

Have! Jim, you don't need a cocktail. What your stomach wants is a couple of doses of GREEN'S AUGUST FLOWERS—lets the bowels get to work, stimulates and cures the stomach and makes you feel like a new man. Buy a box today and you'll get new life into you. I know from experience. Remember the name.

Green's August Flower
Most men think they need a cocktail or a drink when their stomach is out of order and they "feel bad" with nervous indigestion, or constipation. What they really do need is two or three doses of "AUGUST FLOWER" which quickly restores the stomach, cleansing the whole system generally.

As Times Change.
"A man used to be afraid his wife would find out that he had been to see a big spectacular show with a ballet."
"Yes. And now he's regarded as an inconsiderate person if he doesn't go to every one that comes along and take the entire family."

Cole's Carbolivine Quickly Relieves and heals burning, itching and torturing skin diseases. It instantly stops the pain of burns. Heals without scars. 25c and 50c by druggists. For free sample write to The J. W. Cole Co., Rockford, Ill.—Adv.

Old Master, Anyway.
Miss Manyyears—Yes, that was painted of me when I was a little girl.
Col. Bunt—Is it a Rubens of a Rembrandt?—London Opinion.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect. Lasts. Bromo Quinine can be taken by anyone without causing dizziness or ringing in the ears. It is only one "Bromo Quinine." Dr. Galt's signature is on each box. See.

Cold Calculation.
"Quality is more to be desired than quantity," said the man of artistic inclinations.
"Not always," replied the practical person. "A diamond is pure carbon. But you can't get the action from it that you can from a ton of coal."

Important to Mothers
Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher* In Use for Over 50 Years. Children Cry for Fletcher's Castoria

Pressing Question.
We see that the slinky figure is to be the style throughout the coming season, and we suppose we shall soon be face to face again with the problem of where a fashionable matron of about forty-two size puts herself when she gets into her new gown.—Ohio State Journal.

Anuric cures Backache, Lumbago, Rheumatism. Send 10c. Dr. V. M. Pierce, Buffalo, N. Y., for large trial package.—Adv.

Tampering With Nature.
"The scheme worked all right in Europe."
"What's that?"
"That hour more of daylight."
"Oh, yes," said the man with the thin overcoat, "but they ought to tackle something worth while. Why don't they tack an extra month on to summer?"

DR. J. H. RINDLAUB (Specialist), Eye, Ear, Nose and Throat
Fargo, N. D.

Working Abandoned Holdings.
Many holdings in Brazil which have been abandoned for nearly a century are now being worked and made productive. That of the Carmelite monks, where there is now settled a colony of foreign agriculturists, and that of the Benedictine monks, worked by the monks themselves, are among these. The ancient industry of sugar planting has been revived to an extent never before known in some states. Many of the municipalities have revived and again placed under cultivation old and abandoned coffee fazendas.

CANCER
and Tumors successfully treated (removed) without knife or pain. All well guaranteed. Come, or write for free Sanatorium book. Dr. WILLIAMS SANATORIUM, 1025 University Ave., Minneapolis, Minn.

BODY OF MAIER IS ORDERED EXHUMED

ANONYMOUS LETTER CAUSES ATTORNEY-GENERAL LINDE TO SUSPECT FOUL PLAY.

INTERESTING NEWS OF STATE

North Dakota Events of Past Few Days Selected and Edited for the Convenience of Our Readers.

Bismarck.—An anonymous letter, coupled with what are said to have been the dying words of Karl Maier that "a man shot me with my own gun," has caused Attorney General Linde to direct that the body of Maier, recently buried at Beulah, be exhumed and an inquest held. Maier was supposed to have been shot and killed accidentally.

A letter said to have been received November 28, by John Maier, a brother, and postmarked "Zap," advising Maier to place \$300 on a certain telephone pole east of Beulah "or something will happen," was placed before the attorney general by detectives.

Another letter from Maier's former fiancée, in which she returned his ring and wrote: "I have found another I really love better and always will," was found by detectives.

FARMERS AT SHOW ARE WORTH FIFTY MILLIONS

Five Hundred North Dakotans Travel to Chicago in Two Elaborate Trains.

Fargo.—More than 500 North Dakota farmers, owning a combined wealth estimated at \$50,000,000 attended the international livestock show at Chicago. Traveling in two elaborate special trains on the Great Northern road, the Dakotans passed through Minneapolis early in the day. After a short stop, the trains moved to St. Paul, where the "million dollar farmers" spent the rest of the day. The average wealth of each of the 500 farmers—a score of them women—was estimated at nearly \$100,000.

The farmers were enthusiastic advocates of diversified agriculture, maintaining that this was the key to success and wealth on the farm. Prominent among the champions of diversification was Mrs. C. W. Kelly, Devils Lake, North Dakota's best known woman farmer.

The farmers were the guests at a luncheon given by the St. Paul Association of Commerce. Speakers included Governor J. A. A. Burnquist, Mayor V. R. Irvin and Lynn J. Frazier, governor elect of North Dakota. The party also stopped at Madison, Wis., where they visited the Wisconsin agricultural college before proceeding to Chicago.

GUILD FILES NEW SUIT IN FARGO NEWSPAPER CASE

Son of Former Owner of Courier-News Asks Performance of Contract to Purchase 21 Shares of Stock.

Fargo.—Messrs. Charles Marsh and E. S. Pentress, former Des Moines, Iowa, residents, have been served with another set of papers in connection with their local newspaper deal, involving the purchase of The Courier-News, and its re-sale within three weeks to the Nonpartisan company. Bart P. Guild, son of Dr. L. T. Guild, former Courier-News owner, starts the new proceedings, asking performance of a contract to purchase 21 shares of Courier-News stock. This contract was made when Bart Guild was retained by Marsh and Pentress as advertising manager, when they took over the newspaper property several weeks ago.

It provided that in the event of Guild's discharge or retirement otherwise, Pentress and Marsh would buy up his shares.

FORMER SUITOR TRIES TO KILL GIRL WITH AXE

Suspends Weapon Over Door of School in Eighenheim—School Room Recently Raided.

Fessenden.—A series of attacks on Miss Bertha Miller of Ellendale, N. D., a teacher in Eighenheim, this county, was brought to a climax when an axe suspended over the school house door dropped on her shoulder as she entered the building. The girl escaped serious injury.

On the blackboard was written: "If the axe don't get you I will."
The girl's room was raided recently by some one who scattered her belongings and tore her picture to pieces. Officials believe the work is that of a disappointed suitor.

Girls Pursue Dakota Bachelors.

Fargo.—Hot upon the announcement that the prosperous bachelor farmers in the North Dakota delegation of 600 to the stock show in Chicago, were yearning for Chicago brides, girls of all descriptions offered themselves. Then came the following wire from Louis W. Hill, president of the Great Northern, to Hoke Smith, who had charge of the special train, which is now known as the Cupid Special. "Great stuff. Marry them off as fast as you can."

NORTH DAKOTA MAKES BIG POPULATION GAIN

Now Less Than 103,000 Behind Oregon—Increase from 4,837 in 1880 to 752,260 in 1916 Shown.

Bismarck.—North Dakota is camping on Oregon's trail and is now less than 100,000 behind that state in population, the latest estimates of the United States bureau of the census show. The Flickertail state, the census bureau guesses, now has 752,260 people, while Oregon has 848,866. Six years ago, when the last federal decennial census was taken, North Dakota had 577,156 people; in 1915, a state census gave North Dakota 636,956 people; the fact that approximately 120,000 votes were cast in the recent general election, would indicate that the census department's present estimate for North Dakota is quite conservative.

FRAZIER NOT SAYING HOW HE IS GOING TO RUN STATE

Farmer-Governor-Elect Cites Inquiries to Nonpartisan League Platform—First Time in Politics.

Grafton.—Governor-elect Lynn J. Frazier of North Dakota isn't advertising how he is going to run the state when he "gets in." Instead he cites inquiries to the Nonpartisan League platform, including the terminal elevator and other planks, and says: "I was elected on that."

He is optimistic, however, regarding the outlook for his administration, for he said recently in a conversation: "We have a good majority in the House, and a working majority in the Senate. Our opponents are not giving us a leadership in the Senate, but we think we shall pull through."

FAVORS UNIFORM DATE FOR TAX ASSESSMENTS

State Auditor-Elect of North Dakota Says Adjoining States Should Adopt Proposed Form.

Bismarck.—Carl R. Kositzky, state auditor elect, is convinced that North Dakota, Minnesota, South Dakota, Iowa, Nebraska and other states between which there is a constant tide of immigration must adopt a uniform date for assessment of property and the levying of taxes.

The first of January appears to be the date most favored for the assessing of property, and Mr. Kositzky after he has taken office probably will endeavor to assemble here the auditors of sister states with a view to working out a uniform bill covering this subject.

116 IS NORTH DAKOTA'S GREATEST BUILDING ERA

Three of State's Largest Cities Pass Million Dollar Mark in Construction—Others Close Behind.

Bismarck, N. D.—The year 1916 will go down in history as North Dakota's greatest building era. In 1916 three of the state's leading cities—Bismarck, Minot and Fargo—passed the million mark in general construction. Jamestown's total exceeded three-quarters of a million; Mandan went well over a half million, and Dickinson more than a third of a million. These statistics assume greater importance when it is recalled that North Dakota's largest city has but 18,000 people and that North Dakota to date has done practically nothing in the way of manufacturing.

PARDON FOR KITTEL SOUGHT

Petitions to President Wilson Circulated in Casselton.

Casselton.—Petitions to President Wilson were in circulation here asking pardon for W. F. Kittel, former Casselton bank cashier, who pleaded guilty to violations of the banking laws. Sentence has not been pronounced. R. C. Kittel, a brother was sentenced to Leavenworth penitentiary on pleading guilty to the charges on which the two men were arraigned.

Skin Grafting Saves Youth.

Bismarck.—Clarence Pherril, 14 years old, took a Jack-o'-lantern to bed with him on Halloween. He was burned so seriously his recovery has been doubtful. Physicians announce he is out of danger, after they have resorted to skin-grafting operations.

Seven Locomotives Are Burned.

Dickinson.—Fire destroyed the Northern Pacific roundhouse here for the second time in a year. Ten engines were lost. The Duluth, Missabe & Northern road sent three locomotives from Brainerd, Minn., to tide over the difficulty.

Suit Against Towner, N. D. Bank Falls.

Grand Forks.—The Stockyards National bank of South St. Paul, asking \$7,000 from the First National bank of Towner, N. D., has failed to get its case to the jury. Judge C. B. Munger, ordered a verdict for the defendant. Certain notes, it is charged, were held by the Towner bank but were pledged to the South St. Paul bank. Subsequently the Farmers State bank was sold to the First National bank, and the notes passing into the possession of the latter, the Stockyards National sought to recover.

BOARD OF REGENTS HOLDS FINAL MEET

TO APPROVE APPROPRIATIONS ASKED BY VARIOUS INSTITUTIONS FOR MAINTENANCE.

STATE CAPITOL HAPPENINGS

News of North Dakota Officials and Institutions Arranged in Compact and Convenient Form for Readers of This Paper.

Bismarck. The last and most important meeting of the board of regents for the current year is being held at the capitol this week, when final approval will be given the appropriations asked by the various state institutions under the board's supervision. All of the heads of state educational institutions will attend these sessions. A full attendance of the board members is, President Lewis F. Crawford of Sentinel Butte, Frank White of Valley City, Dr. J. D. Taylor of Grand Forks, Emil Scow of Bowman and J. A. Power of Leonard.

All of the institutions have reported important requirements in the form of new buildings and repairs for the ensuing two years. The university asks \$114,500 for general construction; the agricultural college, \$185,000; the Normal Industrial school at Ellendale, \$5,000; the School of Forestry, \$72,000; Minot Normal school, \$97,700; the Valley City Normal school, \$165,000; the Mayville Normal school, \$75,000, and the Dickinson Normal school \$185,000, a total of \$899,800.

State May Refund Tax.

If America's treaty relations with Great Britain render unconstitutional section two of the North Dakota inheritance tax law, the state, in the opinion of Attorney General Linde, owes the British heirs of the late Ormond Peniston of Grand Forks a large sum of money.

Inasmuch as the heirs were foreigners, the Grand Forks county court claimed and collected a 25 per cent inheritance tax. The Trot heirs paid on \$2,026.10 apiece, and each of the other five on \$810.44. This was done voluntarily on the part of the heirs, who did not until some time later learn of the provision of America's treaty with Great Britain which holds that "citizens or subjects of each of the contracting parties shall have full power to dispose of their personal property within the territory of the other, by testament, donation or otherwise, paying such duties only as the citizens or subjects of the country where the property lies shall be liable to pay in like case."

League May Win Senate.

Complete control of the North Dakota house of representatives, and the strong possibility that it will control the senate, too, has been obtained by the Farmers' Nonpartisan Political League, according to claims made in Fargo. Of a total membership of 113 in the lower house the league elected 81 candidates November 7, while in the senate, with 25 members elected this year, 18 of the new senators are favorable to the league's legislative program.

Asks Pardon For Kittel.

Governor L. B. Hanna has written a letter to President Wilson urging clemency in the case of W. F. Kittel, defuncting officer of the Casselton First National bank. Meanwhile, friends of Mr. Kittel assisted him in circulating a petition asking his pardon before sentence. Mr. Kittel, himself, presented the petition to a number of bankers and other prominent business men of Fargo, going from place to place in company with a deputy U. S. Marshal.

Youmans Loses Suit.

There was little satisfaction for Grant S. Youmans, the Minot banker, or his attorney, Congressman Jim Manahan, of Minneapolis, in a decision handed down by the supreme court affirming the decision of the Ward county district court against Youmans in his suit for damages aggregating \$250,000 against a former North Dakota bank board and prominent member of the Minot banking fraternity.

New Deputy State Auditor.

O. B. Lund, of Steele, retiring treasurer of Kitter county, is to succeed W. R. Edwards as deputy state auditor. The announcement has been made by Carl Kositzky, state auditor-elect. Mr. Kositzky stated, however, that he hopes to retain Mr. Edwards' services for the present at least.

Investigates Potato Markets.

Dr. James E. Boyle, formerly head of the economics department of the University of North Dakota and at present field agent in marketing in the federal office of markets and state experiment stations, has just completed an investigation of the markets for North Dakota potatoes in Kansas City and St. Louis. According to Dr. Boyle, the numerous reports that have appeared to the effect that potatoes are being dumped in the river in order to keep the prices up, is entirely erroneous.

DOGS BURIED A WEEK DIG TO FREEDOM

Two Pets Are Entombed While Pursuing a Rabbit Into Embankment.

Kansas City, Mo.—Entombed 15 feet in the earth for 168 hours, and without food or water the entire seven days, two dogs belonging to two boys of Rosedale dug themselves out and have returned to their home after being given up for dead.

The boys, with their dogs, were chasing rabbits about a bluff when they ran a "bunny" into a deep hole in the ground. The dogs followed the rabbit in and there was a cave-in. The boys came up and dug to rescue the dogs, but when they quit at nightfall they were still many feet away.

The next day, imagining the dogs had perished from suffocation, they

Dug Themselves Out.

were given up for dead. Six days later the boys were astonished to see one of the dogs appear at home, weak from lack of nourishment and scarcely able to walk. His nails literally were worn off from constant digging. The boys then went to the cave-in and dug in the hope that they could save the other dog. After digging about two feet in the earth they heard moans and soon the other dog was rescued, after he had dug himself that close to liberty.

Neither of the dogs would eat at first and would only drink milk. Then they began to seek food and ate it ravenously.

MAD BULL SPREADS PANIC

Killed on Pennsylvania Farm by Neighbors After Furious Battle of an Hour.

Milton, Pa.—After an hour's battle with an infuriated bull on the farm of James Best, near here, the animal was killed.

A young Jersey had been tied up in the barn and was being fattened for market. Best's dog attacked it and, becoming infuriated, the young bull broke his chain leash and battered down the barn doors.

Once outside, the bull attacked and threw James Pether, aged four, to the ground, but the child was unhurt, his mother, when the dog again attracted the bull's attention, seizing the child and running into the house just as the beast charged again.

Attracted by the noise, Best and his son, Merrill, hastened from a nearby field. The bull attacked young Best and tossed him over the barnyard fence. James Best got a pitchfork and sunk the tines in its head, but it only shook them off and chased the elder Best around and around an apple tree.

THIS DONKEY BRINGS GRIEF

Declared by Authorities to Be Public Nuisance Because of His Braying.

Vermillion, S. D.—An apparently inoffensive donkey has during the last few days been the source of considerable friction in this city and as a last resort the city council held a meeting and took action.

The braying of the donkey kept many people awake at night, and after they had lost so much sleep that they lost their tempers those affected sent a petition to the city council asking that the donkey be eliminated. The city council deliberated over the matter for some time, and then took a vote, which proved that the council was evenly divided on the question as to whether the donkey was a nuisance or not.

Mayor Lyons, to break the deadlock, cast the deciding ballot which declared the donkey a public nuisance, and the council now has demanded of the owner, C. H. Grange, that the offending donkey be exiled from Vermillion and not permitted to step foot within the city limits.

Dinner Costs \$120.

Sparkshill, N. Y.—A dinner consisting of two rabbits cost Albert and Joseph Argen \$60 each. They were charged with violating the game laws, pleaded guilty and paid the heavy fine

K C BAKING POWDER

Passed by the Board of Censors

- 1st—The manufacturer with the rigid tests of the laboratory and factory.
- 2nd—The wholesale grocer with his high standing and desire to handle only reliable goods.
- 3rd—The retail grocer who desires to handle only those brands he knows will please his customers.
- 4th—The food officials with their rigid laws for the purity and wholesomeness of food products.
- 5th—And most important, you, the housewife with your desire for purity, efficiency and perfect satisfaction.

ASK YOUR GROCER — HE SELLS IT

25 Ounces for 25¢
(More than a pound and a half for a quarter)

WINCHESTER

"LEADER" AND "REPEATER" SHOT SHELLS

For the high flyers, or the low flyers, "Leader" and "Repeater" shells have the reach, spread and penetration. Their great sale is due to these qualities, which insure a full bag. Made in many gauges and loads. BE SURE TO ASK FOR THE W BRAND

Canadian Farmers Profit From Wheat

The war's devastation of European crops has caused an unusual demand for grain from the American Continent. The people of the world must be fed and wheat near \$2 a bushel offers great profits to the farmer. Canada's invitation is therefore especially attractive. She wants settlers to make money and happy, prosperous homes for themselves by helping her raise immense wheat crops.

160 ACRE FARM IN WESTERN CANADA FREE!
You can get a Homestead of 160 acres FREE and other lands at remarkably low prices. During many years Canadian wheat fields have averaged 20 bushels to the acre many yields as high as 45 bushels to the acre. Wonderful crops also of Oats, Barley and Flax. Mixed farming, as profitable an industry as grain raising. The excellent grasses full of nutrition are the only food required for beef or dairy purposes. Good schools, churches, markets convenient, climate excellent. Military service is not compulsory in Canada, but there is an extra demand for farm labor to replace the many young men who have volunteered for the war. The Government is urging farmers to give extra acreage into grain. Write for literature and particulars as to reduced railway rates to Dept. of Immigration, Ottawa, Canada, or W. E. Black, Clifford Block, Grand Forks, N. D.; J. L. Forte, Dunn Block, Great Falls, Mont. Canadian Government Agents

For PINK EYE

Cures the sick and acts as a preventative for others. Liquid given on the tongue. Safe for brood mares and all others. Best kidney remedy. 50 cents a bottle, \$1 a dozen. Sold by all druggists and turf goods houses, or sent, by the manufacturers. Booklet, "Distemper, Cause and Cure," free. SPOHN MEDICAL CO., Chemists, Goshen, Ind., U. S. A.

TO PREVENT OLD AGE COMING TOO SOON!

"Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such poisons. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Anuric," says the famous Dr. Pierce of Buffalo, N. Y.

When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little Anuric from your nearest druggist and you will quickly notice the grand results. You will find it many times more potent than lithia, and that it dissolves uric acid as hot water does sugar.

PRESIDENT OF WOMAN'S TEMPERANCE UNION
Motley, Minn.—"I take pleasure in recommending Dr. Pierce's medicines, first of all for their not containing alcohol. As District President of the Woman's Christian Temperance Union I appreciate that fact. Using these medicines for thirty years I surely have had time to test them well. The 'Favorite Prescription' has been tested the most. I am the mother of seven children, and each time, with one exception, I have been able to go ahead with my own work when babe was ten days old, due to using the 'Favorite Prescription.'—MRS. MATTIE WAITE—Adv.
