

# MIKADO OF JAPAN DIES AT NOON TODAY---MOURNING IN JAPAN

Tokio, July 29.—(Special)—Mutsuhito, Emperor of Japan died today at 12:43 a. m. Acute Nephritis is given as the cause of his death. The Mikado had been ill for some time but not until about a week ago did his condition become alarming.

Tokio, Japan, July 29.—The condition of the Emperor of Japan is such as to cause abandonment of all hopes of his recovery. From dawn he has been unconscious. An examination by the court physicians at 6 a. m. disclosed a high temperature weak and rapid pulse and shallow respiration which was greatly accelerated from the previous night. The critical condition of the emperor was announced in a bulletin last evening and all the imperial princes were summoned to the palace.

The physicians employed artificial measures to prolong life but the injection of stimulants seemed to be of little avail. The temperature increased from 100 to 103.3 which with the increased heart action and shallow breathing, indicated that the emperor could not long withstand the call upon his strength.

# ANNOUNCEMENT!

I wish to notify the smokers of Valley City that I have opened a Cigar Factory and I use this means to call their attention to the different brands. In the first place there is no reason why Valley City should not have one of the best factories in the state. There are a large number of cigars used here, and by having them made by a factory located in this city it means that it will leave the money paid out for labor to be spent for necessities of life right at home. I can make just as good an article in Valley City as can be made anywhere, and it is my intention to make cigars as good as the best now sold here. All I ask is a fair trial of the different brands, if you find any to suit give them the preference to outside goods. If they should not be satisfactory, perhaps later on I will hit your taste. I don't ask patronage on the fact that the cigars are made here, I am not looking for charity. I want you to buy my cigars because you think they are o. k. and that you are getting your money's worth. If I succeed in pleasing the majority, that is all that can be expected of me. If for some reason I should not at first, I will keep on trying until I do. Another fact not to be lost sight of is, the business that can be worked up in neighboring towns, thereby employing labor here to supply them. Below I list the brands that I have at present. I shall add another ten cent brand to the list as soon as I can get them out. It will be a domestic cigar.

## IMPERIAL:

This is a clear Havana Filler, with broadleaf wrapper, one of the best roc straight combinations of good tobacco known to experts in that line. All quality.

## EL-KO:

Is a small hand-made, with the very best grades of tobacco that can be used in a nickel cigar. Anyone who likes a small, high grade cigar for 5 cents, should try one of these.

## LADY HAMPTON:

Is as good as a 5 center as is sold in the Northwest today. Medium size, and a good free smoker. You make no mistake when you buy one of this brand.

## K. P.:

This is a great big smoke and worth a nickel of any man's money. Try one of the four brands and if you like any of them, be sure and call for and insist on getting what you want and at the same time boost for Valley City.

With this I will close, leaving the verdict in your hands.

Sincerely,

**W. H. SCHIEN, Proprietor**
