Security Against Pellagra.

In Justice Aldridge's Court

Atty. D. F. McConkey, and Prosecutor Adams and Sheriff Combs returned the last of the week from Protem, where they were called by several cases in Justice Aldridge's court.

The first case was a preliminary hearing of Tom Pemberton and Arthur Stacey charged with shooting into the dwelling of Ed J. Drake last December. Pemberton was discharged, but Stacey was held for trial at the next term of the circuit court.

In the case started by Wint James against parties charged with stealing a suit of clothes from the Holt Hotel last November, the case was dismissed.

E. J. Smith was tried on a charge of disturbing the peace of Grover Shockey, and resulted in a mistrial, as the jury failed to agree on a verdict.

It appears that the case arose over the question of the ownership of a yellow dog, Shockey claiming that Smith gave him the dog, while Smith maintained the canine was a loan. It appears that Shockey got the dog, and Smith resented it at Shockey's house. The Prosecutor recommended that Smith return the dog to Shockey, and Shockey dismiss the case. They were unable to agree on the costs, however.

and the case was continued March 4th.

GARBER

After a week of blustery weather we are having better signs of spring, and our farmers are plowing for spring crops.

Judging from the amount of garden seed that is being ordered and the amount that is coming in each day, there is going to be a lot of gardening done this year as well as last year. Many have learned that it is much cheaper to plant and raise their own stuff and have it fresh, than it is to depend on someone else to do it for them, or buy it from the stores.

Feed is getting scarce and spring will be welcome as the several stockmen report their supplies getting low, but withal stock looks well.

Reports are that the peach crop is all right yet and if nothing happens later, we will have a bumper crop of fruit this year.

Geo. Bull has moved to his father's place north east of here on the Boston Road, and will farm there this year.

Calvin Jones is moving back to his farm near Garber, with his son, Lonnie.

Mrs. Sherrill the cook for Jackson's crew went to Cotter and Buford, Ark., last week to visit her parents, returning Monday evening welcomed by the boys who were tired of cooking for themselves.

Timber is being assembled for rebuilding the bridge across Roark, as an entire new structure will replace the old one.

The great drive that was made last year for War Saving Stamps, and nearly everyone invested to their limit, is now reacting, as many that spared the money at that time find themselves now involved so that they are obliged to call for their money to meet the necessities of living, and it was well that provision was made for their redemption at the Post Offices. While the Government was and is yet pouring money out like water in a rat hole. Many have denied themselves of many of the comforts of what they needed, and now that the war is over they feel that it is not asking too much that their money be returned to them. While this was a patriotic duty as well as to promote saving, yet a saving that works a hardship is not desirable. But we advise all who can to hold their certificates as a matter of secured savings, but it is evident that the Government will have to look to the more wealthy for the next loan.

Death of Richard Kilby.

By the death of Richard Kilby on Wednesday February 26, Taneyville and vicinity lost one of its oldest and most cherished citizens. Born in Atrop, Gloucestershire, England, March 26, 1846. He married Miss Mercy Marshal at Bristol, England, on March 11, 1871, and came to America the same year, settling first in the state of Iowa, afterwards moving to Illinois and then to Kansas and in the year of 1891 he moved to Taney County, Missouri, where he resided until his death.

He will be remembered by his many friends and neighbors for his honesty of purpose and the example he set as a faithful christian. Being a professed christian for thirty-six years having united with the Methodist Church in the year 1883.

He is survived by his loving wife, and life-long companion, and by four daughters and one son. Three of the children, Mrs. Nellie Stout, Mrs. A. H. Wilson, and J. W. Kilby, reside at Taneyville, Mrs. T. W. Cheech at Joplin, and Mrs. J. A. Lamb at Chanute, Kans., all of whom were at his deathbed. He is survived by two brothers and a sister. One brother, John Charles, resides at Taneyville, Mo. There are seventeen grandchildren and nine great-grand children living.

Card of Thanks

HEADACHE
If one of the great causes of headache, how many endure, day after day, this nerve racking, annoying pain, without thought of its origin.
The cause is never sought by the oculist at all times—they examine and, usually, find "the cause" of the headache. It is caused by a defective eye—with proper glasses all annoying pains would vanish.
We examine your eyes thoroughly, scientifically, and fit glasses in all cases, and guarantee satisfaction at all times.
