A. B. COX NAMED AS MEMBER OF THE STATE COMMITTEE-- MR. H. GREEN CHAIRMAN.

The meeting of the precinct committees of Barnes county passed off yesterday without the semblance of a contest on any of the offices.

Following the preliminary organization, and the work of the committee on credentials, Harry Green of Leal was placed in nomination for chairman of the county central committee.

His nomination was confirmed by acclamation. Burl Carr was named as secretary, and A. B. Cox member of the state committee, were named by acclamation without contests in any case, as was Sam Aandahl, for committeeman from the thirty-eighth district.

Following the elections, Chairman Green was called on for a speech, and briefly expressed his appreciation of the honor which had been conferred upon him.

For the remainder of the offices, J. J. Taylor of Oriska was unanimously elected treasurer, and the following members of the advisory committee: Lee Cowell, Eckelson; W. J. Pickett, Rogers; Geo. Fridt, Valley City; Lew White, Litchville; K. S. Ramseth, Fingal, Jesse J. Taylor, Oriska and E. A. Duff, Dazey.

Italian War Vessels Sunk By Turks

ATTACK MADE ON THE DARDANELLES THIS MORNING--REPULSED WITH HEAVY LOSS

Constantinople, July 20.—Eight Italian torpedo boats attacked the entrance of the Dardanelles at 10:30 yesterday morning. The Turkish forts replied vigorously, sinking two of the Italian war vessels and damaging the other six.

The cabinet ministers were hurriedly called to the palace where at a council of war, it was decided to close the Dardanelles.

Tewfik Pasha, the Turkish ambassador at London, who July 17, was appointed grand vizier, has undertaken to form a new cabinet.

What Makes a Woman? One hundred and twenty pounds, more or less, of bone and muscle don't make a woman.

Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling.

"Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 50c. Guaranteed by all druggists.

TO VISIT DAUGHTER.

Mrs. O. Knudson will leave tomorrow for Canada where she will visit with her daughters at Moose Jaw and Regina for a couple of months.

She was accompanied by her two grandchildren who have been with her the past month.

Watch Out for House-breakers From Now On

CHIEF OF POLICE WARNS HOUSE-HOLDERS THAT DOORS MUST BE CAREFULLY LOCKED.

From now on for at least two months Valley City will be infested with a horde of tin horn gamblers, hobos, and sneak thieves, who always flock to the country where the big crops are harvested.

For the past two years North Dakota has been spared this affliction, but now, with a bumper crop in sight, there is sure to be a rush of the unemployed here.

Chief of Police Swanson has issued a warning to the public to keep their houses locked, and to watch suspicious characters. No wash out on the line is sacred from vandal hands, these days, says the chief, and the woman who hands out an apple pie or a sandwich through the back window to hungry visitors, is only encouraging a visit after nightfall.

All applicants for charity should be referred to the chief of police, who will investigate the merits of their cases, and if found unworthy will give them physical assistance to hit the ties.

Look For Great Yields of Grain

CONDITIONS GOOD IN NORTHERN PART OF NORTH DAKOTA.

Anamoose, N. D., July 19.—Crops in this vicinity are the best in the history of this territory, and it is expected that wheat will yield an average of twenty bushels per acre. There is now sufficient moisture in the ground to insure a crop. Corn is the only crop that looks poor, due to the cold weather in May.

Dr. Sadler Speaks Highly of Valley City

PLEASED AT THE INTEREST OF CITIZENS TAKEN AT CHAUTAUQUA.

Dr. Sadler when interviewed at the close of the lecture yesterday by a representative of the Times-Record said: "I want to say in bidding farewell to the people of Valley City that I have never been in a place where I have had a more cordial treatment and more interest shown than during my stay with you."

Northwest Nursery Company to Expand

P. A. PICKETT WILL MOVE HERE AND TAKE ACTIVE PART IN THE COMPANY.

Mr. P. A. Pickett, cashier of the Bank of Leal, has joined with Mr. Hilborn in the active management of the Northwest Nursery Co.

This enterprising concern has been growing by leaps and bounds. It started four years ago with a mere garden patch. Today they have over 100 acres devoted to the interests of tree growing.

Mr. Pickett brings to the company a valuable business experience. Seven years ago he organized the Bank of Leal which is now one of the most solid and best organized financial institutions in the county.

Mr. Pickett's family will move to Valley City in the near future. Under the combined energies of Messrs. Pickett and Hilborn the Northwest Nursery Co. should soon become one of the most flourishing enterprises of the city and state.

MURDER TRIAL.

Bruno Zytko Faces Charges at Fessenden Term.

Fessenden, N. D., July 24.—Bruno Zytko, charged with the murder of John Kutman, will be placed on trial Thursday in the district court. Kutman was murdered early last winter, his body being found when the snow melted, and Zytko was arrested in Illinois, being one of the last men seen with the murdered man in this vicinity.

Kutman, in company with Zytko and Kempf, left Sykeston together. No more was heard of them till Kutman's body, robbed of cash and jewelry was found. Kempf, arrested with Zytko, was released at the preliminary examination.

Boy Attempts to Shoot Fireman on N. P. Train

GRABS GUN AND FIRED AT TRAIN-MAN WHEN ORDERED FROM BLIND BAGGAGE.

Harry Davis, a fifteen year old boy, attempted to play the part of Jesse James this morning while coming into town on Northern Pacific train No. 6 from the west.

The fireman of the train saw the young fellow riding on the blind baggage as they approached the city, and crawling over the coal as the train slowed down, ordered him to leave. The boy, who had not yet graduated into long trousers, resented the fireman's interest in his departure, and drew a big Colt's revolver from his pocket, firing it at the railroad man.

The brakeman retreated, but called in the valiant chief of police when Valley City was reached, who took the lad in charge.

In justice court the boy was charged with carrying concealed weapons, but upon his promise to get out of town in a hurry, the gun was taken from him and he was given a chance to "beat it."

Jamestown Wins by Timely Hitting

LOCALS TAKE BALLOON ROUTE SIXTH AND SEVENTH--GAME TONIGHT.

(From Monday's Daily.) Jamestown defeated Valley City last night in a score of 5 to 2 in a game which was featured by mud scow work on both sides.

Pluvius reigned during the first inning, when for a few moments, it looked as though the game would be called off but the sun came out and the game went on, merry as a marriage bell.

Leahy and Gilchrist did the honors on the mound and both pitched good ball. The game was air tight until the first of the sixth when the visitors found Leahy for three hits. The dose was repeated in the seventh inning, two runs being scored in each session.

The teams will meet again tonight with Fouch probably pitching for the locals and Hansen for the visitors.
