The Boy Came Back

Advertisement.

A few years ago, a boy purchased a scholarship for a course in the Springfield Business College. He got tired of school work and went west. The president wrote him a long letter urging him to come back and finish the course. The argument was made very strong, showing that a man without preparation or capital will probably fail. The boy heeded Mr. Taylor's advice. He finished the course and entered the largest bank in New York. Mr. Taylor received the following letter a few days ago:

The National City Bank of New York, January 2, 1920.

Dear Mr. Taylor:

Just a few lines to tell you that I will sail on January 15 to begin work at our branch at Pernambuco, Brazil. This branch was opened on June 6, 1919, and the office force consists of forty employees, only six of whom are Americans. I had an opportunity recently to go to Brussels, Belgium, but I consider the experience better in South America.

With kindest wishes, I am Sincerely yours,

RICHARD H. BROWN.

The Trip To The North Pole

In the Sunday school contest carried on thru November and December the side that was defeated was to entertain the winners. So it was the train that carried the passengers to the North Pole last Friday night.

There were four trains, each stopping at five different stations enroute.

They started from the church and made their first stop at Mrs. Ira Parrish's home where found a news boy a conductor and a porter. Here they were served sandwiches. The second station was at J. A. Weatherman's where the passengers were entertained with a reading by Ruth Parrish in which the reliability of the train as a mode of travel was contrasted with the unsafety of the air plane. The passengers were served sandwiches here also.

The next stop was at the Wyke home. Here they were shown the wreck of an airplane making the passengers give a shout of jubilee that their journey had been made by train. Cake was the offering at this station.

The Harned home offered its hospitality to the train load at its next stop where they again were treated to cake and a happy time.

The last stop was at Joe Gideon's where the jaded weary worn travelers were refreshed with a steaming cup of cocoa, and wound up their journey at the church to be dismissed.

It was a jolly party all the way thru as the shouts of merriment heard enroute gave evidence.

Spirit Meant for All.

That spirit which suffices quiet hearts, which seems to come forth to such from every dry knoll of sore grass, from every pine stump, and half-imbudded stone on which the dull March sun shines, comes forth to the poor and hungry, and to such as are of simple taste.—Emerson.

For You at a Real "Bargain" Price.

The GLOBE-DEMOCRAT solicits your patronage solely on its merits as a truly great newspaper. It prints all the news of all the world. It long since realized that the day of the party organ has passed; that the newspaper that claims to wield the largest and most salutary influence must consider public questions upon the single basis of right; that the interests of the country and the general welfare of the people should not be subordinated to the interests of any organization, political or otherwise, and during the last few years it has shaped its course upon this conviction. That course will be continued. Every reader of the GLOBE-DEMOCRAT, whatever his party, must admit that, while he may not always agree with its opinions, they are nevertheless founded upon sincere judgment of the right, and that, we assert, is the essential quality of the editorial policy of a newspaper. In its presentation of the news the GLOBE-DEMOCRAT endeavors to be accurate, fair and impartial, presenting facts without color or prejudice.

Some folks tho are worrying because the warm spell may swell the peach buds and later they be caught in a freeze.
