

The Goose that Laid the Golden Egg

Is quacking at your door. Don't drive it away. Build a nest and Gather each month in dividends these golden returns. Soon your nest will be full and then life's struggle will be over.

HEED THE WARNING ---- READ THE WORD

Our Roaring Gasser

The bit is finding its way to the second sand. The history of our neighbor producer was gas and later a mighty gusher. The bit will soon prove our well .Get in now and be one of the shareholders to reap the dividends of this as well as our other valuable holdings.

Our Stock--3 for 1

Tangible assets, experience, good management and efficiency are bound to result in success. Our shareholder is well satisfied. Follow his example. Get in with us. He who follows a successful man will himself be led to success. Buy before our stock goes to \$3 per share.

Our Drilling Tools

On contract basis we have placed four strings of tools with Ranger-Rock Island Oil Co. on a footage basis. Figure dividends from these on 50-50 basis. Two rigs are being used to develop our holdings and drill on large acreage in proven fields. "Think! We lose nothing even dry holes. Our good well makes our shareholders wealthy people."

Millions in Oil--Millions in Drilling

Thirty million foot gas well on forty acres of our lease in the proven Ranger Field, now going deeper with a rig and casing to drill 3500 feet is necessary, with six strings of standard tools equipped to drill to any proven depth, with 200 acres in the proven field of Oklahoma, offsetting a drilling well which looks like a Big Producer, with 120 acres valuable holding in Northwest Breckenridge, near famous Ward Well, with tangible values behind your dollars. Can you afford to let this opportunity slip when your better judgment tells you to act.
