A Beach Booster

A Newspaper that Causes Comment in a Town that is Talked About

VOL. 13.

PUBLISHED AT BEACH, GOLDEN VALLEY COUNTY, NORTH DAKOTA, FRIDAY, NOVEMBER 3, 1916.

NUMBER 3

I hereby announce myself as the Republican nominee for re-election as COUNTY JUDGE of Golden Valley County

During the time I have been in this office, I have endeavored to give the same my best service and attention all the time. If re-elected, I faithfully promise a continuance of the same.

Your vote and support on November 7th will be appreciated.

TOM. L. SMITH,  
COUNTY JUDGE

Being a servant of the county I have no right to devote my time to going out and talking politics. You know what I have done and its up to me to devote my time to the duties of my office. I feel that you are familiar with the work done during my administration and that it is not necessary for me to tell you that I have done and what I will do in case I am elected. Suffice to say, that in case I am elected to another term I assure you that I will conduct the official work with the fairness and square dealings of the past, with equal rights to all and special favors to none. The experience that I have had in the past two years will be of such benefit to me that in case I am elected I can enter upon my second term with a full knowledge of what I have to do. It might be well to add that I have collected \$8695.52 in delinquent taxes and that the salary I receive is affixed by law and approved by the Board of County Commissioners. I have receipts from the County Treasurer showing that I have collected the above amount in delinquent taxes. Thanking you for favors and courtesies of the past and hoping that I am worthy a continuance of the same, I remain, Sincerely yours,  
S. A. SMITH.

## HUGH EGAN MARRIED AT ST. PAUL

Last Wednesday at St. Paul occurred the marriage of Hugh Egan to Miss Hazel McCarthy of Flaxville Monarda. While the news did not come as a great surprise to Hugh's friends here, as it was generally thought that he was contemplating the deed, it was not known that the event was to take place Wednesday and as a result we have not been able to get the particulars.

Mr. Egan is too well known to our readers to need any introduction, being the president of the Beach State Bank of this city and the Security Bank of Golya. Miss McCarthy is a very charming young lady, possessing many admirable qualities and accomplishments and has a large number of friends in Beach, gained during her visits here.

The Chronicle joins with their many friends in extending congratulations and wishing them all the good things in life.

## ELECTION RETURNS TO BE GIVEN AT OPERA HOUSE.

In order that the patrons of his popular play house may know how the general election is going C. W. Haigh has made arrangements with the western Union for the placing of a special wire in the Opera House here and the providing of an operator to take the returns as they come. Thus those who are in attendance at the vaudeville show there on the evening of November 7, will see the returns thrown on the screen as fast as they come in and possibly will be able to tell who is going to be our next president by the time the show is over. The returns received there will be the same as is given the Associated Press and sent to all of the large cities.

With election only three days away some of the candidates have taken on a rather worried look. The bad thing about our system of government is that someone is bound to be disappointed after every election.

## Vince Wicka Buys W Bar Ranch

Old Ranch Home of Pierre Wibaux Passed into Hands of Golden Valley Farmer.

A deal was consummated last Tuesday whereby for a consideration of practically \$10,000 Vince Wicka purchased through C. L. Waldron the old W. Bar Ranch, located ten miles straight north of Wibaux. This ranch property consists of 964 1-2 acres and is one of the choicest ranches in Wibaux county. It is on the banks of Beaver Creek and there is enough wood on the place to keep a good sized family in firewood forever.

The W. Bar ranch was the first ranch property owned by Pierre Wibaux and was his home for a goodly number of years. There is a good set of buildings on it with a big basement barn 30x75 and the whole place is fenced and cross fenced. While about half of the land is suitable for agriculture it is Mr. Wicka's intention to use it almost exclusively for grazing, with the exception of enough which to raise necessary feed. Beaver dams are in abundance along the creek and the place is ideal for anyone that enjoys woods, water, and hunting and fishing.

Vince tells us that his reason for purchasing the property was that he has more live stock on his Model farm, four miles south of Beach, than he can adequately care for there and also that his family, especially his boys, have always desired a change and more especially a taste of ranch life. While the house and other buildings on his new possession are in no way to be compared with the strictly modern buildings on his home farm they are very comfortable and he says the boys will appreciate the woods and running water to an extent that will more than make up for the difference in conveniences. He will take possession next March and may move his family up there at that time. It is his

intention to farm the home place south of here also, the coming year.

Mr. Wicka is one of Golden Valley County's most prosperous and progressive farmers. He came to this county in 1905 and took up a homestead, to which he has added to and built up until now he has one of the choicest farms and best farm houses in the entire state. Hard work and good business judgement have placed him in a position financially to enjoy the comforts of life and a visit to his Model farm, four miles south would assure anyone that the Wicka family enjoy all the conveniences to be found in any moderate sized city.

## PARALYSIS SPREADS.

Hettinger County Herald—Infantile paralysis, the disease that claimed thousands of babies and small boys and girls the past year, has been spread to the rural districts by the catalogue houses. Goods that have been returned to the catalogue houses have in many instances come from homes where this dread disease has claimed its victims and left its poison. It is easy to see how all kinds of disease may be passed around by these mail order houses that send goods out promiscuously and when they are returned pass the stuff on and on until someone accepts the junk. Fortunately, there have been only a few cases in North Dakota, and only in districts where goods were accepted from catalogue houses.

A goodly number of friends of Mrs. O. D. Brault gathered at her home last Saturday evening and tendered her a very gratifying surprise, the occasion being her birthday anniversary. A very pleasant time was had and as a token of the esteem in which they held their hostess the visitors presented Mrs. Brault with a beautiful tray.

Tom Scott left yesterday on No. 3 for Thermopolis, Wyoming where he will take treatments for rheumatism at the Hot Springs for a couple of weeks.

## SHORT COURSE OPENS AFTER THANKSGIVING

The Short Course of instruction which has been a regular feature of our school for some years past, will be maintained this year as usual. The term will begin shortly after Thanksgiving, the exact date to be announced later. Regular and thorough instruction in English, including composition, letter writing and reading, arithmetic, spelling and penmanship, bookkeeping, agriculture, manual training, and domestic science will comprise the work. The credit thus obtained will apply toward graduation. Provision will be made so that there will be no overlapping of the instruction given in former years. Rest assured that there will be something new for you.

All boys and girls who have found it impossible to enter school as regular students, are urged to consider the short course. You owe it to yourself and to your future. The school you plan to attend.

At Glendive last Wednesday occurred the marriage of Eugene Livermore and Miss Mollie Rogers. The announcement of their marriage came as a surprise to their friends as they had not confided in anyone their intention of entering upon a voyage on the matrimonial seas. They are both very popular young people of the north country, where they now reside on Mr. Livermore's homestead and the Chronicle joins with their many friends in extending congratulations.

Mandan—Mrs. Calet Hasse narrowly escaped injury when an oil stove on which she was preparing a meal exploded, causing the destruction of her husband's store by fire.

## FARMERS' EXTENSION LECTURES ARE SUCCESSFUL

Hugo Klumb, accompanied by A. B. Hummel and R. M. Lewis, autoed to the Little Beaver school last Friday and to the Haysman school last Saturday and gave very interesting extension lectures. About one hundred lantern slides were used in connection which illustrated the lecture magnificently.

Mr. Klumb's subject was 'Horticulture' and he gave the audience some very interesting and profitable information on how to plant fruit trees, when to plant, what kind to plant, exposure, how to take care of the trees, their diseases and how to overcome them, insects which attack them and how to kill them, spraying and the best method of spraying, etc. Mr. Klumb used good, clear effective English, making it very easy for the farmers to understand, and profit by this useful information. Mr. Lewis gave a very helpful talk on 'Methods of Bookkeeping on the Farm' which had the undivided attention of the assembly.

Lectures will be given at the Burkey school house Friday, November 10, and at the Indian Hills School house Saturday, November 11th.

A. W. Mason of Dickinson, spent Tuesday in our city in the interests of the proposed Normal School at Dickinson. It would seem to the writer that every voter in the county and on the slope should vote for the new Normal. It means a great deal to our heads of families that they would not have to send their children to Valley City in order to have the children's education advanced and we can't see why anyone in this section of the state should vote against it.

## CALLENDER HOTEL SOLD TO R. N. COOPER.

As the result of a deal that was closed up October 10, R. N. Cooper, formerly of Hazen, this state, has taken possession of the Callender hotel in this city and is now the owner and landlord of that popular hostelry. Previous to coming here Mr. Cooper owned and operated the Alhambra hotel at Hazen and is a man of considerable experience in the hotel business. Mr. Wallace retains the building, however, having given Mr. Cooper a two year lease on it with the privilege of renewal.

Mr. Cooper's cousin, Mrs. Vincent, an elderly lady, will assist him in the management and as Mr. Cooper says she will run everything except the cash register we believe him, and judging by the favorable impression she makes with everyone she meets we do not doubt but what the Callender will remain the exceptionally popular place for tired travelers that it has always been. Both are very pleasant people to meet and will find a warm welcome awaiting them in the business and social circles of our city.

We understand that Mr. and Mrs. Wallace will move into one of their residences here in the city and take life easy as they both

say they are tired and will appreciate a rest.

Last Saturday Sheriff Smith took into custody a young transient by the name of Joe Bzsel on a charge of forgery. The young man evidently needed money and decided to get it by forging Wm. Zimmermann's name to a check for \$12.00, which he did, having the check cashed at the Hoffman Bros. Confectionery. The check appeared odd and Sheriff Smith was notified. Thirty minutes after the check was cashed Mr. Smith found the young fellow in Gilbertson's store and took him into custody. He plead guilty to the charge, refunded the money and was taken to Dickinson today to receive sentence. The prompt action of Mr. Smith in the matter may have saved someone a loss of \$12 as it is thought that Mr. Bzsel intended making a getaway.

The P. E. O. Sisterhood will hold their annual rummage sale on Thursday and Friday, November 9 and 10th, at the building formerly occupied by the variety store on Main street.

Lakota—Sunday schools of Nelson county are engaged in an interesting membership contest, with the Aneta school leading at the present.

# Notice to Farmers and Loan Agents
