

A WOMAN'S GOOD LOOKS

Depend on her general health and freedom from pain. Many a woman looks old before her time because of those irregularities which are essentially feminine. Starting from early womanhood, the sufferer from frequently recurring derangements that upset her womanly health. If she be beautiful she grows into that mellow age without wrinkles and crowfeet about the eyes or the blue circles underneath. It is invariably the rule that such women suffer little, or not at all, from womanly derangements which sap the health and leave in the face the tell-tale story of pain and suffering. Dr. R. V. Pierce, the famous specialist in the diseases of women, found a prescription in his early practice that soothed the organism peculiar to womanhood—oiled the machinery, as it were, of the human system—and helped the woman to pass those painful periods that soiled and aged her face. This remedy became the well-known Dr. Pierce's Favorite Prescription, that has benefited thousands of women and saved them from misery and suffering at different periods in life.

Mrs. HARKELY E. PIERCE, of 244 Bright Street, Sarnia, Ont., writes: "I am now a well woman after suffering for three years and doctoring with several different doctors, each one saying it was something different, and the last one, after putting me through a thorough examination, said I was suffering from a growth, which, in time, would result in cancer, and said I would not live more than two years if not operated upon right away. I became hopelessly discouraged but would not consent to the operation as I was too weak and too much afraid, but at last, through the advice of a friend, I tried Dr. Pierce's medicine, and after using two bottles of the 'Favorite Prescription' I immediately felt a change. I also used two boxes of 'Healing Suppositories' and eight boxes of 'Lotion Tablets,' and can safely praise the name of Dr. Pierce's medicines to all who suffer from any female disease, for these medicines are all they are claimed to be, and I hope will help others as they have helped me."

NOTICE OF FIRST MEETING OF CREDITORS.

In the District Court of the United States, for the District of North Dakota.

In the matter of John H. Vanwinkle, bankrupt, in bankruptcy.

To the creditors of John H. Vanwinkle, of Wimbledon, County of Barnes, and District aforesaid, a bankrupt;

Farm and Garden

TO BECOME A WISE FARMER.

In farming do not theorize, do not philosophize too much. Live the life of a farmer, keep in sympathetic touch with the plant and animal life about you, and the philosophy will take care of itself. It is astonishing how wise a farmer can become who is willing to be taught by what he sees and experiences. But this one thing he must remember—that the deductions of science have been obtained the same way, and so it is well to make friends of these deductions.—Hoard's Dairyman.

How to Test Your Soil.

Secure a small sample of soil free from roots and grass and put it in a glass. Insert two strips of blue litmus paper in the soil so that they are half covered. Then add pure water very carefully until the soil is thoroughly saturated. After the test has stood for several minutes the paper is removed and rinsed thoroughly. If that portion of it which was in contact with the soil has become red, then the soil is acid and would be benefited by liming. The litmus paper may be bought at almost any drug store.—Iowa Circular.

Dip Your Posts Before Setting.

A circular of the Missouri experiment station says: Thoroughly seasoned posts will last much longer than those that are set green. Good results have been obtained by charring the ends of the posts over an open fire. The posts must be thoroughly seasoned to prevent splitting or checking, and the charring must extend at least six inches above the surface of the ground when the post is set. Dipping the post in some preservative substance like tar, petroleum or creosote will help to keep out the moisture and will also tend to prevent the entrance of fungi.

GOOD AND BAD MILKING.

Things to Observe and Others to Avoid in Handling Cows.

Very early I began to milk. One season when only about twelve I and my brother, two years younger, earned \$20 one season milking cows for a neighbor at a penny a cow. But I do not claim to know all about milking even now. A few things I have learned, however. Perhaps they may be helpful to some one else, says the writer of a letter to the Iowa Homestead.

One is it is a good plan not to let one's finger nails grow too long. Most cows are very sensitive on this subject. Often when you see a cow step around uncleanly the only reason is that the nails of the milker are cutting into her teats.

Right in the same line with this is the habit some men have of setting their finger ends against the side of the teat when pressing the milk out. This hurts some cows too. Let the

Photograph by Hampton Normal and Agricultural Institute. "MILKING TIME."

fingers be as flat against the side of the teat as possible. It is just as easy to milk that way as any and far more agreeable to the cow.

Some men have a way of jerking down on the teats of the cow they are milking every time they bring out a stream. This is not at all necessary. In fact, the best milker will be the one who holds his hands the most nearly in the same position relative to the teat and presses steadily and rhythmically on the teat. Nothing is gained by jerking. Rather, the cow is made uncomfortable, and perhaps her bag may be permanently deformed.

One of the filthiest habits of a man ever contracted is that of wetting the teats of the cow he is milking with milk before he begins. This, he fancied, makes the process of milking easier. I have seen the hands of milkers which fairly reeked with the discolored milk as it oozed between their fingers. The man who does this is not a fit hand for work. More or less of the foul liquid will get into the pail and help to make the milk insanitary. Some cows do milk hard, but almost always there will be some man who is strong enough in the hands to milk them without resorting to any such uncleanly habit as this. Finally, three words ought always to be in the mind of every milker—carefulness, cleanliness and kindness.

Wimbledon Woman Fatally Burned

CAUSE OF ACCIDENT STILL A MYSTERY AS VICTIM IS STILL UNCONSCIOUS

Wimbledon, N. D., Dec. 3.—(Special to the Times-Record) Mrs. Owens, who lives on Main street was probably fatally burned in an accident that happened in her home Monday afternoon. It is not known how it happened as the victim has been unable to speak since the accident occurred. Her entire body is burned to a crisp and there does not seem to be the slightest hope of her regaining consciousness. Two children, William and Clifford McBain, age three and five, who were in the house at the time are burned more or less. William is burned about the hands but not seriously. Clifford is burned on the limbs rather badly but will completely recover if no complications set in. The cause of the accident will probably never be known.

NOTICE OF HEARING PETITION FOR THE CONVEYANCE OF REAL ESTATE UNDER CONTRACT.

State of North Dakota, County of Barnes.

In County Court, Before Hon. O. H. deS. Irgens, Judge.

In the Matter of the Estate of Andrew W. Olson, Deceased.

Andrew Olson, Petitioner

vs.

Oscar A. Olson, administrator of the estate of Andrew W. Olson, deceased, and individually Martina Ols n, Emma Olson, Mary Solum, Edward A. Olson, Otto A. Olson, and all other persons interested, Respondents.

Notice of Hearing Petition for Conveyance of Real Estate Under Contract.

The State of North Dakota to the above named Respondents and all persons interested in the Estate of Andrew W. Olson, Deceased:

You, and each of you, are hereby notified, that Monday, the 30th day of December, A. D. 1912, at the hour of 10 o'clock in the forenoon of said day, at the Court Room of said County Court, at the Court House in the City of Valley City, County of Barnes and State of North Dakota, have been appointed at the time and place of hearing the petition of Andrew Olson who claims therein that by certain written contract, entered into with said deceased during his lifetime, a copy of which contract is attached to and made a part of said petition, he is entitled to a conveyance by the administrator of said estate of the following described premises, to-wit: South-east Quarter (se ¼) of Section Twenty-six (26), and the North half (n ½) of Section Thirty-five (35), in Township One Hundred Forty-three (143), North of Range Fifty-seven (57) West, containing four hundred eighty acres more or less, and praying a decree of said Court for such conveyance, and

You, and each of you, are hereby cited to be and appear before this Court at said time and place, and answer said petition, and show cause, if any there be, why the prayer of said petition should not be granted.

By the Court
O. H. deS. IRGENS,
Judge of the County Court.

(SEAL)
Dated the 15th day of November A. D. 1912

Let the service of the above Citation be made by publication and personal service on resident respondents.

O. H. deS. IRGENS,
(SEAL) (11-21-3tw) Judge.

Hudson Bound Over To District Court

MAN CHARGED WITH VALLEY CITY HOLD UP WILL BE TRIED HERE

Chief of Police Swanson of Valley City and Detective Stevenson of the Soo Line are at Bismarck today where they went to consult Jakes, the Carlington murderer, who is supposed to be a pal of John "Red" Hudson, who was held to the District court charged with having been implicated in the attempted robbery of the Soo Line depot North Valley City November 2nd. Hudson and Jakes were said to be members of an organized gang who have been operating along the Soo Line this summer and fall.

It is alleged that among other robberies, they were connected with the Leal pool room hold up a few weeks ago and that Hudson was with the gang which held up the depot at Carlington, when one of the men was shot and killed. Jakes was captured and made a full confession. He was sentenced to twenty-five years in the penitentiary by Judge Coffey and it is claimed he implicated Hudson in his confession.

At the hearing yesterday afternoon, Hudson was represented by Knauf & Knauf of Jamestown, A. L. Knauf appearing. A. P. Paulson appeared for the state, J. D. Beck, agent for the Soo, a man who was held up, was the only witness to appear. Hudson refused to go on the stand in his own defense.

BURIAL OF WM. BEYER

The funeral of William Beyer, who died Monday, was held at Oriska Thursday at 1 o'clock p. m. It was one of the largest attended funerals ever conducted in the place. The body was laid to rest in the Oriska cemetery. The funeral was conducted at the Lutheran Zion church by Rev. J. F. L. Bohmoff. The deceased was born in 1873 and came west with his parents in 1881 and settled at Oriska, where he has since made his home. He was married February 13, 1896 to Miss Bertha Heinzerling, who with three children and his mother survive him.

The people of Valley City who are interested in seeing a really newsy and interesting paper published here will be conferring a great favor on the editorial department of the Times-Record by telephoning in any happenings that might be of interest. If you or your friends are out of town on any sort of mission let us know, or if you have company, do likewise. This is one way of boosting for a bigger and better paper that will be greatly appreciated by the whole family of readers, editors, reporters, and all concerned in building and boosting for a bigger paper. Telephone 4.

Buchanan Building Burns at Carrington

EARLY EVENING FIRE DOES HEAVY DAMAGE SUNDAY

Fire Sunday evening at Carrington totally destroyed the Buchanan building, the largest in the city. The blaze started about 8 o'clock and evidently in or near the stage in the opera house and within an hour in spite of all that the fire company and the citizens could do the building was destroyed. The building and a stock of merchandise was insured for about \$50,000 and the loss was about \$40,000. The Slivertson and Lee stock of jewelry in the same building was partly saved. The Smith restaurant was a total loss with \$2,000 insurance. The basement was occupied by a pool hall and barber shop which was a total loss with no insurance. There was a tailor shop also in the upper story of the building which was a total loss. The Commercial State bank building which stands next to the burned building was badly damaged but is still standing.

Hon. Frank Dickinson and wife are in New York contesting a damage suit in which they are suing a steamship company for damages sustained when disembarking from one of the company's ships. They were caught by the gangplank, which was prematurely raised.

Sam Zuckerman, manager of the Valley City Dye Works, was married to Miss Edith Litowsky at Union Hall in Fargo Sunday evening at 7 p. m. Rabbi Levens of the Fargo Jewish church officiating. The young people will return this evening and will occupy a cottage on 2nd avenue.

Hugh McDonald and Frank White went out Saturday on a collecting tour and gathered in \$150 to pay the balance on the assessment for the Silver Service on the Battle Ship North Dakota. The amount that still remained unpaid was \$147, but everyone was so liberal in contributing that \$3 extra were gathered before the men who were doing the work realized it.

Thirty-six weeks' tuition free to one from each county; enter any time; board and room \$2.60 per week; catalog free; Humboldt College, Humboldt, Iowa. (11-30-5w)
