Important to Housekeepers!!

WOODMAN'S CELEBRATED SOAP!!

THE above celebrated soap is an article which every family, hotel, laundry, boarding house, &c., will find upon a careful trial, to be the very thing required for economy and saving of labor:

1st. Because clothes can be washed in one-fourth the time.
2d. They require no rubbing or pounding thereby saving labor, and the injurious effects of the old method.
3d. It bleaches and leaves them purely white, and for colored cloths it is unsurpassed, as it does not extract the dye, but has a tendency to set the color. For washing paint and windows it cannot be excelled.

It is warranted not to injure the clothes in any way.
It is put up in boxes of ten pounds each. Full directions on each box for the use of it.

The Soap can be had at the house of John Davis, who is sole agent for Marion county, on Fifth street, near Wm. Green's Hemp Press, or of Curtis & Lockwood, on Main, near Hill street. (single)

NEW-YORK TRIBUNE.

THE NEW YORK TRIBUNE having completed the twelfth year of its existence, on the 9th of April, signalled its entrance into its teens by an enlargement of its borders, adding fully one third to its area, and which will require, in its new form, to pay more for the white paper on which it is printed than all we receive from its subscribers. And, simple as our income has been, (though less ample than it has been currently reported) our expenditures for the next year must be larger than our annual income has ever yet been.

We have taken this important step not without reluctance, but upon the maturest consideration. There are thirteen of us concerned in the Tribune establishment as proprietors with one hundred and seventy more directly employed on the paper—all to be subsisted out of its current income—and this enlargement adds some \$30,000 per annum to our expenses without necessarily increasing our receipts. Yet we encounter so many complaints of the small type, too fine print, bad for the eyes, &c., that we have resolved to risk our all on the enterprise of making a paper which will satisfy many thousands who have hitherto stood aloof, and so enlarge our Subscription and Advertising as to secure us a reward for our exertions in the future equal to that which we have enjoyed in the past. If we can add one-fourth to our reading matter, and present the whole in fair, clear type of good size, we believe we may nearly double our circulation; and this, though of no direct advantage to us, secures such an increase of our Advertising as will leave us nothing to desire.

The Semi-weekly Tribune was enlarged to the new size of the daily, and we urge our country friends who have no daily mail, or think they cannot afford a daily paper, to give this an examination. We always study to condense the largest possible amount of useful and interesting matter into our Weekly; yet it is physically impossible that we should print there even one-third of our letters from Europe, Asia Minor, India, California, Mexico, Central America, &c., &c. But all these are given in our semi-weekly. There is not another paper issued in the world which contains so large an amount of mainly original reading for so small a sum; and we trust that, since postage has been reduced to a mere bagatelle, there are thousands of our friends who have hitherto taken the weekly, who will henceforth take the semi-weekly. We will send a specimen to any one who, without subjecting us to expense, shall see fit to apply for it.

The Weekly Tribune will likewise be enlarged to the new size of the Daily in September next, at the close of its current volume. It will then be the largest Weekly afforded in Cuba for \$1 per annum in the world, and its white paper will cost us nearly or quite all that we receive from its Club Subscribers. We shall hope to make it pay by appropriating a small part of the new space we thus create to Advertisements, which until such enlargement, we must continue to keep within the narrow limits. It is issued every Thursday morning, and contains most of the matter of the Daily, with more summary accounts of such Events and Proceedings as cannot be published in full. We mean that no Weekly shall surpass this in giving a full, graphic, and faithful account of what the World is Doing, whereof it is Thinking, and how it is Progressing.

Daguerreotypes! Daguerreotypes!!

W. P. PITTS,

Resident Daguerrean Artist, would simply remind the citizens of Hannibal and surrounding country that he is still taking pictures at his Gallery on Main street, over Willson's hardware store, and would inform them, that from recent additions to his stock, and his increased facilities, he is now prepared to take pictures in a style far superior to any heretofore taken in this city, and at reduced prices. Call and examine.

Look out for the Old Lumber Yard.

WELL-seasoned Pine Lumber suitable for all building purposes, can all times be had at the Old Hannibal Lumber Yard, which has been established 8 years. The proprietor deems it unnecessary to puff his Lumber to make it sell, or to say any thing about experience in the business except to those who never purchased from him. He would remark that an experience of eight years in the business gives the decided advantage over any other who never had experience—his Lumber has been purchased for cash and selected with great care, from the best mills in the Pinery. Mechanics and others wishing to purchase Lumber would find it to their advantage to call and examine the stock of Lumber and Shingles at the Old Lumber Yard before purchasing elsewhere. If you cannot get it for a less price, I will guarantee you can get it as low and a better article for the same money. Also, Lumber, Shingles and window sash.

Another Scientific Wonder!

GREAT CURE FOR DYSPEPSIA!

Dr. J. S. HOUGHTON'S

PEPSIN

THE TRUE DIGESTIVE FLUID, OR, GASTRIC JUICE.

Prepared from Rennet, or the fourth stomach of the ox, &c., directed one of Baron Liebig's great Physiological Chemists by J. S. Houghton, M. D., Philadelphia, Pa.

"HIGHEST" Such is the true meaning of the word Pepsin. It is the chief element, or great digesting principle of the Gastric Juice—the solvent of the food, the purifying, preserving, and stimulating agent of the stomach and intestines. It is extracted from the stomach of the ox, thus forming a true digestive fluid, precisely like the natural Gastric Juice in its chemical powers, and possessing a complete and perfect substitute for it.

This is Nature's own remedy for an unhealthy stomach. No art of man can equal its curative powers. It contains no alcohol, niters, acids, or narcotic drugs. It is extremely agreeable to the taste, and may be taken by the most delicate patients who cannot eat a water cracker without the most acute distress. Beware of cheap imitations. Pepsin is not a drug. Half a teaspoonful of Pepsin infused in water, will digest or dissolve five pounds of roast beef in about two hours, out of the stomach.

Scientific Evidence!

The Scientific evidence upon which this remedy is based is in the highest degree curious and remarkable. Call on the agent and get a descriptive circular, giving a large amount of scientific evidence, from Liebig's Animal Chemistry; Combe's Physiology of Digestion; Dr. Penlan's Food and Diet; Dr. John W. Draper of New York University; Prof. Dunglison's Physiology; F. of Stillman, of Yale College; Dr. Houghton's Physiology; &c., together with reports of cures from all parts of the United States.

Prepared in Field and Powder.

Dr. Houghton's Pepsin is prepared in Powder and in Field Form—and its Prescription varies for the use of Physicians. The powder will be sent by mail, free of postage, for one dollar sent to Dr. Houghton, Philadelphia.

BE OBSERVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copy-right and Trade Mark secured. Sold by all druggists and dealers in medicines. Price, ONE DOLLAR, per bottle.
