L. W. Hastings,

We had a husky bunch of boys here Monday evening for selective service, who were to entrain Tuesday at Branson for camp. The townspeople entertained them fittingly, and gave them a good send off, but much to their disgust they were stopped at Branson, and turned back. They sure wanted to get a whack at the kaiser—no Bill Hohenzollern.

THANKSGIVING IN 1918
More Cause for Real Thanks This Year Than Any Since Custom is Established.

Not since the early days when our Pilgrim fathers created the Thanksgiving idea will the last Thursday in November mean so much to the American people as will the Thanksgiving Day of 1918.

With Austria vanquished, the unspeakable Turk unconditionally surrendered, and Bulgaria disarmed, and with Germany whipped to a frazzle and ready to capitulate, surely the whole civilized world will join in with America on this glad occasion.
But when we pause to think that the boys in khaki, more than 2,000,000 of them, are on foreign soil fighting your battles and mine, unselfishly, fighting that democracy may live all over the earth, is there not something we owe the brave Americans?

Secretary Baker says the seven great organizations comprising the United War Work Campaign looking after our soldiers over there deserve every aid. President Wilson appeals to a generous people for generous donations Nov. 11-18.

Don't you think your turkey will taste better Thanksgiving Day if you send cheer to our boys over there? Let's get behind this great movement and let our boys know that we are proud of them and appreciate their sacrifices?

Snakes Bred for Profit.

What is Cowardice?
However many phases there may be of courage, bravery, valor and fear, there seems to be but one of actual cowardice. It is moral panic—an absolute destitution of courage. It comes about through surrendering to the initial fear and letting it demoralize one. Panic quickly follows and one flees in terror, oftentimes in terror of something that does not exist, something purely imaginary and born of a fear-crazed brain. The cause of the original fear often becomes insignificant in comparison to the imagined one. This state of panic is contagious. This is best illustrated by a flock of sheep when one of them becomes alarmed and bolts. The others rush pell mell after it, bleating and terror-stricken, not knowing why, or of what they are afraid.—Physical Culture,

CAN YOU READ YOUR TITLE CLEAR TO YOUR LANDS ?

A Wise Man has his Deeds and other Title Papers Recorded. He should know whether all Prior Deeds and Patents are Recorded. He should also know whether all Deeds of Trust, Mortgages and Liens on his Lands are satisfied. He should also know whether all Taxes on his Lands have been paid and whether his Lands or any part thereof have ever been Sold for Taxes and a cloud there by placed on the same. To tell him this, by preparing and furnishing him Complete and Dependable Abstracts of Titles, and to Cure Defects in Titles, is Our Business.

HOME LIFE FOR OUR BOYS
Entertainment by Actors Who Donate Services Carried to Our Fighting Over There.

A portion of the money the citizens of this country will contribute to the United War Work Campaign, which opens Nov. 11, will go to supplying amusement and instruction to the fighting forces over there. Actors of all kinds, lecturers, moving picture men, and all entertainers are taken to France by the Y. M. C. A., are uniformed and are placed on a regular circuit, where they appear before the soldiers, sailors, and marines in their camps and hospitals and bring to them a taste of home life. Our people have done none too much for the boys, and they will give freely during the week of Nov. 11. Seven organizations doing war work will have the disposal of the fund, under governmental direction. President Wilson suggested the plan.
