VOLUME 2 NO. 18.

BEACH, BILLINGS COUNTY, NORTH DAKOTA MAR. 21, 1907.

\$1.50 PER YEAR.

- Bits of Local News. -

A pleasant hop was had by the young people of the village last evening, in the hall.

Ed Holven, Jr., arrived Monday night with a car of immigrant movables.

Cashier R. W. Near and wife attended the entertainment at S. B. Chappel's, Friday evening.

N. B. Stith and the Misses Peek attended the dance at Medora Monday night.

Finder of a gold K. P. charm will receive suitable reward on return of the same at this office.

Henry Elliott departed for Fredrick, So. Dak., Monday to accept a position with his brother-in-law in the implement business.

Joe Hockert, formerly clerk in the store of the Beach Merc. Co. at this place is seriously ill at his home in Freeport, Minn.

The three Messrs Kusske, of Minnesota came here this week with immigrant movables and steam threshing rigs.

The week has been one of very fine summer weather, the roads are drying fast and farmers are dragging and plowing their fields.

A. Rising of Burkey was in town Monday with grain and boasts of beating all his neighbors for miles around in raising grain this year. This was Mr. Rising's first crop.

A. B. Kellogg is erecting a building on second avenue in this block, for a taylor shop and laundry. He has it rented and possession will be given the latter part of next week. The new enterprise will be a winner.

H. A. Hunter is surveying his second addition to Beach. The new addition on the east side of the quarter section and the town site now consists of a quarter section. The new lots will be placed on sale April 1st.

Mr. Lovell's new hardware is nearing completion and all one side is stocked up and the fixtures and furniture are elegant. The store is 100 feet long and two stories high.

The many carloads of machinery unloaded here every week is evidence that the local implement dealers expect to do a big business this spring. The dry men are the busiest fellows in town.

W. W. Webster, of Medina, N. D., contemplates putting our creamery in operation this season. McCready & Webster are proprietors of the Medina creamery. We sincerely hope the creamery will be started.

Our new butcher had a little hard luck last week coming in from J. B. Harmon's place. He had purchased a nice fat three-year-old heifer from Mr. Harmon and was bringing it in when it got offended about something and tore across the country at a whirlwind gate across buttes and over draws. He was finely roped but passed in his checks a few minutes later. The poor heifer probably hated to leave his happy home and died of a broken heart—Medora Herald. We don't just understand the above item. What was our new butcher bringing in, and where is the whirlwind gate across the buttes and over draws? We are inclined to think that this should read "overalls." However, we are pleased to learn that "he" was "finely" roped, (nothing coarse about it) although we are in doubt as to whether

The "blind pigs" are no more. A. M. Smith is hauling lumber this week for a \$700 residence.

Among the number from Medora and Sentinel Butte who witnessed the law suit here yesterday were, Messrs Rosall, Paxton, Bird, Jones, Short and Gardner.

Henry Mullendore, of Wibaux, was a visitor Tuesday.

Father Dignam conducted services here this morning.

Mrs. W. W. Page of Burkey, was shopping in town Saturday.

Geo. Oech, who spent the winter with home folks in Minnesota, was among the many arrivals on No. 5 last evening.

Mesdames Gust Rozell and J. Gardner of Sentinel Butte were guests of Mrs. A. B. Kellogg, yesterday.

Overstad & Hoverson have put up some very good signs in front of their store and are having the building painted.

M. D. Sarver returned home from Bismarck Tuesday evening. He stated that Mrs. Sarver is improving nicely and will be able to return home in a couple weeks.

Gust Hortum moved on his claim, two miles north of town this week. He has a team, machinery, cattle, poultry and household goods. But, not a house-keeper?

An item of interest escaped last issue. A whist party was given at the home of Simon Smith, five miles south of town, on Monday evening. About forty young people assembled. Refreshments were served and a very pleasant time is reported.

Thos. Kirkpatrick, residing ten miles south, was a visitor Monday. He stated that he just threshed and notwithstanding the fact that his grain stood in stacks all winter, frozen straw and waste, his wheat yielded 32 bushels, oats 47 and flax 14.

Geo. Gilbertson is getting material on the ground for a residence. As soon as the same is completed he will have his family and household goods moved here from B. R. Falls, Wis.

Mr. Haugen, three sons and daughter are among the new immigrants this week, coming here from South Dakota. Miss Haugen has accepted a position as stenographer in the law office of G. H. Purchase.

The ladies of the "Ladies' Aid" report having greatly enjoyed the hospitality of Mrs. F. E. Near yesterday afternoon. The attendance was large and the meeting a decided success. The next meet will be held at Mrs. Tullar's.

"he" refers to the butcher or the heifer, but as the heifer must have been a female we will give the new butcher the benefit of the doubt, and we trust he cashed his checks when he passed them in. We have not learned how badly the "gate" was damaged.

Chas. E. Clark was adjudged insane at the court house last Friday by the Billings County Board of Insanity—County Judge Paxton, States Attorney Keohane and Dr. Melvin of Beach. He was taken to the asylum at Jamestown Saturday. N. D. Nichols was deputized to go with the sheriff as a bodyguard. The unfortunate man came from south of Sentinel Butte a few miles and rumor has it that he was a morphine fiend but it is more authentic to believe he became crazy through reading the Beach Chronicle. "There's a reason."—Medora Herald.

TERRIBLE FIRE IN BEACH.

N. P. Co's. Large Coal Dock and Tanks Totally Destroyed.

The large coal dock, water tank and power house were burned to the ground Saturday morning about 1:30. The fire is thought to have started from a torch light used by the engineer on No. 6, who went in the dock after repairs. It was impossible to save a thing, and the loss and damage is estimated at \$20,000. The company will immediately erect new buildings of the same kind.

ENJOYABLE ENTERTAINMENT.

A very pleasant evening was spent at the spacious home of Mr. and Mrs. S. B. Chappel, Wibaux, Mont., last Friday evening. The young people of the congregational church gave one of the best literary programs ever rendered in Wibaux. In this they were assisted by County Supt. Kitchen and two of his pupils from Sentinel Butte and Roy Near and his wife from Beach. Prof. Baird, of Wibaux Public Schools, presided as chairman, in which capacity he acted in a most admirable manner. His three assistants were also present and together with himself took part in the program. After the program was finished excellent refreshments were served and the remainder of the evening was given to games and conversation. At two o'clock the party broke up, when a hearty vote of thanks was given to Mr. and Mrs. Chappel for the kind hospitality. A vote of thanks was also given to Mr. and Mrs. Near and Prof. Kitchen for their excellent services on the program. It is to be hoped that this won't be the last social event of the season. The young people need more entertainments like this to develop their social and intellectual nature.

Garmo vs. Rozell Law Suit.

Atty. Messersmith, of Dickinson, was defeated here yesterday in the Garmo vs. Rozell case. The suit was brought by Anton Garmo to recover damages for breach of warranty of title to a horse. Messersmith appeared for the defence and R. F. Gallagher of Beach, for the plaintiff. It was proven in Justice McKibbin's court that Mr. Garmo bought a horse of J. J. Rozell for \$125, that belonged to J. A. Paxton. Mr. Rozell sold him the animal for an HY brand and it proved to be an NT brand. The defense seemed to be up against it all through the trial and tried several bluff arguments, thinking he had only a practice case, and could make them win, but our man Gallagher soon showed him where he got off at.

Members of the Catholic church are arranging a hard time dance for the benefit of the church. It will be held Easter Monday. Tickets 99 cents. Supper 25 cents.

Wibaux.

From The Pioneer.

Fred Pickering is on the sick list this week.

E. Hall was down from Beach on business Saturday.

J. G. Stewart and E. E. Jordan left last Thursday night on a two weeks trip to Florida and the southern coast.

Frank Cannon left on Sunday morning for a visit with his family in St. Paul.

Fair Exchange.

"Yes, we are going to move to escape housecleaning."

"And so are we. If I must confess it myself, I think it will take the new tenants two weeks to get rid of the rubbish we are leaving behind."

"The same here. Our house will need a mop and soap from cellar to roof. By the way, where are you going?"

"15 L—street."

"What? Why, that is where we are leaving!"

"Well, I declare! Where are you going?"

"11 B—street."

"Why, that's where we are leaving."

"Great Scot!"

"Phew!"

"23" FOR BLIND PIGS.

Fessenden Free Press: If local conditions are any indication of what other communities in this state have experienced the past week North Dakota is a prohibition state in fact as well as in name.

The tenth legislative session may become famous as having passed laws that put the "lid" down on the illegal liquor traffic: good and tight, and tight for good.

Early last week it had been noised around that Saturday was the last day that a man could get anything stronger to drink than water in these diggings. After that date the "lid" would be down with state's attorney, sheriff, justices, judges, the newly created temperance commissioner and the governor on top. It may easily be imagined that those with a palate for beer were not stingy with themselves—for by the time resumption gets around they would be pretty dry. The "joints" were anxious to get rid of stock on hand and the average man came to their rescue in a heroic manner. Even men who never drank before in their lives indulged so that in after years they might tell their sons and daughters of the historic 9th of March, 1907, the end of the reign of liquor, from personal experience and observation and inebriation—if necessary.

As the week drew to a close it was evident that there would be something doing Saturday night—the last chance for mere men to experience that elation of mind and body that is superinduced by the imbibition of the fluid manufactured from barley and hops. There were "doings" alright. Nothing out of the way, understand; no fights, rough houses or anything of the sort. Simply the gathering of a few fellows who think a social glass is a medium whereby life is enlivened, but not destroyed; whereby weariness of flesh and spirit is banished, even momentarily; whereby the trials and cares of common existence recede and are not forgotten in the sparkle of—the devil's cup.

This little celebration was a "closing event," so to speak. It perhaps is an incident in what is an epoch in the state as far as prohibition is concerned.

The "tip" was given that the "pigs" would close.

The "tip" was straight; the "pigs" are closed.

Time will tell whether the new laws that have put the "pigs" on the run will keep them going until they are dead as well as blind.

We apprehend that the sentiments of prohibition will have to be on the quiver if the traffic is stopped entirely.

FIRE DESTROYS MARQUIS DeMORES PACKING PLANT AT MEDORA.

The Marquis DeMores Packing plant that made Medora famous, was destroyed by fire last Friday night. During the eighties this great plant was in operation and employed several hundred hands. The large structures all equipped, as was left by the enterprising Marquis DeMores have stood idle for 23 years with a sign painted on them: "Rent free, to any responsible party who will make use of them."

One Way of Looking at It.

First Lawyer—Was that suit that you undertook for Gilbertson a success?

Second Lawyer—Very much so. It has involved him in complications which will necessitate at least eight other suits.

Chamberlain's Cough Remedy is Both Agreeable and Effective.

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by all dealers.

Stuck Up for Him.

"The following dialogue was heard between two friends a few days ago: "I say, Johnson, I met your old friend George Knight yesterday."

"Oh, you don't say so, Alfred. Nice chap, isn't he; very affectionate?" answered Johnson.

"Yes, and very thoughtful of what he is talking about. He told me that you weren't fit to live with the gorillas at the Zoo Gardens; but, mind you, Johnson, I stuck up for you, Johnson," said Alfred.

"Thank you, old chap, you're a brick. What did you say?" said Johnson.

"I told him you were," said Alfred. Johnson walked away, his heart too full to say another word.

OUR STORE IS THE QUALITY STORE.

Quality has ever been our aim. Nothing so surely and so strongly builds up a business as merit. The farmer or mechanic who buys our goods is on the "quality" side of the argument. He believes as we do, that it pays to sell products that will produce pleased and permanent customers. Don't forget this fact that you will keep in mind "quality" long after price is forgotten. Our motto is: Good goods constant with reasonable price; your money refunded if you are not satisfied. In our store can be found a complete stock of General Merchandise. Call in and let us show you around. If you are in need of a spring suit let us take your measure and fit you with the best of the world's tailors can furnish. We believe we represent the best clothing tailors in the world and those who have bought of us say that our prices are as low as those who are handling inferior goods. In conclusion we wish to state that we have just unloaded a car of the Gladstone Pearless Flour. It gives the best of satisfaction and we can sell it a little cheaper than our competitors can sell the Minnesota flour; our customers highly recommend it, and we believe we are selling more flour than all the other merchants in the county.
