Win From Tower City Memorial Day

In a weird exhibition of baseball the Tower City baseball team again met defeat at the hands of the Oriskans on Decoration day. The visitors went to pieces in the first inning and Oriska scored eight runs, clinching the game. The home boys were not content with clinching the game, however, and when darkness brought an end to the slaughter had piled up seventeen runs, while the visitors had secured three.

Block pitched for Oriska, and twirled his usual steady, consistent game, not being once in a dangerous position.

Local Team Trims Chaffee Sunday

Sunday afternoon the Oriska ball team again won, this time from Chaffee. The score was five to two. COMING SOON.
Burk's Big Uncle Tom's Cabin Co. Under a Mammoth Canvas.

One of the many events of the season will be the coming of Burk's Big "Uncle Tom's Cabin Co.", which will exhibit at Valley City, June 11. A modern feature of this organization is a monster Street Parade like a Circus, consisting of more men, women, children, horses, ponies, donkeys and dogs, chariots tableaux wagons, floats, bands of music, etc., than any other similar exhibition on the road. This magnificent free street parade will be seen daily on the principal streets and thoroughfares of our city during the day of their exhibition here and it is worth coming many miles to see.

There is a report going the rounds that a wife-deserter from Chicago married a Kathryn girl. This report is false and does the girl a grave injustice and should be corrected. The man in question married a woman who he had deserted in Chicago, and the Barnes county girls all escaped.

Agricultural Products Go On the Free List

Washington, June 4.—Chairman Simmons of the senate finance committee, after a conference with the president, said he believed when the tariff bill was ready for consideration by the democratic caucus next week cattle, wheat, meats and flour would probably be on the free list.

It has been reported that the sub-committee of the agricultural schedule had determined to put a nominal duty on meats and flour in order to equalize them with the free listing of cattle and wheat, but Simmons declared he expected both the raw material and the finished product would be free listed. He declined to say whether the change had been made at the instance of the president or the senators. He said the bill would be considered by the senate caucus all next week and would be reported out of committee the following week.

Immediately after the conference with the president, Simmons hurried to the capitol where the sub-committee considering the agricultural schedule was waiting.

He said he was going to put cattle and wheat on the free list. The committee then went into session behind closed doors.

Dairymen Going To Bismarck June 12-13

The building up of the dairy industry is of particular interest to North Dakota just at this time, when so many people are changing from grain to livestock farming. It means a great deal to the state as a whole, and it is a very opportune time to have these progressive dairymen meet to discuss methods of promoting this important work. The Northwestern Association of Dairy Officials will meet at Bismarck, June 12th and 13th and a very enthusiastic convention is anticipated. It is hoped that men will come from all over the state to hear the splendid addresses because an opportunity of hearing so many prominent men comes but rarely in a new state like ours. Many of the speakers are coming several thousand miles, and will tell how they have met and solved the cow and the creamery problem at home and how we can do it here.

The program is as follows:

Accidentally Shot and Killed Sister

Coal Harbor, N. D., June 4.—What is probably the most shocking tragedy ever known in the history of this community occurred on Saturday afternoon when Arve Nelson, the 18-year-old son of Nels Nelson, living two miles from this place accidentally shot and killed his 16-year-old sister.

The scene at the Nelson home is a pathetic one, the mother and the brother being almost prostrated with grief, which the father bears nobly, though heartbroken.

Details are meagre, but the following is the story as received last evening over the telephone from a party just from the scene of the tragedy: It seems that the boy took the shot gun and with his sister started out in pursuit of a rabbit.

When in a field near by Arve threw two shells into the gun and in closing it both barrels were discharged. The full charge striking his sister in the back. She dropped, death being instantaneous. Stunned for a moment at the surprising explosion, Arve realized soon that an awful tragedy had occurred at his hands.

Rushing to his sister he tried to raise her in hopes that the worst had not happened. The pale face told him at a glance that the worst had happened. Frantic with grief and staggering with shocked sensibilities Arve made his way to the house.

The alarm was given and friends hurried to the scene to do what they could. The father rushed to Coal Harbor, where he summoned Dr. Cain of Underwood, seven miles distant. Dr. Cain made haste in an automobile, but his services were of no avail, for the girl had died instantly. The shot had entered the left side of the back.

Coroner Schulstad of Dogden when notified, left immediately for the scene as did also States Attorney Maennel and Sheriff Simons of Washburn. An inquest was held and the case pronounced as accidental.
