CORRECT—Attest:
O. C. ATTLETTWEED,
E. E. DICKINSON,
E. E. MIKKELSON, Directors.

(SEAL)

* GOLVA *

Mrs. Charles Bohardt left Wednesday for St. Peter, Minn., to visit her mother and friends.

A. D. Gordon left for Kuhn, N. Dak., Thursday morning by auto.

The funeral of Isabel Barres was held from the Catholic church at Burkey. Rev. Wolpers of Beach assisted Rev. Herbneyer with the service. School was closed on that day at Five Points, so the teacher and classmates of little Isabel could attend. The many sorrowing relatives and friends have nothing but pleasant memories of one who was always cheerful, ambitious, and of a loving disposition, taken from her home so early in life.

Frs. Fritz of Parkston, S. Dak., came Thursday morning to attend the funeral of her little grand

daughter. She expects to remain about two weeks.

Nic Brick who has made his home at Gerhardt Schumacher the past two years, and who earlier homesteaded near Five Point died very suddenly of heart failure. Monday afternoon about 4 o'clock Mr. Brick ate his dinner as usual and was not heard to complain. The first intimation that anything was wrong, was when his horses that he was driving with a load of bundles which he had pitched on wandered away from the threshing machine. Mr. Drionack stopped the horses and John Kempneck proceeded to awake Nic, but found that life was extinct. Mr. Brick was about 35 years of age and has been in this vicinity for the past ten years, several times he has undergone serious operations and this spring suffered with pneu-

monia, which affected his heart. Coronor Stough came out, also an undertaker from Beach where he was kept until his brothers were notified, and it is expected they will take the remains east for burial. He will be greatly missed among his associates.

There was a social dance at Burkey last Tuesday night and a splendid time is reported.

Mr. and Mrs. J. E. Tuft were guests of Mrs. Strahon Sunday.

Ferd Koch's horse ran away hitched to a binder Tuesday afternoon. Frank Randash stopped the team which became frightened at his auto. Aside from some bruises and a badly broken harvester no serious damages were made.

Father Wolpers of Beach was a guest at the Catholic parsonage at Burkey last week.

Co. Supt. Kinsey was visiting schools in our vicinity this week.

A lady from St. Philips is working at the Staeger home.

* SENTINEL BUTTE ITEM *
* From Republic *

The C. J. Englund residence has recently been improved by a coat of paint.

Hon. C. L. Malmberg, a nephew of W. A. Hart's, and Mr. Johnson, both of Forest Lake, Minn., were here last week on business.

Guy L. Strahon who has been here for the past couple of weeks looking after his farming interests south of town, left on Thursday for his home at Sioux Falls, South Dakota.

Rev. Harper Burns returned last Saturday from a vacation of a month spent with his people, in Illinois and Michigan. Mr. Burns has taken on an additional job now and is teaching at the Fisher school east of town.

Howard Bros. sold their farm north of town this week to Iowa parties, the price being paid was \$37.50 per acre. The Howard boys had a half section of fine land with good improvements and it was cheap at that price.

Mrs. A. O. Holm and sons, Robert and Kenneth, who have been visiting Mrs. Hohn's mother, Mrs. A. O. Hegseth this summer, left on Monday for their home in Minneapolis. Mrs. Hegseth accompanied them as far as Dickinson.

Jay W. Brown motored north to McKenzie county north of Trotters on Tuesday of this week, and took with him as passengers Peter Galum, A. O. Madland, Steve and Frank McDonald and C. L. Dawson. They saw two prairie chickens—and brot the bodies home with them.

Mrs. H. Gilbert and her daughter Mrs. Otto Stensrud, were down from Beach Friday visiting relatives.

SENTINEL BUTTE SCHOOLS OPEN.

On Monday of this week the Sentinel Butte schools were opened with an initial enrollment of 125. This will without doubt be increased later and the prospects are fine not only for an excellent attendance this year but for especially good work to be done as well.

The following teachers have been employed and are now working:

A. F. Gamber, principal.
Ruth Holmstrom, of Joliet, Ill., first assistant principal.
Mary Morsbach, of Durand, Wisconsin, second assistant principal.

Franchon McMillan, McVile, N. D., 7th and 8th grades.
Franchon McMillan, McVile Falls, Minn., 3rd and 4th grades.
Gertrude Cruik, Ravenna Neb., primary.

Doris Stone who graduated from the Sentinel Butte high school last spring, is now teaching the Roosevelt school, having commenced her duties on Monday of this week.

Anna Harmon, one of the high school graduates of last year has taken the Camel's Hump school north of town, and is now teaching there having commenced on Monday of last week.

Mrs. E. Prehn, of Zap, N. D., is here visiting at the home of her sister, Mrs. C. A. Hiand, Mrs. Prehn was formerly Miss Jessie Kellogg of this place, and has been quite busy renewing old acquaintances.

Miss Clara Lovnas is visiting at the Eugene Tull home south

of town having gone out there last Saturday.

Jay W. Brown sprained an ankle the first of the week—and now limps quite artistically.

Mr. and Mrs. C. F. Mason of Mantroville, Minnesota, arrived in this village on Tuesday and are visiting their son, E. H. Mason and family.

Mr. and Mrs. Andy Anderson and Frances Anderson left last Saturday for Colton, South Dakota to announce the death of their father at that place.

Mrs. A. O. Madland gave a party to a number of the friends of her little son, Wilbur, on Tuesday of this week—the occasion of his third birthday. Refreshments were served and the children had a very pleasant time.

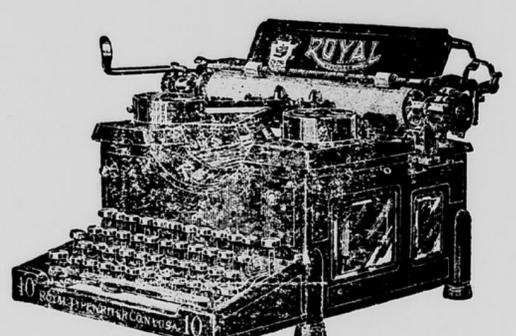

Work is now complete on the bridge and dam near Byron street is again open to travel—and the dam is ready to hold water. It is hoped that the fall rains will be heavy enough to fill it so that the ice harvest will be good—and the skating.

Mr. and Mrs. Peter Glaum arrived here last Thursday, and are visiting their daughters, Mrs. C. A. Englund and Mrs. T. J. Cassidy.

Frank and Steve McDonald arrived here last Saturday from Marshfield, Wisconsin, and have been visiting their brother, Pat. Frank is going on to Leviston, Idaho, while Steve will visit in Belfield and then to his home.

McCloskey Bros. shipped seven cars of beef cattle from here on Thursday to the Chicago market. This is the largest shipment of cattle that has been made from Sentinel Butte in a number of years owing to the difficulty experienced in getting to town with a large herd, on account of fences, fields of grain etc. Ten or twelve years ago a seven car shipment was considered a small one—but times do change. As a rule stockmen now ship from Medora as the badlands are not fenced as closely as the farming lands of the valley.

Read the Common Sense Story of Royal Leadership

Royal designers undertook to create a typewriter which would do its work better and quicker, would do more of it, and would keep on doing it longer than any typewriter ever known. They knew every fault, and every mistake in old fashioned machines. Throwing tradition overboard, they built a typewriter in which every moving part works in balance—just as the finest automobile engine is kept true by its timing gears.

This accounts not only for the perfect presswork which singles out the Royal, but for its remarkable durability.

The moment big business, which buys on a cold blooded result basis, discovered the perfect work and the long life of the Royal, big business began adopting and buying it.

Get the facts. Write or telephone our nearest branch or agency for a demonstration.

Write for "Facts About the Trade-Out"—a booklet which tells you why you have been paying too much for typewriters and how the Royal can reduce that expense for you. A postal will bring it to you free.

Pay By CHECK

A New Machine at the First National Bank

The new Burroughs Bookkeeping Machine which we have recently installed helps us give you better service.

By the machine method every depositor's account is kept in balance all the time and there are no mistakes such as are bound to occur in other ways of handling figures.

Come in and let us show you how quickly we can have your statement ready,—how our new machine works.

Keeping Yourself Well

THE FIRST STEP

Usually the first indication of a lowering of health is found in the bowels and liver. Something goes wrong—we eat too much, or work too hard—and the bowel action weakens or the liver is sluggish.

That heavy feeling on arising in the morning, dryness of the throat, with bad taste, a slight headache, dull eyes—all show that food has fermented in the intestines, and that the body is manufacturing poisons instead of good blood.

Clear it all out. Give the stomach and bowels a fresh start. Encourage the liver to go to work. Mannin does all of this, without gripping or weakening. It's the ideal laxative and liver tonic, because it follows Nature's plan, without discomfort, inflammation or forming a habit. Constipation may be overcome with its use.

Liquid or tablet form. The Tablets taste like candy. Children like them, and they are safe. 10 and 25 cents.

Thoroughly tested and APPROVED by the Council of the American Home.

The Parson Co. Columbus, O.
