

We Keep on Hand the Largest and Best Stock of GROCERIES

IN THE GOLDEN VALLEY

And are Selling these Goods at Catalogue - House - Prices

Bring in your grocery catalogues from Chicago, Minneapolis or elsewhere and we will prove to you that you can buy groceries in Beach at the same prices. We give the same grades and guarantee satisfaction or give you your money back if, after you have taken the goods home and tried them, you are not satisfied.

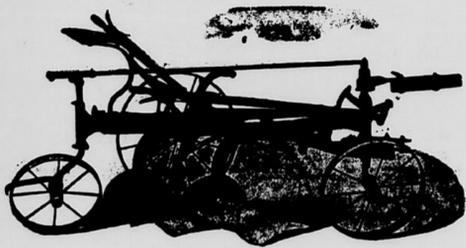

We Are in Business to Compete With the Mail - Order - Houses

This company was organized, not with a profit-making, get-rich-quick idea, but for the purpose of competing with mail order houses; it was organized to give the Golden Valley farmers a home market where they could buy merchandise at mail-order prices and at the same time have an opportunity to deal with home people and examine goods before they bought them, and to get the goods the day they paid for them.

As a great deal has been said about competing with mail-order houses, we expect you to take this advertisement with a "pinch" of salt, as the saying goes, and we expect you to be in doubt about our statements until you come to our store and investigate for yourself. The best way to do this is to bring the Savage and Sears & Roebuck groceries lists, which have just recently been sent out, with you to our store, and then compare price for

price, goods for goods, quality for quality, and grade for grade. All we ask is a fair comparison, and we know that henceforth you will be our customer instead of a mail-order patron. We know that you would rather "trade at home", provided you are given the opportunity; we know that you are loyal to your community, provided you do not have to pay a bonus or premium to be loyal; we know you want to be a "home man" provided you do not have to make a sacrifice to do so. We do not ask you to build up the community, the city or the state, but we do ask you to build up your own financial condition by buying your merchandise at the place where you can buy it for the least money, and if we cannot secure your business on that argument, we will have no complaint if you go elsewhere in Beach, or to Minneapolis or Chicago.

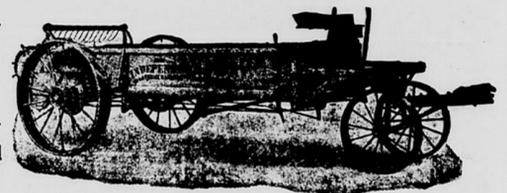

Farm Machinery We have the agency for the Independent Harvester Company machinery, Studebaker Wagons and buggies. We have just received a carload of Wagons. We are carrying this line, as other lines, for the sole purpose of competing with mail-order goods. We sell you standard, well-known lines of machinery at catalogue prices. Some of these goods we have on hand, so if in need of farm implements, wagons, plows, etc., see us first before you send away that mail order.

The Independent Gang Plow is one of the lightest draft and most perfect working of any double-furrow plow made. Only the very highest grade carbon steel being used in its construction throughout. All parts receiving the greatest strain, such as the frame, beams, etc. are made extra heavy to withstand the roughest and hardest work.

The Independent Low Down Spreader is the product of the best there is in Spreader construction, the most suitable materials and high grade workmanship. It is practicable and durable. We have these Spreaders and Plows on hand.
