

WOMAN BLIND FOR FIFTY YEARS

SLAVED OVER WASHTUBS IN DARKNESS THAT SHE MIGHT EDUCATE CHILDREN.

WAS A MARVEL OF SURGERY

LOST SIGHT AT SIXTEEN YEARS OF AGE—SERIES OF OPERATIONS CURES.

Hillsdale, Mich., July 21.—Blind for fifty years, Mrs. Mary J. Welsh stepped from a train here tonight and, under the big arc light of the station, saw for the first time in her life her eight children. A surgeon from Chicago, who performed the operation that restored her sight, helped the little gray-haired woman from the train steps. She stood hesitating a moment and blinking in the strong light while four broad-shouldered men and four grown daughters rushed up to meet her.

The tallest of the four sons gathered the little woman up in his arms. "I'm Tom, mother," he whispered, and kissed her, "and here's Will and Kate and all the rest of the 'kids.' Don't you think we're a handsome family?"

And then Mrs. Welsh did what any other woman would have done under the circumstances. She cried on the shoulders of the first one of her grown children and then the other. They lifted her carefully into a carriage and tonight the Welsh home saw a real family reunion.

Chicago surgeons who assisted in the operation that gave back the little woman's sight declared it a marvel of surgery.

Mrs. Walsh was a girl of 16 her eyes to all appearances were as good as those of the average school girl. A few months after her marriage the pupils gradually became clouded and in a year she had lost the sight of both eyes.

To make her burden doubly hard to bear, her husband became ill and lay on a sickbed for many months. Mrs. Welsh was forced to take in washing to support the family. She struggled on until the children were able to earn some money for themselves.

Nearly fifty ears passed and then one of the sons learned of marvels being performed in modern surgery in a Chicago hospital. He took the little woman to Chicago and left her there for treatment. The surgeons found she was suffering from a double cataract. They performed a series of operations that gradually restored her sight.

At her own request hospital attendants kept the word of the success of the operation from her children until she was aboard a train for Hillsdale.

The contests held at Camp Hanna have been conducted by Lieutenant L. R. Baird, of Dickinson, assisted by Gen. Trueman, Grafton, Capt. B. C. Boyd, Hillsboro, Lieut. R. M. Still, Fargo and Lieut. T. S. Henry, Valley City. Just who will be the team officers for the Camp Perry has not yet been decided but this will be determined before camp closes.

The science of shooting is becoming a great study in army circles and the proficiency of the U. S. soldier is becoming the envy of the world. Hence interest in this part of the militia is becoming greater every year.

Jelly Roll Recipe

Only Two Eggs Required

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

This Jelly Roll is fast becoming very popular on account of the way it keeps fresh. With proper handling it should keep fresh a whole week, providing it isn't eaten up in the meantime, for it is every bit as good as it looks.

One cup sifted flour; scant half teaspoonful salt; 2 level teaspoonfuls K C Baking Powder; grated rind of 1 lemon; 2 eggs beaten lightly; 1 cup sugar; 1/2 cup hot milk; glass of jelly; powdered sugar.

Beat the sugar into the eggs; add the lemon rind, then the flour, sifted three times with the salt and baking powder; and, lastly, the milk. Bake in a buttered dripping pan; turn out on a damp cloth, trim off the crisp edges; spread with jelly and turn over and over into a roll while still warm. Dredge the top with powdered sugar.

Hot milk used in the jelly roll enables it to be rolled without danger of cracking. Have the milk scalding hot, also be careful to have the eggs and sugar beaten together until very light and creamy. Bake in a moderate oven.

K C Jelly Roll is illustrated on page thirty-two of the new and handsomely illustrated 64-page K C Cook's Book, which may be secured free by sending the certificate packed in every 25-cent can of K C Baking Powder to the Jagers Mfg. Co., Chicago, Ill.

GIRL FINED \$25 FOR WEARING SLIT SKIRT ON RICHMOND STREETS

Richmond, Va., July 17.—Blossom Browning paid a \$25 fine in Judge Crutchfield's court here today for wearing a slit skirt and declared she intended to go to New York at once, "where people are not prudish." She was charged with indecent exposure. The skirt, split knee high, was introduced by the police as evidence, but was restored to Miss Browning on her promise to sew up the slit or not appear again the streets of Richmond without a petticoat.

Miss Browning's lawyer argued that the sale of the skirt by a licensed department store permitted her to wear it. Judge Crutchfield replied that a city license for the sale of firearms did not authorize murder.

The justice after an inspection of the offending skirt blushing fined the defendant, who paid with the report that "Richmond was a most liberal city."

LAW ENFORCEMENT.

States Attorney M. J. Englert is not exactly a crank in many respects; but he is determined that the prohibition law in Barnes County, at least, shall be respected and obeyed, at least so far as he can enforce it.

Mr. Englert said yesterday that since the passage of the Webb-Kenyon bill, boot legging in its worst sense has been reduced to a marked degree, but that another evil is making itself felt. This is the practice of transients in going to local express offices and calling for liquor shipments which have come in some one else's name.

In many cases the agent does not know the consignee personally, and in such an event it is easy for the transient to secure his supplies and leave the city before the mistake is discovered. Mr. Englert expects to investigate this feature of the shipping business, and demand more rigid identification than has been necessary in the past.

Sensational Arrest of Dakota Attorney

DEVILS LAKE ATTORNEY NABBED IN EVERETT, WASH.—H. M. LEWIS AND SOCIETY WOMAN INVOLVED.

Seattle, Wash., July 19.—Attorney H. M. Lewis of Devils Lake, N. D., was arrested yesterday in the Hotel Mitchell at Everett, in the company of Mrs. George King, wife of a wealthy resident and prominent business man of the same town, where Lewis practices law.

The arrest was made by Sheriff McRae of the department of vagrancy on a charge sworn out by Atty. E. A. Lohrke, who accompanied the outraged husband from Havre, Mont. Lewis and Mrs. King were registered at the hotel this morning as brother and sister. When the arrest was made the two young people were found in one room.

It is charged they left several days ago and King and his attorney started out on the trail, arriving in Everett only a few hours after their quarry. Before being locked up in separate cells in Snohomish county jail, Lewis unabashed by the husband's presence approached Mrs. King and planted an affectionate kiss upon her lips.

King and his counsel hint that the case may be turned over to the federal authorities for prosecution under the Mann act. The King and Lewis families stand high in social circles of Devils Lake.

Physicians Take Advanced Ground

THE HOMEOPATHISTS INDORSE TEACHING OF SEX HYGIENE IN SCHOOLS.

Fargo, N. D., July 19.—Physical examination of applicants for marriage licenses, to prevent criminal idiots and the physically unfit from becoming parents of children, is strongly indorsed by the homeopathic physicians. The new law, now operative in this state, is regarded by them as a most advanced step for the betterment of the human race.

The state association also went on record as strongly favoring instruction on sex hygiene in the schools. Prudish ideas and false modesty were roundly condemned and the people urged to a realization of the importance of the subject.

Better sanitary methods, more attention to the prevention of disease and kindred subjects were also indorsed by the association.

J. E. Joy, who claims to hall from Ryder and Plaza, issued a bogus check on the Hotel McKenzie at Bismarck for \$18 and departed for parts unknown. The matter was put into the hands of Sheriff Barnes, who sent out several telegrams, and Joy was arrested at Dickinson. Sheriff Barnes sent Deputy Sheriff McDonald after the offender, and he left on No. 5 Joy will be heard before Judge Pierce.

U. S. Senate Endorses Nicaraguan Policy

NOT HELD LIABLE FOR DEBTS OF SOUTH AMERICAN REPUBLIC.

INVESTMENTS INTEREST EUROPE

SECRETARY OF STATE BRYAN WILL BE BACKED BY SAFE MAJORITY OF VOTES.

Washington, July 22.—The state department officials are expecting inquiries from the European powers respecting the details of Secretary Bryan's proposal for a virtual protectorate over Nicaragua. Most of the diplomatic representatives of the powers are absent from Washington, consequently no views are available.

The keenest interest, with some hints of opposition, have been aroused in the Latin-American circles to the suggestion that the plan be extended to cover all the territory near the Panama canal zone.

Salvador recently made objection to the Nicaraguan treaty in its original form, and Costa Rica more recently objected to certain provisions relating to the proposed canal route.

Europe's interests are chiefly the investments of her citizens in the enterprises and securities of Latin America.

The strong support is among the developments in the senate for President Wilson's policy of protection and supervision over Nicaragua. An informal poll of the committee on foreign relations indicated the treaty proposed by Secretary Bryan would be endorsed with a safe margin of votes and will come into the senate backed by the influential members of both political parties.

It became known that the proposal doesn't bind the United States for any obligations or outstanding debts of Nicaragua.
