Professor Ladd's Report Now Issued

PROFESSOR LADD'S REPORT TO GOVERNOR BURKE IN NOVEMBER 1912, NOW ISSUED FROM THE PRESS—CONTAINS MUCH DATA.

The twenty-third annual report of the North Dakota Government Agricultural Experiment station of the North Dakota Agricultural college to the governor of North Dakota, who at the time when this report was placed in the hands of the printer was John Burke, has just been issued from the press and will be reviewed by Governor Hanna instead.

This work is in reality the report of the pure food commissioner and deals with all the results of the experiments made in his laboratories. The report comes in several volumes. Part II treats of foods, drugs and sanitation, taking up improvements under the pure food law, improvements in sanitary conditions, cold storage, sugar vinegar, lard and lard substitutes, adulterated linseed oil, shellac on candy, unfit catsup, express and other transportation companies, exposed foods, dishonest methods, various prepaid foods, various advertising doctors, and many smaller subjects.

Part III of Dr. Ladd's report deals with waters, wheat, paints, oils and farm products which takes up such subjects as water analyses, feeds and feeding stuffs, fertilizers, oils, lignite coal, lumber, wheat investigations, and other subjects. Although more than a year late from the press, this report of Dr. Ladd's is of great interest and should be read by all who are interested in food conditions in this state.

All Growing Children
are dependent on nourishment for growth. Their health as men and women is largely established in childhood.

If your child is languid, bloodless, tired when rising, without ambition or rosy cheeks, Scott's Emulsion is a wonderful help. It possesses nature's grandest body-building fats so delicately predigested that the blood absorbs its strength and carries it to every organ and tissue and fibre.

First it increases their appetite, then it adds flesh—strengthens the bones—makes them sturdy, active and healthy.

No alcohol or narcotic in Scott's Emulsion, just purity and strength.

The New Spring Styles Startling Colors To Be Worn

Those who are wishing for something different in wearing apparel, something odd and out of the ordinary will have their tastes gratified this season. The styles are more extreme than ever and a variety of the strangest colors will be worn. The highest shades will be the most stylish and effective. Some of the shades which will be most popular are American Beauty, Mustard, Tango, Old Rose, Mals, Wistria, Mahogany and all shades of green. The peg tops will be worn some but not as much nor as universal as liked as the tier effect skirts. The dresses and skirts of the tier effect will be very popular this season. The suits will be cut very short and are extreme in design. Coats, like the suits are very short and of all shades regardless of the color of your dress. All shades will be worn together. Plats, crepes and a peculiar fabric of a basket weave design will be the prevailing materials.

Follow Trail In Snow; Find Woman's Body

Hebron, Ill., Jan. 30.—The body of Mrs. Allison J. Cole, wife of a banker at Hebron, Ill., was found by a searching party yesterday in a cistern in the rear of the home of Jonathan Fink in Hebron. A coroner's jury returned a verdict of suicide.

Mrs. Cole, who was 42 years old, is said to have been suffering from nervousness. Mr. Cole aroused neighbors at 3 o'clock in the morning, when he discovered his wife had left the house, clad only in a night robe and shoes.

A searching party traced her steps in the snow to a cistern in the rear of the home of Mrs. C. F. Woodberry, across the street from the Cole residence. There was evidence that an effort had been made to raise the lid of the cistern, which appears to have been too heavy. Two hours later the searchers found a small electric flashlight lying in the snow beside the cistern in the rear of the Fink home. Cole identified it as one that had been in his wife's room. A search in the cistern revealed the body.

England, United States and Mexico

London, Jan. 30.—The relations of the United States with Great Britain in regard to the Panama canal tolls, the controversy between Washington and Tokio over the California land ownership legislation and President Wilson's policy toward Mexico were subjects of lengthy cable dispatches from British newspaper correspondents in Washington, but there is a singular lack of editorial comment on these questions.

The Pall Mall Gazette is the only newspaper to mention Mexico editorially. It says: "President Wilson leaves himself open to a charge of having chucked up 'no Huerta' and then run away. It is a position that becomes worse for the prestige of the Washington government every day on which nothing happens."

"Financiers here, interested in Mexico, are becoming impatient at the lack of action shown by President Wilson. A meeting of the Mexican section of the chamber of commerce is to be called shortly to discuss replies to a circular recently sent out to the members asking them for their views as to whether it would be advisable for Great Britain to join with France and Germany in asking President Wilson to take action at once."

Corn Show at Fargo, Barnes County Boys Win Four Prizes

At the recent corn show at Fargo, Barnes county school boys won four prizes. This is the third year that Barnes County has won first and second prizes on Northwestern Dent corn. The prize winners were from the south east section. The other prizes were on Minnesota "23". The prize winners are as follows: Melvin Larson, Kathryn—First on Northwestern Dent. Charles White, Getchell Township—Second on Northwestern Dent. Edwin Johnson, Bimler Township—First on Minnesota "23". Clarence Johnson, Brimer Township, Second on Minnesota "23". This ought to be an incentive for all the boys and girls too, of Barnes county to become expert farmers and raise the best kind of corn and other farm products.

Heavy snow in some sections of the state made it rather disagreeable when the wind began to blow.

NEW LAND COMPANY.

A new land and realty company has been organized for Nome. The object is to list land and bring in buyers who are successful farmers. The two banks will be represented in the company, the First State bank by M. T. Rye and the Farmers' State bank by L. Hogstad. Associated with them will be Ole H. Miller and C. E. Greenwood. The name of the company will be the Nome Land & Realty Co., and its principal place of business Nome, North Dakota. The organization was perfected with L. Hogstad, president; C. E. Greenwood, vice president; Ole H. Miller, treasurer; M. T. Rye, secretary and manager.—Nome Tribune.

In a recent interview with Miss Minnie J. Nielson, county superintendent of Schools of Barnes County, she stated that she positively will not be a candidate for the office of state superintendent of public instruction. She greatly appreciates the kindness of her friends in mentioning her name for that office, but at present she has no ambition beyond that of being county superintendent of schools of Barnes County.

School Girl Was Frozen On Prairie

CHILDREN ARE SEPARATED FROM HORSE AND CUTTER.

Winnipeg, (Man.), Feb. 2.—Two children, Muriel, aged 15, and Fred McKelvey, aged 11, were upset and separated from their pony and cutter on their way home from attending school at Holmfield yesterday. Many people turned out to seek the children and kept up the search all night. This morning the boy called at one of the neighbors. His feet and face were frozen, having stayed in a strawstack all night. His sister was found by his father, John S. McKelvey a couple of hours later, frozen to death.

Schools Will Debate Friday Evening

JAMESTOWN VERSUS VALLEY CITY IN DUAL DEBATE AT HIGH SCHOOL AUDITORIUM

(From Monday's Daily.) On Friday of this week Jamestown and Valley City High schools will contest for honors in debate. Each school will be represented by two teams, one debate being held in Jamestown and one in Valley City on the same evening and on the same question.

Considerable enthusiasm is in evidence at the High school, and the boys have been working hard with the idea of winning both debates. From all indications it will be a close contest for it is understood that the Jamestown debaters are not asleep and are equally desirous of carrying off the bacon.

The debate will be held in the High school on Friday evening, Feb. 6, at 8 o'clock and the general public are invited to attend.

The Fargo Society of Equity affair has stirred up a large bunch of trouble for the police department.

Mexicans to Continue Waiting Plan

DEVELOPMENT OF NEXT FEW DAYS WATCHED AT WASHINGTON—PRESIDENT SAYS NO CRISIS EXISTS.

Washington, Jan. 30.—The president outlined informally the status of those problems of American diplomacy which have been brought into the foreground of public attention by his recent conference with the senate committee on foreign relations. He reiterated emphatically that no crisis was at hand, unless the Mexican situation might be construed in the nature of a perpetual crisis.

Regarding Mexico, President Wilson made known that the only settled part of his policy is to continue a course of watchful waiting. He has not yet decided to life the embargo on arms, but is considering arguments relative to it. In this connection the president pronounced as absolutely false reports that Japanese are supplying ammunitions of war to the Huerta government.

The president believes foreign governments are doing all they can to show a friendly spirit toward United States in the Mexican situation.

Respecting relations of the United States with Japan, it became known the two governments are discussing various proposals to cement friendly relations but negotiations over the California land question are closed.

United States, it was learned, views that phase of the question is concluded. The federal government, under the constitution, cannot dictate to a state what its laws shall contain, and because on court decision has defined whether a treaty would over-ride state law or vice-versa, nothing along the line of a new treaty with Japan has been formulated.

Regarding the situation in Haiti, which has been left without a government by the flight of President Oreste, at the approach of revolutionists, the policy to be adopted by the United States depends upon developments during the next few days.

The Haitian constitution provides that in the case of a vacancy of the presidency the cabinet ministers shall call a national assembly in session within 10 days and that body shall fill the vacancy. If this constitutional method is followed now the United States, probably will not object to making recognition of a new government in Haiti.

Rev. Karr to Speak Before Farmers Club

ALL THE NEWS FROM MANSFIELD TOWNSHIP—VALLEY CITY GIRL TEACHING SCHOOL.

Mr. and Mrs. Arthur Kee, and Mrs. McLees spent Sunday at the Stillings home in Green township.

Mr. and Mrs. John Jones returned home last Friday.

Mrs. Fred Bignall and cousin Miss Craft, of Spiritwood, were guests of Mrs. Ray Swartout, one day last week.

Miss Sowden, of Valley City, is teaching the Clark City school this winter.

Mr. and Mrs. John Campbell and little son, are visiting Mrs. Campbell's relatives near Langdon, N. D.

Miss Edith Curry was an over Sunday visitor at the Robt. Strang home.

Geo. Gordon and F. J. Bignall, attended the Grain Growers' convention in Fargo last week.

The Farmers' Club will hold a meeting at the Clark City school house on Friday, Feb. 6th at 1 p. m., Rev. Karr of Valley City will address the club at that time, and a large attendance is desired. Rev. Karr has the reputation of being a very entertaining speaker, and it is hoped the entire community will turn out to hear him.

Farmers south of Dodgen have made it a business to exterminate the jack-rabbits this winter. Parties of men have killed as high as sixty-five in a day and many individuals have shot over fifty. Shipments to the cities average about 25 cents apiece for the animals.

FORMER STUDENT RETURNS.

A number of former students of the Normal school have been in the city this week some on business, and others visiting. They can not forget their Alma Mater and a good many come back every year to visit their old friends and look over the Normal school which changes every year. Among those who have been in the city this week are Mrs. Clara D. Knight representing the Germania Life Insurance Co., who quite frequently makes this town on her business rounds, and who graduated in the class of 1902, Mr. E. J. Duncan of Milwaukee who is now traveling for a business concern and who has a sister teaching in the public schools of this city, and Mr. H. C. Sandberg who went to school here in 1909, and who is now attending the school of Landscape Architecture which is meeting in this city.

Held for Trial; Bigamy Charge

Williston, N. D., Jan. 30.—J. F. Mallet was bound over to the district court yesterday by Justice Wade after a preliminary hearing on the charge of bigamy. Mallet was arrested Tuesday on the complaint of Charles Simons of Warroad, the father of the woman who is alleged to be wife No. 2.

Mallet and Amy Simons were married in this city on New Year's day after a courtship of several months. Mallet filed on a claim last spring near the one on which the Simons resided. Mallet claims he is innocent of the charge and says that his first wife has secured a divorce from him and that he had legal right to marry the Simons woman.

His first wife lives in Wisconsin and it is said that she had started divorce proceedings against him but that the proceedings were allowed to drop. Mallet has taken steps to have the records of the proceedings examined and if it is found that the divorce was not obtained he intends to plead guilty and take his medicine.

CASHIER IS ADVANCED.

J. E. Fox Made Vice President of Wimbledon's National Bank.

Wimbledon, N. D., Jan. 30.—The stockholders of the Merchants' National bank held their annual meeting on Tuesday, January 13. A very good business for the past year was reported. No change was made in the board of directors, but among the officers there were a few promotions. J. E. Fox, formerly cashier, was made second vice president, and C. C. Beers, formerly assistant cashier, was promoted to the office of cashier. Following is the complete official staff.

President—Geo. O. Darkenwald. First Vice President—John Tracy. Second Vice President—J. E. Fox. Cashier—C. C. Beers. Directors—John Tracy, Geo. O. Darkenwald, Loran Nichols, J. E. Fox, B. E. Fox.

GOOD PRICES FOR YOUR WHEAT

You will make no mistake in bringing in the rest of your grain right away. Wheat prices are well up—better than the average, and you'll want considerable cash for Spring improvements.

You ought to be hauling your lumber now. Quite a lot of material is going out from Spiritwood these days, and Mr. Dresser at that point is getting lots of inquiries on lumber.

Take your grain to Gorman, Spiritwood or Eckelson, which ever is nearest you, and you'll get top prices and excellent service from our agent at either of these points.

Mr. Chapman at Eckelson and Mr. Perrin at Gorman are making up cars of grain now and will be glad to see you with several good loads.
