconstructive powers to a most remarkable degree. Briefly, it allays irritation of the stomach, strengthens the digestive and assimilative organs, builds up and revitalizes the whole system, and gives the body new powers of resistance and strength. Gratifying gains in weight are not uncommon, especially where a person has suffered from under-nourishment brought on by dyspepsia, indigestion, illness, operation or other causes.

"It is a demonstrated fact in medical science that the stomach is the starting point of most of the ills that afflict the human body, and many of the so-called diseases are not diseases at all, but reflex symptoms of the stomach derangements of the weakened condition of the body that naturally follows. Some kinds of rheuma-

Cheney spoke to the ladies. Mrs. C. F. Johnson, president of the Helping Hand circle presided at the supper.

The Helping Hand circle of the Kings Daughters met Thursday afternoon at the home of Miss Gertrude Fry. The other hostesses were: Mrs. R. W. Van Wyngarden, Mrs. Thurman Stallings and Mrs. C. E. Clark. The address of the afternoon was given by Mrs. Cheney, of St. Louis, who gave a most interesting and instructive talk. Later refreshments were served by the hostesses and Mrs. Harry Lane sang two solos and little Myra Miller recited.

tism, gastritis, palpitation, nervousness, kidney disorders and liver complaints are among the more common troubles developed through the stomach. Scores of other diseases have been traced to the same source.

"Tanlac was made especially to overcome these stomach complaints and the various so-called diseases and symptoms that follow them, but the astonishing reconstructive powers revealed by it have not only astonished the general public, but have somewhat surprised even the originators of the medicine themselves. Thousands of letters reach the Tanlac offices from all parts of North America telling of remarkable results derived by people who have suffered for years without being able heretofore to find relief.

"Naturally, these remarkable achievements have spread the fame of Tanlac to all quarters of the continent, and the demand for it has necessitated working the laboratories night and day.

"The tremendous popularity of Tanlac grows steadily instead of diminishing and can be explained in only one way—merit. Its remarkable restorative effects seem to be more permanent than hitherto believed possible. Thousands of persons who took it when it was first introduced five years ago report that they are still enjoying excellent health, and millions of American homes are now using Tanlac as the family medicine after having first tried it out thoroughly."

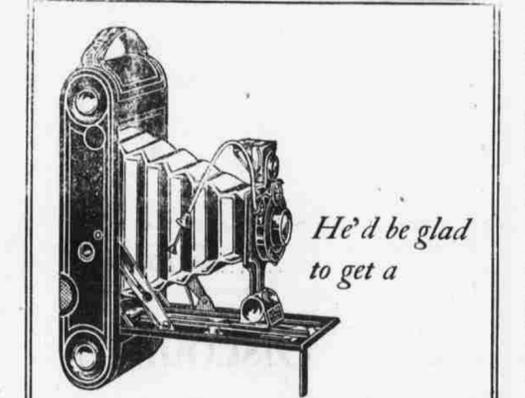

TANLAC is sold in Mexico, Mo., by Marlow & Cox, in Benton City by Sword & Bogie, in Vandalia by J. Gentle, in Martinsburg by C. T. Peyton, and in Laddonia by McCubbin & Garner Drug Co.

MAY BUILD NEXT SPRING

Rumors are again current to the effect that the Chicago, Burlington & Quincy Railroad company is planning to build the cut-off between Monroe City and Moberly next year. The right of way has all been surveyed and purchased and very little preliminary work would be necessary before actual construction could begin. Representatives of the United States Interstate Commerce Commission were here a few days ago, looking over the valuation figures and other items, with a view, it said of rendering an opinion as to whether the road would be a necessity. An affirmative opinion is expected which would give the company privilege to go ahead with operations. According to the information gained by the News, the company has all plans laid for active construction work early in 1921 if labor conditions and the price of materials are at a level justifying the completion of the project.—Monroe City News.

For Audrain Ex-Soldiers. The Missouri Educational Service for the Y. M. C. A. has a number of educational opportunities for Audrain county ex-service men. There is a fund of \$604 for this county and any man interested in securing a scholarship for course by mail can take the matter up personally with Mitchell White, county chairman in charge.

Harding's Plurality Over Cox 7,507,677 Out Of 27,101,673 Total

WASHINGTON, December 16.—The total number of votes cast for President of the United States on November 2 was 27,101,673, which is equal to almost one-fourth of the entire population of the United States at the last census. The total presidential vote in 1916, when Woodrow Wilson was elected, was 18,528,743. The increase is due to the enfranchisement of women. Assuming that as many men voted in 1920 as in 1916, the total woman vote in 1920 was slightly less than 9,000,000.

Senator Warren G. Hardin, President-elect, received 16,639,378 and Gov. Cox 9,181,701. Harding's plurality over Cox was 7,507,677. Harding's majority over all was 6,177,083, which is about two-thirds of the total vote cast for Cox.

Otis Sharp of Molino, who was injured Saturday when he was struck in the eye by a flying piece of shingle, is in a serious condition at the Audrain Hospital. According to physicians in charge of the case, there is a possibility that he may lose the sight of his right eye.

Charles Wright, who has been attending the University of Missouri arrived in Mexico Saturday to spend the Christmas holidays.

Team Wins Championship. Mr. and Mrs. S. P. Cunningham have received a letter from their son, Eric Cunningham, stating that his Honolulu Y. M. C. A. basketball team won the championship of the island easily. Mr. Cunningham is one of the best basketball players Mexico ever turned out and his success in the Pacific will be learned with pleasure here. His team was competing against eight others. He is an exceptional coach.

CRADDOCK'S POLICY

Is to get the BEST in MERCHANDISE and then stay with it.

This is WHY we have SOLD and guaranteed the world-famous Waterman Ideal Fountain Pen for more than 25 years.

That the Waterman Ideal Fountain Pen is the best is confirmed by the fact that it has received the Grand Prize (highest award) in competition with the world in every international exposition held since 1884—Paris, Glasgow, Oaski, (Japan), Halifax, N. S., Milan, Italy—and all American expositions.

Each award passed on by a different jury of experts.

We have sold hundreds of Watermans in this time.

Mr. Chas. Leeper, Rev. Jno. T. Mason, C. G. Holland and the late John T. Ricketts and E. H. Carter, are a few of the many who have used a Waterman with perfect satisfaction for over 20 years.

The Waterman Pen point alone goes through 80 operations in making and is made to give a lifetime of service. No other pen has such a record. Why not buy the BEST, a WATERMAN? You cannot make a Waterman leak if you try. We can fit any hand.

Exchangeable until suited. Made in Self-Filling, Safety, and Regular Types.
