The Railroad is coming, and J. W. Trout has his sawmill running out in the pinery, 7 miles south of Kirbyville, ready to supply you with all kinds of pine lumber, still cheap, but wages is going up, pine timber is going up, and lumber is bound to go up accordingly. If you want to save money, you would better buy your lumber now. Send in your bills or come and make arrangements for your lumber to build that house or barn. Address: **J. W. TROUT, Kirbyville, Mo.**

**FINE CALF.—C.P. (Chemically Pure)** Anderson took out to his ranch last Thursday the fine red polled calf, Premium, 9 months old and weighing 700 pounds. Mr. Anderson purchased him from P. G. Henderson, of Central City, Iowa, president of the Red Polled Cattle club of America, for the sum of \$180. He is a veritable picture of bovine beauty and no doubt the best calf ever brought into the county. This is but one item looking forward to the new order of things that is bound to come to this section, in which scrub stock and slipshod ranching will become relics of the past, remembered but not regretted. Honor to Mr. Anderson for this move in the right direction.

Monday, in 'Squire Bading's court, Austin Stockstill was arraigned for running horses on the public highway, the county attorney prosecuting and Groom & McConkey defending. The trial was to a jury, a verdict of guilty was rendered and the defendant was assessed a fine of \$5 and costs. It doesn't appear to be good policy to be in too great haste unless there is real need for speed. Prosecutor McKnight is a winner, having succeeded in every case he has so far brought in his official capacity.

**James Johnson Dead.**

James Johnson, of Swan, a nephew of Dr. J. C. Johnson, who had long been ill with lung trouble, departed this life at 6:20 a. m. Monday, the immediate cause of death being due to heart failure. The interment took place in Bilyeu creek cemetery, in the presence of a very large number of friends.

Deceased was 24 years of age, and was born on the farm on which he died. A few minutes before his death he urged his friends not to weep for him, assuring them that he was the happiest man they ever saw in their lives, and exhorting them to keep in view one thing—to meet him in Heaven. He leaves behind the record of a clean life, unstained by a single unworthy act. The sorrow of friends and relatives is lessened with joy because of the happy outlook with which he entered the unseen country just ahead of every human being.

The Chicago Tribune on Washington's birthday sent reporters into the districts in that city inhabited by foreigners for the purpose of ascertaining how many of them know of Washington. The answers were amusing, to say the least. Some thought he was a Chicago alderman, others volunteered the information that he was a bridge tender, and still others that he was a street car conductor. An inhabitant of the Ghetto district said he knew him very well and that he is a saloon keeper on Halsted street, and that he was president ten or twelve years before McKinley. Fame is not what it seems.—Decatur (Ill.) Herald.

Dewar & Donovan have secured the contract to grade the first two miles of the White River railroad east of the James river at this place. Keep your grip on those plow-handles, my son; the fish won't bite you while you stay in the furrow.

Missouri elects men to office. She should not be too severely stigmatized when they voluntarily elect themselves to the penitentiary—but she should be very careful in her scrutiny of the characters of the men with whom she will fill their places.

**A Sweet Breath**

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been dyspeptic for years—tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet.

**A Great Sensation.**

There was a great sensation in Lee-ville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. **Same Thing in Western Taney.**  
Since Sept. 23, 1902, Seaman & Swift, abstracters, have taken 500 real estate transfers from the records in the recorder's office. There are doubtless many transfers since that time which have not yet been recorded. This is more than double the number of real estate transactions that have taken place during any previous year. It shows that there is a great demand for real estate in Stone county, since the railroad is an assured fact. Lands of all kinds are advancing rapidly in price, and it will not be long until all our unimproved lands will be taken and put in cultivation.—Galena Oracle.
