THE LEDGER'S PLATFORM FOR AUDRAIN
More permanently improved highways.

A highway engineer.
A farm agent.
A close co-operation between the
people of Audrain county and Mexico.

A STITCH IN TIME.
THE statistics of the North Central
School children examined by
Major Butler, of the U. S. Health
Service, last week, show the necessity
of dental clinics in our schools.
What applies in one school must apply
in the others.

The equipment necessary to take
care of the dental clinic in the schools
should be supplied. The expense is
slight, and the results will be far
reaching. Other cities the size of
Mexico have such clinics and are
securing splendid results.

Most of the defects of the school
children, and Major Butler's report
shows many, can be eliminated in
this way. The work he has started
should not be allowed to lapse and
the intelligent thing to do is to follow
it up along approved lines.

As Major Butler says if our live-
stock was not up to weight we would
find the cause and eliminate it. Why
not show our children the same at-
tention? Two of Mexico's dentists
have volunteered to give their time
without charge for these children.
This is a splendid public service on
their part. Let us all co-operate in
this work for healthier children.

1923 FALL SHOW
MEXICO should plan NOW for a
Fall entertainment in 1923.

This should be an annual event. To
make it a success a year's planning
and advertising is none too much.

Underwriting the finances of this
show should be undertaken and com-
pleted immediately. The date should
be chosen and kept before the public
for the next twelve months.

The premium list should be pre-
pared and published so the farmers
could plant accordingly and pre-
pare to have the stuff to show next
Fall.

This premium list should include
prizes for county schools as well as
other Audrain institutions which
would prove educational and worth-
while.

The renewal of the old Jibat Ball
wouldn't be a bad plan. It was a
social event which attracted atten-
tion throughout this section of Mis-
souri and brought hundreds here for
the day and evening.

If this to be undertaken start
should be made at once. The money
should be pledged and then nothing
left undone to advertise the event and
its big features.

THE Hon. Clarence Cannon, democ-
ratic nominee for Congress in the
9th district, who recently visited Mex-
ico and other sections of Audrain county,
was most favorably received and
made a splendid impression. Mr.
Cannon's long experience as Parli-
amentarian of the House has given
him a splendid insight into the work-
ings of Congress and fitted him em-
inently for the place, which he is
qualified to hold for many other reasons.

AN EXPEDITION will shortly be
sent into Tibet to teach the people of
that country about civilization and
impress them with the mistake of con-
tinuing to exist entirely cut-off from
the rest of the world. There is al-
ways some busy-body intent on tak-
ing the joy out of life. They know
nothing of static as it effects Radio
Picturo star manages and their refin-
ing influence. There are other matters

of us will fail to find it there.

WHILE on his motor trip West
L. E. Wornor met the president of
one of the big transcontinental high-
ways. This man was compiling data
for a prominent touring magazine
and writing an article concerning
motor trips across these United
States. He drew Mr. Wornor's at-
tention to a sentence he had marked
to be displayed. It stated that in
touring all motorists should stay
away from Missouri as the roads
were bad. We trust that this in-
formation will be corrected shortly
when the new system of roads through
this state is completed and the
people have voted a maintenance fund
for the upkeep of such highways.

THE LAW FOR OTHERS.
THE condoning of enforcement of
one law is encouragement to the pub-
lic to violate all law. An Ex-Chief
of Police of Kansas City, says that
an individual approves of the en-
forcement of law until he violates one,
and that while he has been the
head of his department no individual
has ever called at his office to pledge
his support in enforcing laws.

The Law enforcement Committee of
the American Bar Ass'n, which has
been in session in San Francisco, re-
ports there is less respect for law
in the U. S. than any country, and
that our methods of fighting criminal
law violations are both inefficient and
inadequate.

The authorities, including the Co-
urts, cannot effectively fight crimes
unless they possess the substantial and
united support of the law abiding
citizenship of the nation. Even in
the matter of traffic violations the
public's attitude is shown. One man,
when his attention is called to his
violating a traffic law, will thank
the officer and immediately comply
with the law. Another, equally as
good a citizen apparently, will accept
the information from an officer in an
offended attitude and consider the
police officious in taking the matter
up with him.

If you consider yourself a law abid-
ing citizen see that you co-operate
with the authorities in making their
work easy. Realize that as a law
abiding citizen, your violation of even
a minor ordinance will encourage the
vicious minded to break the more
important laws. Do not condone any
law violation. The towns where law
are obeyed "by consent" are not good
places to live in. One of the first
principles of good citizenship is obey-
ing the law.

MARSHALL, Mo. is spending a mil-
lion for new buildings. In the mean-
time Mexico has been spending and
will spend in the next twelve months
no small sum for public improvements.
The general outlook for 1923, as
seen today, is many more homes to
be erected here as well as some larger
buildings.

MEXICO'S Better Homes Week has
been a decided success. The women
who are responsible for this most ex-
cellent constructive exhibit are to
be complimented upon their public
spirit and the efficient manner in
which the affair was presented to the
public.

BETWEEN now and the election the
Ledger will publish a number of times
a partial replica of the blanket bal-
lot to be voted in November with an
explanation. This is the easiest bal-
lot to vote and after reading the ap-
pended explanation a voter should
experience no trouble in casting a
ballot this Fall.

FRANCES M. WISE AIDING STATE DEMOCRATIC COM.

Mrs. Frances M. Wise, of this city,
has been named vice-chairman of the
Democratic Committee by Judge
Hackworth. Mrs. Wise is in St.
Louis where she has taken charge of
her office.

Mrs. Wise is one of the best known
women in the state and has been
most active in Missouri Democratic
women circles since suffrage was given
to the women of this country. She
is capable and eminently fitted for
this work which she will give her
time and close attention until after
the election.

She is especially looking after the
interests of the women in the cam-
paign. The committee was most
fortunate in securing her services for
this important work.

Got It Here.
Have you ever noticed the fine of-
fice in the Missouri Utilities Co.,
office in this city? Everything from
office furniture to fixtures was pur-
chased in Mexico from Sam Morris.
He can outfit you just as satisfactorily
whether it be your store or your
home. See him. 1 d & w t Adv.

The James Bledsoe Post will be
represented at the National Con-
vention of the American Legion at
New Orleans by five men, Humphrey
Craddock, Roy Creasey, Ray Cal-
lagher, George Talley and Merrill
Boulware. Although it was hoped
that a large number could go, these
men promise that Mexico will be
well advertised as they are taking
the post colours with them and will
carry them in the big parade.

Hier Rheumatism Has Entirely Disappeared

The successful treatment of rheu-
matism by taking Tanlac is one
of the outstanding features of that
remarkable medicine. Thousands of
people everywhere have testified that
it has brought them complete relief
from this torturous disease. Mrs.
N. E. Sutton, 2529 Prospect Ave.,
Kansas City, Mo., says:

"I had rheumatism in my should-
ers, knees and ankles so bad I suf-
fered all the time and could hardly
do my housework. Tanlac surely
was the right medicine for me. I
can now do all my housework with
ease and I feel just fine in every
way."

When the digestive system, liver
and kidneys are not working prop-
erly, uric acid and other impurities
accumulate in the muscles and joints,
causing rheumatism. Tanlac quick-
ly overcomes this condition by en-
abling the vital organs to perform
their functions properly. Get a bot-
tle today, at any good druggist.

WHEELER TO
KANSAS CITY PEOPLE**
The United States is riding safely
and snugly on the water wagon, and
the few obstacles tossed into the road
by the "wet" element in the coming
election will be negotiated with scarce-
ly a bump. Such was the word
brought to Kansas City, Thursday, by
Wayne B. Wheeler, national counsel
and presiding genius of the Anti-Sal-
oon League of America.

Mr. and Mrs. J. E. Blum and Mrs.
W. O. Dowell are spending a few
days in St. Louis.

On the 7th day of November when you go to the polls to vote you will be given a ballot containing the tickets for the Republican, Democratic, Socialist and Socialist-Labor parties all on one sheet of paper.

How to Vote a "Straight" Ticket
At the top of each ticket on this sheet of paper is a circle. In front of the name of each of the candidates on all the tickets is a square. If you intend to vote a "straight" ticket you will simply mark a cross in the circle at the top of the ticket you intend to vote, fold your ticket and deliver it to the judge.

How to Vote For A Candidate Not On Your Party Ticket
If you intend to vote for one or more candidates on a ticket other than your party ticket you should mark a cross in the circle at the top of your party ticket and then mark a cross in the square in front of the name of the candidate or candidates on the other ticket that you desire to vote for. On this ballot it is not necessary to scratch the name of the candidate or candidates that you desire to vote against. Whenever a cross is found in the square in front of any candidate's name by the judges of election that candidate is voted for.

How to "Scratch" A Candidate and Not Vote For His Opponent
If you do not want to vote for a candidate or candidates on your party ticket and at the same time not vote for his opponent on another ticket you should merely omit marking a cross in the circle at the top of your party ticket or at the top of any other ticket and you should mark crosses in the squares in front of the names of the candidates on your voted for.

Duty of Judges.
It will be the duty of the judges of the election in counting the ballots to carefully examine the squares in front of the names of each candidate on all the tickets to determine who is voted for.
